

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
1	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 50 VA, for rail tracks, 66-H	1	set	Imari Substation	May-2024	Oct-2025	Delivery
2	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 50 VA, for rail tracks, 66-H	1	set	Imari Substation	May-2025	Oct-2026	Delivery
3	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 50 VA, for rail tracks, 66-H	3	set	Omura Substation	Dec-2024	Mar-2026	Delivery
4	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 200 VA, for bus, 66-H	3	set	Omura Substation	Dec-2024	Mar-2026	Delivery
5	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 50 VA, for rail tracks, 66-H	3	set	Omura Substation	Apr-2025	Aug-2026	Delivery
6	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 200 VA, for bus, 66-H	3	set	Omura Substation	Sep-2025	Jan-2027	Delivery
7	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 50 VA, for rail tracks, 66-H	1	set	Omura Substation	Sep-2025	Jan-2027	Delivery
8	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 50 VA, for bus, 66-M	3	set	Oyano Substation	Sep-2025	Sep-2026	Delivery
9	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 50 VA, for rail tracks, 66-M	1	set	Senbonsugi Substation	Jul-2026	Oct-2027	Free on Truck
10	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 200 VA, for bus, 66-M	3	set	Senbonsugi Substation	Jul-2026	Oct-2027	Free on Truck
11	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 50 VA, for rail tracks, 66-M	1	set	Takakise Substation	Dec-2023	May-2025	Delivery
12	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 50 VA, for rail tracks, 66-H	1	set	Nagayo Substation	Mar-2026	Sep-2027	Delivery
13	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 50 VA, for rail tracks, 66-M	2	set	Miyata Substation	Jun-2023	Jun-2025	Delivery
14	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 50 VA, for rail tracks, 66-M	3	set	Iriki Substation	May-2026	Jan-2027	Delivery
15	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 200 VA, for bus, 66-M	3	set	Kajiki Substation	Sep-2026	May-2027	Delivery
16	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 200 VA, for bus, 66-M	3	set	Sashi Substation	Jan-2025	Sep-2025	Delivery
17	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 200 VA, for bus, 66-M	3	set	Myoken Substation	May-2024	Jan-2025	Delivery
18	instrument transformer for substations	Instrument transformer (66 kV)	66 kV, PD, 200 VA, for bus, 66-M	3	set	Yokogawa Substation	Sep-2025	May-2026	Delivery
19	instrument transformer for substations	Instrument transformer (22 kV)	22 kV, GPT, 200 VA, for rail tracks	1	set	Sasaguri Substation	Aug-2023	Oct-2024	Free on Truck
20	instrument transformer for substations	Instrument transformer (220 kV)	220 kV, PD, 500 VA, for bus, 220-M	3	set	Izumi Substation	Nov-2025	Feb-2027	Free on Truck
21	instrument transformer for substations	Instrument transformer (220 kV)	220 kV, PD, 50 VA, for rail tracks, 220-M	1	set	Izumi Substation	May-2026	Sep-2027	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
22	instrument transformer for substations	Instrument transformer (220 kV)	220 kV, PD, 50 VA, for rail tracks, 220-M	1	set	Yamae Substation	Aug-2023	Jul-2024	Free on Truck
23	shunt reactor for substations	Shunt reactor (66 kV)	66 kV 30 MVA	1	set	Takeo Substation	Apr-2024	May-2026	Delivery
24	shunt reactor for substations	Shunt reactor (66 kV)	66 kV 100 MVA	1	set	Naka Kyushu Substation	Jun-2023	Jan-2025	Free on foundation
25	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.03 mg/cm2	1	set	Chosa Substation	Mar-2026	Nov-2026	Delivery
26	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	1	set	Hayato Substation	Mar-2026	Nov-2026	Delivery
27	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	1	set	Hayato Substation	Feb-2027	Oct-2027	Delivery
28	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.12 mg/cm2	1	set	Arao Substation	Aug-2026	Sep-2027	Free on Truck
29	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.06 mg/cm2	1	set	Okawa Substation	Feb-2024	Nov-2024	Free on Truck
30	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.12 mg/cm2 10 kA	1	set	Omisaki Substation	Aug-2025	May-2026	Delivery
31	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	2	set	Omura Substation	Dec-2024	Mar-2026	Delivery
32	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	2	set	Omura Substation	Apr-2025	Aug-2026	Delivery
33	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	1	set	Katsuki Substation	May-2024	Nov-2025	Delivery
34	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.03 mg/cm2	2	set	Kanzaki Substation	Jun-2023	Apr-2024	Delivery
35	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.12 mg/cm2	1	set	Koga Substation	Sep-2024	Sep-2025	Free on Truck
36	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.12 mg/cm2	1	set	Koga Substation	Mar-2026	Mar-2027	Free on Truck
37	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV, 0.12 mg/cm2 gapless type	1	set	Shin Kagoshima Substation	Dec-2023	Aug-2024	Free on Truck
38	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.03 mg/cm2	1	set	Takakise Substation	Jul-2024	May-2025	Delivery
39	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.03 mg/cm2	1	set	Takakise Substation	Jan-2025	Nov-2025	Delivery
40	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	1	set	Takanabe Substation	Sep-2025	Apr-2026	Free on Truck
41	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.06 mg/cm2	1	set	Takeshita Substation	Jan-2025	May-2026	Free on Truck
42	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	1	set	Tsuno Substation	Feb-2024	Sep-2024	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
43	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	1	set	Tsuno Substation	Feb-2024	Sep-2024	Free on Truck
