Genkai Nuclear Power Unit No. 3 begins fuel loading

We hereby announce that we will begin fuel loading for Genkai Nuclear Power Unit No.3 on February 16, 2018.

We continuously place the highest priority on safety, responding to inspections by the government sincerely and politely, and make our every effort to ensure security for the restart of our nuclear power stations.

“Make a brighter future for generations to come”

KYUDEN GROUP's Mission is to contribute toward
the realization of a comfortable and environment-friendly lifestyle
today and for generations to come.
