Kyushu Electric Power Co., Inc.

Reapplication of Changes in Application of Pre-Operation Inspection  
regarding Genkai Nuclear Power Station Unit No.4

Regarding Genkai Nuclear Power Station Unit No.4, we restarted generating electricity on June 19, and plan to undergo the Inspection No.5, which is the final pre-operation inspection to confirm comprehensive performance, on July 18 and 19.

Based on the Reactor Regulation Act, etc., we took the change procedure of the application for pre-operation inspection submitted to the Nuclear Regulatory Authority(NRA) today.

We will continue to make sincerely an all-out effort to deal with the NRA's inspections, and carry out restart process of commercial operation carefully.

**【Changes of Application of Pre-Operation Inspection of Genkai Unit No.4】**

[Schedule of the inspection]

	Before	After