44	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.03 mg/cm2	1	set	Todoroki Substation	Jul-2025	May-2026	Delivery
45	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.06 mg/cm2	1	set	Tohoku Substation	Feb-2025	Aug-2025	Free on Truck
46	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	1	set	Tomitaka Substation	Feb-2025	Oct-2025	Free on Truck
47	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	1	set	Tomitaka Substation	Feb-2026	Oct-2026	Free on Truck
48	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.12 mg/cm2	2	set	Doya Substation	Jun-2025	Apr-2026	Delivery
49	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	1	set	Nagayo Substation	Dec-2024	Sep-2025	Delivery
50	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	2	set	Higashi Sasebo Substation	Sep-2023	Jun-2024	Delivery
51	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.06 mg/cm2	1	set	Miyakonojo Substation	Feb-2025	Oct-2025	Free on Truck
52	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.12 mg/cm2	2	set	Motoishi Substation	Jan-2026	Nov-2026	Delivery
53	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.03 mg/cm2	1	set	Kajiki Substation	May-2026	Sep-2026	Delivery
54	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.12 mg/cm2	1	set	Komenotsu Substation	Jun-2026	Oct-2026	Delivery
55	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.03 mg/cm2	1	set	Shibushi Substation	May-2027	Sep-2027	Delivery
56	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.03 mg/cm2	1	set	Tanushimaru Substation	Feb-2026	Apr-2027	Free on Truck
57	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.03 mg/cm2	1	set	Chosa Substation	Jul-2026	Nov-2026	Delivery
58	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.03 mg/cm2	1	set	Myoken Substation	Sep-2024	Jan-2025	Delivery
59	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 10 kA 0.06 mg/cm2	1	set	Yokogawa Substation	Jan-2026	May-2026	Delivery
60	Lightning arresters for substations	Lightning arrestors (84 kV)	84 kV 0.06 mg/cm2	1	set	Omuta Substation	Aug-2026	May-2027	Free on Truck
61	Lightning arresters for substations	Lightning arrestors (140 kV)	140 kV 10 kA 0.12 mg/cm2	1	set	Sendai Substation	Sep-2023	May-2024	Delivery
62	Lightning arresters for substations	Lightning arrestors (140 kV)	140 kV 10 kA 0.03 mg/cm2	1	set	Okuchi Substation	Sep-2024	Feb-2025	Delivery
63	Lightning arresters for substations	Lightning arrestors (210 kV)	210 kV, 0.06 mg/cm2 gapless type	1	set	Izumi Substation	May-2026	Mar-2027	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
64	Lightning arresters for substations	Lightning arrestors (210 kV)	210 kV, 0.12 mg/cm2 gapless type	1	set	Shin Kagoshima Substation	Oct-2023	Aug-2024	Free on Truck
65	distribution panel for substations	Power distribution panel (interlock panel)	Interlock panel 66kV	1	panel	Asakawa Substation	Jan-2026	Feb-2027	Delivery
66	distribution panel for substations	Power distribution panel (interlock panel)	Interlock panel 220 kV	1	panel	Itouzu Substation	Jun-2025	Jul-2026	Delivery
67	distribution panel for substations	Power distribution panel (interlock panel)	Interlock panel 66kV	2	panel	Itouzu Substation	Feb-2027	May-2028	Delivery
68	distribution panel for substations	Power distribution panel (interlock panel)	Interlock panel 66kV	1	panel	Karita Substation	May-2024	Aug-2025	Delivery
69	distribution panel for substations	Power distribution panel (interlock panel)	Interlock panel 220 kV	1	panel	Tsukita Switching Station	Jun-2023	Oct-2024	Delivery
70	distribution panel for substations	Power distribution panel (interlock panel)	Interlock panel 66kV	2	panel	Yakuin Substation	Jun-2024	Jan-2026	Delivery
71	distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	panel	Asakawa Substation	Dec-2025	Jan-2027	Delivery
72	distribution panel for substations	Power distribution panel (on-site panel)	DC on-site panel	1	panel	Asakawa Substation	Dec-2025	Jan-2027	Delivery
73	distribution panel for substations	Power distribution panel (on-site panel)	On-site power board	2	panel	Osumi Substation	Dec-2024	Aug-2025	Delivery
74	distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	panel	Kasugamachi Substation	Sep-2026	Mar-2027	Delivery
75	distribution panel for substations	Power distribution panel (on-site panel)	On-site switching panel	1	panel	Kasugamachi Substation	Sep-2026	Mar-2027	Delivery
76	distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	panel	Tsuboi Substation	Feb-2025	Sep-2025	Delivery
77	distribution panel for substations	Power distribution panel (on-site panel)	On-site switching panel	1	panel	Tsuboi Substation	Feb-2025	Sep-2025	Delivery
78	distribution panel for substations	Power distribution panel (on-site panel)	On-site AC panel	1	panel	Harara Substation	Dec-2026	Sep-2027	Delivery
79	distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	panel	Arie Substation	Sep-2024	Sep-2025	Delivery
80	distribution panel for substations	Power distribution panel (on-site panel)	DC on-site panel	1	panel	Arie Substation	Sep-2024	Sep-2025	Delivery
81	distribution panel for substations	Power distribution panel (on-site panel)	On-site AC panel	1	panel	Osumi Substation	Aug-2026	Apr-2027	Delivery
82	distribution panel for substations	Power distribution panel (on-site panel)	On-site DC panel	1	panel	Osumi Substation	Aug-2026	Apr-2027	Delivery
83	distribution panel for substations	Power distribution panel (on-site panel)	On-site power board 200 VAC	1	panel	Osumi Substation	Aug-2026	Apr-2027	Delivery
84	distribution panel for substations	Power distribution panel (on-site panel)	On-site power board 100 VAC	1	panel	Osumi Substation	Aug-2026	Apr-2027	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
