1. Overview

Total electricity sales volume by Kyushu Electric Power Co., Inc., in April to June 2016 came to 18,137 million kWh, down by 3.5% from the same period of the previous year.

· Lighting Demand (mainly used by households)

Lighting demand decreased by 1.0% from the same period of the previous year due to different meter-reading period.

Power Demand (mainly used by companies)

Power demand decreased by 4.8% from the same period of the previous year due to a decrease of production in some factories.

2. Sales Volume by Use

(million kWh. %)

| (in month) | | | | | |
|-------------|-----------------------|--------------------------------|--|--|--|
| | Sales volume | Change | | | |
| | (April to June, 2016) | (compare to the previous year) | | | |
| Lighting | 6,267 | -1.0 | | | |
| Power | 11,870 | -4.8 | | | |
| Total | 18,137 | -3.5 | | | |

^{*}Figures less than a million kWh are rounded down, so each item figures may not agree exactly with the figure in the total
