Kyushu Electric Power Company Inc.

## Submission of Application of Pre-Operation Inspection to Confirm Conformance to New Regulatory Requirements of Genkai Nuclear Power Station Unit No.3

We submitted an application of pre-operation inspection of Genkai Nuclear Power Station Unit No.3 to the Nuclear Regulatory Authority (NRA) based on the Reactor Regulation Act, etc.

The inspection is intended for obtaining the confirmation of the government whether safety measure equipment in power station is actually in line with the construction planning permission through the inspections of functions, performances, exteriors, materials, and dimensions, etc.

We will respond sincerely and politely to the pre-operation inspection by the NRA and making best effort to assure the safety check for the restart of our nuclear power station as well as communicate with the community.

**“Make a brighter future for generations to come”**

Kyushu Electric Power's Mission is to contribute toward  
the realization of a comfortable and environment-friendly lifestyle  
today and for generations to come.