85	distribution panel for substations	Power distribution panel (on-site panel)	On-site panel (A) 50 AF	1	panel	Sasaguri Substation	Apr-2026	Apr-2027	Free on Truck
86	distribution panel for substations	Power distribution panel (on-site panel)	On-site panel (B) 100 AF	1	panel	Sasaguri Substation	Apr-2026	Apr-2027	Free on Truck
87	distribution panel for substations	Power distribution panel (on-site panel)	LR panel, digital type, 1/3 additional mounting	1	panel	Shiroyama Substation	Oct-2023	Jun-2024	Delivery
88	distribution panel for substations	Power distribution panel (on-site panel)	LR panel, digital type, 2/3 mounting	1	panel	Shiroyama Substation	Oct-2023	Jun-2024	Delivery
89	distribution panel for substations	Power distribution panel (on-site panel)	LR panel, digital type, 1/3 mounting	1	panel	Takakise Substation	Nov-2024	Sep-2025	Delivery
90	distribution panel for substations	Power distribution panel (on-site panel)	LR panel, digital type, 1/3 mounting	1	panel	Takakise Substation	Nov-2024	Sep-2025	Delivery
91	distribution panel for substations	Power distribution panel (on-site panel)	LR panel, digital type, 2/3 mounting	1	panel	Matsubara Substation	May-2025	Mar-2026	Delivery
92	distribution panel for substations	Power distribution panel (on-site panel)	DC on-site panel	1	panel	Matsubara Substation	May-2025	Mar-2026	Delivery
93	distribution panel for substations	Power distribution panel (on-site panel)	On-site AC panel	1	panel	Wakinokawa Hydro Power Station	Aug-2026	Apr-2027	Delivery
94	distribution panel for substations	Power distribution panel (on-site panel)	On-site DC panel	1	panel	Wakinokawa Hydro Power Station	Aug-2026	Apr-2027	Delivery
95	distribution panel for substations	Power distribution panel (on-site panel)	DC on-site panel	1	panel	Koyagi Substation	Aug-2024	Aug-2025	Delivery
96	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 additional mounting	1	panel	Akune Substation	Dec-2024	Oct-2025	Installation, adjustment and field test
97	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 2/3 mounting	1	panel	Asakawa Substation	Feb-2026	Feb-2027	Delivery
98	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 mounting	1	panel	Egawa Substation	Apr-2025	Feb-2026	Installation, adjustment and field test
99	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 mounting	1	panel	Okuchi Substation	Jun-2024	Feb-2025	Installation, adjustment and field test
100	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 2/3 mounting	1	panel	Ono Substation	Apr-2026	Feb-2027	Installation, adjustment and field test
101	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 additional mounting	1	panel	Kasanohara Substation	Dec-2024	Oct-2025	Installation, adjustment and field test
102	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 additional mounting	1	panel	Kajiki Substation	Dec-2024	Oct-2025	Installation, adjustment and field test
103	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 2/3 mounting	1	panel	Saza Substation	Apr-2024	Feb-2025	Installation, adjustment and field test
104	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 mounting	1	panel	Shinchi Substation	Apr-2024	Feb-2025	Installation, adjustment and field test
105	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 2/3 mounting	2	panel	Taniyama Substation	Jun-2026	Apr-2027	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
106	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 2/3 mounting	1	panel	Tenjin Substation	Aug-2025	May-2026	Free on Truck
107	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 mounting	1	panel	Naru Substation	Apr-2026	Feb-2027	Installation, adjustment and field test
108	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 2/3 mounting	1	panel	Nigiwaibashi Substation	Apr-2025	Feb-2026	Installation, adjustment and field test
109	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 mounting	1	panel	Hakozaki Substation	Jan-2025	Oct-2025	Free on Truck
110	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 2/3 mounting	1	panel	Hanaoka Substation	Apr-2025	Feb-2026	Installation, adjustment and field test
111	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 mounting	1	panel	Hario Substation	Apr-2026	Feb-2027	Installation, adjustment and field test
112	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 2/3 mounting	1	panel	Hirasa Substation	Jan-2025	Nov-2025	Installation, adjustment and field test
113	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, additional mounting	2	panel	Hosono Substation	Aug-2025	Sep-2026	Delivery
114	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 3/3 mounting	1	panel	Meinohama Substation	Sep-2025	Jun-2026	Free on Truck
115	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 mounting	1	panel	Yagami Substation	Apr-2026	Feb-2027	Installation, adjustment and field test
116	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 additional mounting	1	panel	Yokogawa Substation	Dec-2024	Oct-2025	Installation, adjustment and field test
117	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 mounting	1	panel	Yoshii Substation	Apr-2024	Feb-2025	Installation, adjustment and field test
118	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 mounting	1	panel	Island City Substation	Feb-2024	Oct-2025	Free on Truck
119	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 additional mounting	1	panel	Ijyuin Substation	Sep-2025	May-2026	Installation, adjustment and field test
120	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 additional mounting	1	panel	Chosa Substation	Sep-2025	May-2026	Installation, adjustment and field test
121	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 3/3 mounting	1	panel	Nagao Substation	Apr-2025	Apr-2026	Free on Truck
