Changes in Application of Pre-Operation Inspection regarding Genkai Nuclear Power Station Unit No.3

Today, we carried out the procedures pertaining to changes in contents to the Nuclear Regulatory Authority (NRA) based on the Reactor Regulation Act, etc. This is a result of reviewing the inspection process regarding application of pre-operation inspection of Genkai Nuclear Power Station Unit No.3, which we submitted to NRA on August 28, 2017, considering the progress of inspection.

We will respond sincerely and politely to the pre-operation inspection by the NRA and making best effort to assure the safety check for the restart of our nuclear power station as well as communicate with the community.
