Enfinity Global Inc., together with its subsidiaries, is a US-based leading renewable energy and sustainability services company established in 2018. The company owns a portfolio of 20 GW of renewable energy production and storage projects, including operational assets, under construction, and in different stages of development. With offices across US, Europe, Japan and India, the company aims to make a significant contribution to the transition to a net zero carbon sustainable economy. Enfinity's leadership team, one of the most experienced global teams in renewables, brings over \$37 billion of financing experience in the renewable energy sector and over 15 GW of developed and acquired solar and wind assets. <http://www.enfinity.global/>