122	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 additional mounting	1	panel	Nogata Substation	Mar-2026	Nov-2026	Installation, adjustment and field test
123	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 mounting	1	panel	Hamada Substation	Oct-2025	Dec-2026	Free on Truck
124	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 additional mounting	1	panel	Pick Substation	Jan-2026	Sep-2026	Installation, adjustment and field test
125	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 2/3 mounting	1	panel	Sumiyoshi Substation	Jan-2024	Oct-2024	Installation, adjustment and field test
126	distribution panel for substations	Power distribution panel (LR panel)	LR panel, digital type, 1/3 mounting	1	panel	Omuta Substation	Aug-2026	May-2027	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
127	distribution panel for substations	Power distribution panel (generator panel)	Generator panel	1	panel	Takenogawa Hydro Power Station	Sep-2024	Sep-2025	Delivery
128	distribution panel for substations	Power distribution panel (generator panel)	Power generation board	1	panel	Wakinokawa Hydro Power Station	Apr-2026	Jun-2027	Delivery
129	distribution panel for substations	Power distribution panel (automatic control panel)	Automatic control panel	1	panel	Takenogawa Hydro Power Station	Sep-2024	Sep-2025	Delivery
130	distribution panel for substations	Power distribution panel (automatic control panel)	Automatic control panel	1	panel	Wakinokawa Hydro Power Station	Apr-2026	Jun-2027	Delivery
131	distribution panel for substations	Relay panel with 220 kV or more	500 kV, voltage automatic switching panel	1	set	Kumamoto Substation	Dec-2024	Dec-2025	Free on Truck
132	distribution panel for substations	Relay panel with 220 kV or more	220 kV, voltage automatic switching panel	1	set	Kumamoto Substation	Dec-2024	Dec-2025	Free on Truck
133	distribution panel for substations	Power distribution board (main transformer cooler control board)	Main transformer cooler control board 220 kV	1	panel	Minami Miyazaki Substation	Sep-2025	Oct-2026	Installation and adjustment
134	distribution panel for substations	Power distribution board (generator protection board)	Generator protection board	1	panel	Wakinokawa Hydro Power Station	Apr-2026	Jun-2027	Delivery
135	enclosed switchgear for substations	SIS(24 kV)	24 kV, 1500 A, 25 kA, master box	1	set	Island City Substation	Feb-2024	Sep-2025	Free on Truck
136	enclosed switchgear for substations	SIS(24 kV)	24 kV, GPT, LA unit, auxiliary box	1	set	Island City Substation	Feb-2024	Sep-2025	Free on Truck
137	enclosed switchgear for substations	SIS(24 kV)	24 kV, 600 A, 25 kA, feeder box with line earth	1	set	Island City Substation	Feb-2024	Sep-2025	Free on Truck
138	enclosed switchgear for substations	SIS(24 kV)	24 kV, master box x 1, Fe x 1, PT/Ar x 1	3	set	Sone Substation	Jun-2023	Nov-2024	Delivery
139	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, master box x 2, Fe x 9, bus x 1, PT/Ar x 2, onsite x 2	16	set	Asakawa Substation	Feb-2026	Mar-2027	Delivery
140	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box B, 600 A, 12.5 kA Onsite power receiving CB box	2	set	Osumi Substation	Dec-2024	Aug-2025	Delivery
141	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type B, 250 kVA, on-site transformer box	2	set	Osumi Substation	Dec-2024	Aug-2025	Delivery
142	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 3000 A, 12.5 kA Master box	1	set	Takakise Substation	Jul-2024	Nov-2025	Delivery
143	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 1200 A, 12.5 kA Fe box, CB used	4	set	Takakise Substation	Jul-2024	Nov-2025	Delivery
144	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 3000 A, 12.5 kA Bus connection box	1	set	Takakise Substation	Jul-2024	Nov-2025	Delivery
145	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 30 kVA, on-site box	1	set	Takakise Substation	Jul-2024	Nov-2025	Delivery
146	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type B, 2000 A, 30 kVA On-site transformer box	1	set	Chinda Substation	Jun-2024	Oct-2025	Free on Truck
147	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box D, 3000 A, 12.5 kA Master box CB used	1	set	Matsubara Substation	Jan-2025	May-2026	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
148	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box D, 1200 A, 12.5 kA Fe Box	3	set	Matsubara Substation	Jan-2025	May-2026	Delivery
149	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box D, 3000 A, 12.5 kA Bus connection box	1	set	Matsubara Substation	Jan-2025	May-2026	Delivery
150	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 2000 A, 12.5 kA Master box CB used	1	set	Morodomi Substation	Dec-2025	Apr-2027	Delivery
151	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 1200 A, 12.5 kA Fe Box	4	set	Morodomi Substation	Dec-2025	Apr-2027	Delivery
152	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, 2000 A, 12.5 kA, power distribution box A Bus connection box	1	set	Morodomi Substation	Dec-2025	Apr-2027	Delivery
153	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 1200 A, 12.5 kA, for feeder box	10	set	Sadowara Substation	Jun-2024	Aug-2025	Free on Truck
154	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 2000 A, 12.5 kA For master box (#1 Bank, GPT, LA mounting)	3	set	Sadowara Substation	Jun-2024	Aug-2025	Free on Truck
155	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 2000 A, 12.5 kA For bus connection (# 1 Bank)	2	set	Sadowara Substation	Jun-2024	Aug-2025	Free on Truck
156	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, on-site transformer, 30 kVA (#1 Bank, HF mounting)	2	set	Sadowara Substation	Jun-2024	Aug-2025	Free on Truck
157	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box B, 2000 A, 12.5 kA For master box	1	set	Tano Substation	Jan-2024	Apr-2025	Free on Truck
