Promotion of Environmental Management

The Kyushu Electric Power Group is unified in its efforts to promote environmental management that encompasses both business and environmental efforts to contribute to the building of a sustainable society.

Kyushu Electric Power Group Environmental Charter

We have established the Kyushu Electric Power Group Environmental Charter to clearly establish the Group's unified approach to environmental management.

The Kyushu Electric Power Group Environmental Action Plan

The Kyushu Electric Power Group Environmental Action Plan sets a course for environmental action based on five core initiatives involving efforts to solve global environmental issues, efforts to create a recycling society, global conservation efforts, harmony with society, and promoting environmental management. It presents a concrete plan for environmental action and sets environmental targets.

Kyushu Electric Power Group Environmental Charter
Aiming for Environmentally Friendly Business

The Kyushu Electric Power Group seeks to create a sustainable society, and is engaging in efforts to preserve the global environment and exist in harmony with local communities.

1. We will strive to take appropriate measures concerning local environmental issues and use resources effectively as we conduct business that looks toward the future.
2. We will exist in harmony with society and conduct environmental efforts aimed at maintaining a healthy environment in our communities.
3. We will seek to maintain a sound consciousness concerning environmental conservation, with the aim of maintaining the trust of our customers in our Group.
4. We will actively disclose environmental information, and promote communications with the public.

Established in April 2008

Environmental Action Plan

Promotion Structure

We are building a promotion structure that is both directly connected to management and evaluated by outside experts.

Environmental Management Promotion Structure (As of March 2014)