158	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box B, 1200 A, 12.5 kA, for feeder box	2	set	Tano Substation	Jan-2024	Apr-2025	Free on Truck
159	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box B, 3000 A, 12.5 kA For bus connection	1	set	Tano Substation	Jan-2024	Apr-2025	Free on Truck
160	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box B, 12.5 kA, GPT	1	set	Tano Substation	Jan-2024	Apr-2025	Free on Truck
161	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box B, 2000 A, 12.5 kA For master box	1	set	Hyuga Substation	Apr-2025	Oct-2026	Free on Truck
162	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box B, 1200 A, 12.5 kA, for feeder box	3	set	Hyuga Substation	Apr-2025	Oct-2026	Free on Truck
163	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box B, 12.5 kA, GPT	1	set	Hyuga Substation	Apr-2025	Oct-2026	Free on Truck
164	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, 3000 A, 20 kA, bus, 3000 A, master box	2	set	Sasaguri Substation	Aug-2026	Oct-2027	Free on Truck
165	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 1200 A, 12.5 kA Bus, 3000 A, feeder box	6	set	Sasaguri Substation	Aug-2026	Oct-2027	Free on Truck
166	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, bus, 3000 A, auxiliary box	2	set	Sasaguri Substation	Aug-2026	Oct-2027	Free on Truck
167	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, 50 kVA, bus, 3000 A, on-site box	1	set	Sasaguri Substation	Aug-2026	Oct-2027	Free on Truck
168	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, 3000 A, bus duct, for interbank	2	set	Sasaguri Substation	Aug-2026	Oct-2027	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
169	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV power distribution box A, master box x 1, Fe x 3, PT/Ar x 1, onsite x 1	6	set	Sone Substation	Jul-2023	Apr-2025	Delivery
170	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, 3000 A, 20 kA, bus, 3000 A, master box	1	set	Takeshita Substation	Jan-2025	May-2026	Free on Truck
171	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 1200 A, 12.5 kA Bus, 3000 A, feeder box	5	set	Takeshita Substation	Jan-2025	May-2026	Free on Truck
172	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, 3000 A, bus duct, for interbank	1	set	Takeshita Substation	Jan-2025	May-2026	Free on Truck
173	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, bus, 3000 A, auxiliary box	1	set	Takeshita Substation	Jan-2025	May-2026	Free on Truck
174	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, 2000 A, 20 kA, bus, master box	1	set	Nagao Substation	Apr-2026	Apr-2027	Free on Truck
175	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 1200 A, 12.5 kA, bus, feeder box	4	set	Nagao Substation	Apr-2026	Apr-2027	Free on Truck
176	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, bus, 2000 A, LA, GPT	1	set	Nagao Substation	Apr-2026	Apr-2027	Free on Truck
177	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, 50 kVA, bus, 2000 A, on-site box	1	set	Nagao Substation	Apr-2026	Apr-2027	Free on Truck
178	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type D, 2000 A, bus duct, for Tr secondary connection	1	set	Nagao Substation	Apr-2026	Apr-2027	Free on Truck
179	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, 2000 A, bus duct, for interbank	1	set	Nagao Substation	Apr-2026	Apr-2027	Free on Truck
180	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 2000 A, 12.5 kA, master box	1	set	Hamada Substation	Sep-2025	Nov-2026	Free on Truck
181	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 1200 A, 12.5 kA, feeder box	3	set	Hamada Substation	Sep-2025	Nov-2026	Free on Truck
182	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 2000 A, 12.5 kA Bus connection box	1	set	Hamada Substation	Sep-2025	Nov-2026	Free on Truck
183	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, 2000 A, auxiliary box (LA, GPT)	1	set	Hamada Substation	Sep-2025	Nov-2026	Free on Truck
184	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 2000 A, bus duct, power distribution box A1 type-A type connection, for interbank	1	set	Hamada Substation	Sep-2025	Nov-2026	Free on Truck
185	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 2000 A, bus duct, power distribution box A1 type- B1 type connection, for interbank	1	set	Hamada Substation	Sep-2025	Nov-2026	Free on Truck
186	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, 2000 A, 20 kA, bus, 2000 A, master box	1	set	Omuta Substation	Feb-2026	May-2027	Free on Truck
187	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 1200 A, 12.5 kA Bus, 2000 A, feeder box	3	set	Omuta Substation	Feb-2026	May-2027	Free on Truck
188	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, 30 kVA, bus, 2000 A, on-site box	1	set	Omuta Substation	Feb-2026	May-2027	Free on Truck
189	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box type A, bus, 2000 A, auxiliary box	1	set	Omuta Substation	Feb-2026	May-2027	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
190	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A, 2000 A, bus duct, power distribution box A1 type- B1 type connection, for interbank	1	set	Omuta Substation	Feb-2026	May-2027	Free on Truck
191	enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2 kV, power distribution box A type, 2000 A, bus duct, for Tr secondary connection	1	set	Omuta Substation	Feb-2026	May-2027	Free on Truck
192	enclosed switchgear for substations	Portable power distribution box (7.2 kV) * Circuit breakers only	7.2 kV, 600 A, 12.5 kA, 3 cycles Operating responsibility: A/B VCB feeder, circuit breaker only	1	set	Ota Substation	Mar-2024	Nov-2024	Delivery
193	enclosed switchgear for substations	Portable power distribution box (7.2 kV) * Circuit breakers only	7.2 kV, 600 A, 12.5 kA, 3 cycles Operating responsibility: A/B VCB feeder, circuit breaker only	2	set	Ota Substation	Aug-2024	Mar-2025	Delivery
194	enclosed switchgear for substations	Portable power distribution box (7.2 kV) * Circuit breakers only	7.2 kV, 1200 A, 12.5 kA, 3 cycles Operating responsibility: A/B VCB feeder, circuit breaker only	1	set	Ogawa Substation	Oct-2025	Jun-2026	Delivery
195	enclosed switchgear for substations	Portable power distribution box (7.2 kV) * Circuit breakers only	7.2 kV, 1200 A, 12.5 kA, 3 cycles Operating responsibility: A/B VCB feeder, circuit breaker only	3	set	Nogata Substation	Aug-2023	Mar-2024	Delivery
196	enclosed switchgear for substations	Portable power distribution box (7.2 kV) * Circuit breakers only	7.2 kV, 2000 A, 12.5 kA, 3 cycles Operating responsibility: A/B VCB, for master box, circuit breaker only	1	set	Makizono Substation	Aug-2025	Mar-2026	Delivery
197	enclosed switchgear for substations	Portable power distribution box (7.2 kV) * Circuit breakers only	7.2 kV, 1200 A, 12.5 kA, 3 cycles Operating responsibility: A/B VCB feeder, circuit breaker only	3	set	Makizono Substation	Aug-2025	Mar-2026	Delivery
198	enclosed switchgear for substations	Portable power distribution box (7.2 kV) * Circuit breakers only	7.2 kV, 1200 A, 12.5 kA, 3 cycles Operating responsibility: A/B VCB feeder, circuit breaker only	4	set	Makurazaki Substation	Jan-2025	Sep-2025	Delivery
199	enclosed switchgear for substations	Portable power distribution box (7.2 kV) * Circuit breakers only	7.2 kV, 3000 A, 31.5 kA, 3 cycles Operating responsibility: A/B VCB, for master box, circuit breaker only	1	set	Makurazaki Substation	Jan-2025	Sep-2025	Delivery
200	enclosed switchgear for substations	Portable power distribution box (7.2 kV) * Circuit breakers only	7.2 kV, 3000 A, 31.5 kA, 3 cycles Operating responsibility: A/B VCB, for bus connection, feeder circuit breaker only	1	set	Makurazaki Substation	Jan-2025	Sep-2025	Delivery
201	enclosed switchgear for substations	Portable power distribution box (7.2 kV) * Circuit breakers only	7.2 kV, 1200 A, 12.5 kA, 3 cycles Operating responsibility: A/B VCB feeder, circuit breaker only	5	set	Makurazaki Substation	Jan-2026	Sep-2026	Delivery
202	enclosed switchgear for substations	Portable power distribution box (7.2 kV) * Circuit breakers only	7.2 kV, 3000 A, 31.5 kA, 3 cycles Operating responsibility: A/B VCB, for master box, circuit breaker only	1	set	Makurazaki Substation	Jan-2026	Sep-2026	Delivery
203	enclosed switchgear for substations	Portable power distribution box (24 kV)	24 kV, power distribution box type A, master box only	1	set	Okuchi Substation	Apr-2024	Dec-2024	Delivery
204	enclosed switchgear for substations	Portable power distribution box (24 kV)	24 kV, power distribution box A, 600 A, 12.5 kA, feeder box	1	set	Okuchi Substation	Apr-2024	Dec-2024	Delivery
205	enclosed switchgear for substations	Portable power distribution box (24 kV)	24 kV, power distribution box type A, GPT, Ar, auxiliary box	1	set	Okuchi Substation	Apr-2024	Dec-2024	Delivery
206	enclosed switchgear for substations	Portable power distribution box (24 kV)	24 kV, power distribution box A, 10 kA, Ar	1	set	Saza Substation	Aug-2024	Mar-2025	Delivery
207	enclosed switchgear for substations	Portable power distribution box (24 kV)	24 kV, portable distribution box, master box, outdoor, without CB mounting	1	set	Nogami Substation	Oct-2023	Jan-2024	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
208	enclosed switchgear for substations	Portable power distribution box (24 kV) *instrument transformer only	24 kV, power distribution box A, 600 A, 20 kA, feeder, instrument transformer only	1	set	Saza Substation	Aug-2024	Mar-2025	Delivery
209	enclosed switchgear for substations	Portable power distribution box (24 kV) *lightning arrester only	22 kV, power distribution box type A, GPT, 200 VA, for bus Lightning arrester only	1	set	Saza Substation	Aug-2024	Mar-2025	Delivery
210	enclosed switchgear for substations	Portable power distribution box (7.2kV) *instrument transformer only	7.2 kV, GPT, 6.9 kV/110 V/(190/3) V, instrument transformer only	1	set	Ota Substation	Aug-2024	Mar-2025	Delivery
211	enclosed switchgear for substations	Metal clad (24 kV)	24 kV, metal clad, master box x 3, bus connection x 2, Fe x 4, PT, Ar	12	set	Sone Substation	May-2025	Aug-2026	Delivery
212	Neutral point grounding devices for substations	Neutral grounding device (resistor)	22 kV, 100 A, indoor	1	set	Island City Substation	Mar-2024	Sep-2025	Free on Truck
213	Neutral point grounding devices for substations	Neutral grounding device (resistor)	66 kV, 100 A, Type: air	2	set	Izumi Substation	Sep-2025	Jan-2027	Free on Truck
214	Neutral point grounding devices for substations	Neutral grounding device (resistor)	66 kV, 100 A, Type: air	1	set	Kaizaki Substation	Apr-2024	Jan-2026	Delivery
215	Neutral point grounding devices for substations	Neutral grounding device (reactor)	66 kV 200 A	1	set	Nagao Substation	May-2025	Sep-2026	Free on Truck
216	Neutral point grounding devices for substations	Neutral grounding device (reactor)	66 kV 200 A	1	set	Nagao Substation	Apr-2026	Apr-2027	Free on Truck
217	Disconnectors for substations	Disconnecter, operation box only	120 kV operation box, motor-operated	4	set	Kamishiiba Substation	Jul-2026	Sep-2027	Delivery
218	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	2	set	Kita Kumamoto Substation	Jul-2023	Aug-2024	Delivery
219	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	5	set	Kinoue Substation	Jun-2024	Jul-2025	Delivery
220	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	2	set	Kinoue Substation	Jul-2025	Aug-2026	Delivery
221	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	1	set	Komenotsu Substation	Sep-2025	Oct-2026	Delivery
222	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	3	set	Komenotsu Substation	Oct-2026	Nov-2027	Delivery
223	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	2	set	Takanabe Substation	Jul-2025	Sep-2026	Delivery
224	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	7	set	Takamori Substation	May-2025	Jun-2026	Delivery
225	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	4	set	Taniyama Substation	Mar-2026	Apr-2027	Delivery
226	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	4	set	Chosa Substation	Sep-2025	Oct-2026	Delivery
227	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	1	set	Tsuno Substation	Jul-2023	Sep-2024	Delivery
228	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	1	set	Tsuno Substation	Aug-2023	Sep-2024	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
229	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	5	set	Tokuriki Substation	Jun-2023	Sep-2024	Delivery
230	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	1	set	Hayato Substation	Sep-2025	Oct-2026	Delivery
231	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	5	set	Matsuzaki Substation	Jan-2024	Feb-2025	Delivery
232	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	4	set	Miyakonojo Substation	Jun-2024	Aug-2025	Delivery
233	Disconnectors for substations	Disconnecter, operation box only	72 kV operation box, motor-operated	4	set	Yukuhashi Substation	Jun-2023	Apr-2024	Delivery
234	Disconnectors for substations	Disconnecter (24 kV)	24 kV, 600 A, 12.5 kA, horizontal 2-point disconnecting, A-area, grounded	1	set	Minamihata Substation	Aug-2023	Oct-2024	Free on Truck
235	Disconnectors for substations	Disconnecter (24 kV)	24 kV, 600 A, horizontal 1 point disconnecting, single-phase	2	set	Yakuin Substation	Jun-2024	Jan-2026	Delivery
236	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 2000 A, 50 kA, three-phase, gas disconnector	2	set	Nishi Kyushu Substation	Jun-2024	Oct-2026	Delivery
237	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 2000 A, 50 kA, three-phase, gas disconnector	2	set	Nishi Kyushu Substation	Sep-2024	Oct-2025	Delivery
238	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 2000 A, 50 kA, three-phase, horizontal 1-point disconnecting, with grounding device, Area-C	1	set	Nishi Kyushu Substation	Dec-2024	Oct-2025	Delivery
239	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 2000 A, 50 kA, three-phase, horizontal 1-point disconnecting, with grounding device, Area-C	1	set	Nishi Kyushu Substation	Dec-2024	Nov-2026	Delivery
240	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 2000 A, 31.5 kA, horizontal 1-point, Area-B, for transmission line x 1, for bus x 1	2	set	Hayami Substation	Oct-2023	Apr-2025	Delivery
241	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 2000 A, 50.0 kA, pantograph type	2	set	Higashi Oita Substation	Jun-2024	Oct-2025	Delivery
242	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 2000 A, 31.5 kA, horizontal 1-point disconnecting	2	set	Izumi Substation	May-2026	Jun-2027	Free on Truck
243	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 2000 A, 63 kA, Area-D, for bus Gas circuit	1	set	Higashi Oita Substation	Oct-2023	Jan-2025	Delivery
244	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 2000 A, 20-40 kA, horizontal 1-point disconnecting	2	set	Izumi Substation	Jan-2026	Feb-2027	Free on Truck
245	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 2000 A, 31.5 kA, horizontal 1-point disconnecting	1	set	Izumi Substation	May-2026	Jun-2027	Free on Truck
246	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 4000 A, 50 kA, gas disconnector, Area-C, 0.06 - 0.12 mg/cm2	2	set	Nishi Kyushu Substation	Sep-2025	Oct-2026	Delivery
247	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 4000 A, 50 kA, horizontal 1-point, Area-C, 0.06 - 0.12 mg/cm2	1	set	Nishi Kyushu Substation	Sep-2025	Oct-2026	Delivery
248	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 4000 A, 50 kA, Area-A	1	set	Yamae Substation	Aug-2023	Jul-2024	Free on Truck
249	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 4000 A, 50 kA, Area-A, with grounding device	1	set	Yamae Substation	Aug-2023	Jul-2024	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
250	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 1200 A, 20 kA, horizontal 2-point disconnecting, SP-70H with grounding device and lightening arrester	1	set	Aino Substation	Oct-2023	Oct-2024	Delivery
251	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 1200 A, 20 kA, vertical 1-point disconnecting, SP-70H	2	set	Aino Substation	Oct-2023	Oct-2024	Delivery
252	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 800 A, 25 kA, horizontal 2-point disconnecting, grounded, Area-C	1	set	Arao Substation	Aug-2026	Sep-2027	Free on Truck
253	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 1200 A, 20 kA, horizontal 2-point disconnecting, SP-70H with grounding device and lightening arrester	1	set	Arie Substation	Oct-2025	Oct-2026	Delivery
254	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 3000 A, 20 kA, horizontal 2-point disconnecting, SP-1150A (below)	2	set	Omura Substation	Dec-2024	Mar-2026	Delivery
255	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 2000 A, 20 kA, horizontal 2-point disconnecting, SP-70H with grounding device	2	set	Omura Substation	Dec-2024	Mar-2026	Delivery
256	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 2000 A, 20 kA, vertical 1-point disconnecting, SP-70H	1	set	Omura Substation	Dec-2024	Mar-2026	Delivery
257	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 800 A, 20 kA, horizontal 2-point disconnecting, SP-70H with grounding device	1	set	Omura Substation	Dec-2024	Mar-2026	Delivery
258	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 800 A, 20 kA, vertical 1-point disconnecting, SP-70H	1	set	Omura Substation	Dec-2024	Mar-2026	Delivery
259	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 2000 A, 20 kA, horizontal 2-point disconnecting, SP-70H with grounding device	2	set	Omura Substation	Apr-2025	Aug-2026	Delivery
260	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 2000 A, 20 kA, vertical 1-point disconnecting, SP-70H	2	set	Omura Substation	Apr-2025	Aug-2026	Delivery
261	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 800 A, 20 kA, horizontal 2-point disconnecting, SP-70H	1	set	Omura Substation	Apr-2025	Aug-2026	Delivery
262	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 800 A, 20 kA, vertical 1-point disconnecting, SP-70H	1	set	Omura Substation	Apr-2025	Aug-2026	Delivery
263	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 2000 A, 20 kA, horizontal 2-point disconnecting, SP-70H	1	set	Omura Substation	Sep-2025	Jan-2027	Delivery
264	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 800 A, 20 kA, horizontal 2-point disconnecting, SP-70H with grounding device	1	set	Omura Substation	Sep-2025	Jan-2027	Delivery
265	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 800 A, 20 kA, horizontal 2-point disconnecting, SP-70H	2	set	Omura Substation	Sep-2025	Jan-2027	Delivery
266	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 2000 A, 25 kA, horizontal 1-point disconnecting, SP-70H	1	panel	Kita Nagasaki Substation	Oct-2023	Oct-2024	Delivery
267	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 2000 A, 31.5 kA, horizontal 2-point disconnecting, grounded, Area-B, built-in lightning arrester specification, 0.06 mg/cm ²	1	set	Kirishima Substation	Aug-2026	Sep-2027	Delivery
268	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 1200 A, 31.5 kA, horizontal 2-point disconnecting, SP-1150, grounded, Area-C	1	set	Koga Substation	Sep-2024	Sep-2025	Free on Truck
269	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 1200 A, 31.5 kA, horizontal 2-point disconnecting, grounded, SP-70H with built-in lightning arrester, Area-C	1	set	Koga Substation	May-2025	Oct-2026	Free on Truck
270	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 1200 A, 31.5 kA, horizontal 1-point disconnecting, grounded, SP-1150, Area-C	2	set	Koga Substation	May-2025	Oct-2026	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
271	Disconnectors for substations	Disconnector (72 kV)	72 kV, 1200 A, 31.5 kA, horizontal 1-point disconnecting, SP-1150, Area-C	1	set	Koga Substation	May-2025	Oct-2026	Free on Truck
272	Disconnectors for substations	Disconnector (72 kV)	72 kV, 1200 A, 31.5 kA, horizontal 2-point disconnecting, grounded, SP-70H, Area-C	1	set	Koga Substation	May-2025	Oct-2026	Free on Truck
273	Disconnectors for substations	Disconnector (72 kV)	72 kV, 1200 A, 31.5 kA, horizontal 2-point disconnecting, SP-1150, grounded, Area-C	1	set	Koga Substation	Mar-2026	Mar-2027	Free on Truck
274	Disconnectors for substations	Disconnector (72 kV)	72 kV, 1200 A, 20 kA, three-phase, horizontal 2-point disconnecting, with grounding device, Area-A	1	set	Takakise Substation	Apr-2024	May-2025	Delivery
275	Disconnectors for substations	Disconnector (72 kV)	72 kV, 1200 A, 20 kA, 3-phase, horizontal 2-point disconnecting Area-A	1	set	Takakise Substation	Oct-2024	Nov-2025	Delivery
276	Disconnectors for substations	Disconnector (72 kV)	72 kV, 800 A, 20 kA, horizontal 2-point disconnecting (single-phase), SP-70H	1	set	Takeshita Substation	Jan-2025	May-2026	Free on Truck
277	Disconnectors for substations	Disconnector (72 kV)	72 kV, 1200 A, 20 kA, horizontal 2-point disconnecting, grounded Area-D (Indoor), 66-M, built-in lightning arrester specification	1	set	Taniyama Substation	Mar-2026	Apr-2027	Delivery
278	Disconnectors for substations	Disconnector (72 kV)	For 72 kV, 3000 A, 31.5 kA, horizontal 2-point disconnecting, Area-D for bus bar	1	set	Higashi Oita Substation	Oct-2023	Jan-2025	Delivery
279	Disconnectors for substations	Disconnector (72 kV)	72 kV, 1200 A, 25 kA, horizontal 1-point disconnecting (single-phase), Area-B, SP-70H	1	set	Nagao Substation	Apr-2026	Apr-2027	Free on Truck
280	Disconnectors for substations	Disconnector (72 kV)	72 kV, 2000 A, 20 kA, horizontal 2-point disconnecting, SP-70H with grounding device	1	set	Nagayo Substation	Sep-2026	Sep-2027	Delivery
281	Disconnectors for substations	Disconnector (72 kV)	72 kV, 800 A, 20 kA, horizontal 1-point disconnecting, grounded Area-D (indoor), built-in lightning arrester specification	1	set	Harara Substation	Apr-2026	May-2027	Delivery
282	Disconnectors for substations	Disconnector (72 kV)	72 kV, 800 A, 20 kA, horizontal 1-point disconnecting, grounded Area-D (indoor)	1	set	Harara Substation	Sep-2026	Oct-2027	Delivery
283	Disconnectors for substations	Disconnector (72 kV)	72 kV, 800 A, 20 kA, horizontal 1-point disconnecting, Area-D (indoor)	1	set	Harara Substation	Sep-2026	Oct-2027	Delivery
284	Disconnectors for substations	Disconnector (72 kV)	72 kV, 3000 A, 31.5 kA, vertical 1-point disconnecting, including operation box	2	set	Hiagari Switching Station	Apr-2024	Apr-2025	Delivery
285	Disconnectors for substations	Disconnector (72 kV)	72 kV, 2000 A, 31.5 kA, vertical 1-point disconnecting, including operation box	2	set	Hiagari Switching Station	Apr-2024	Apr-2025	Delivery
286	Disconnectors for substations	Disconnector (72 kV)	72 kV, 2000 A, 31.5 kA, vertical 1-point disconnecting, including operation box	4	set	Hiagari Switching Station	Apr-2025	Apr-2026	Delivery
287	Disconnectors for substations	Disconnector (72 kV)	72 kV, 2000 A, 31.5 kA, horizontal 2-point disconnecting, excluding operation box	1	set	Hiagari Switching Station	Apr-2025	Apr-2026	Delivery
288	Disconnectors for substations	Disconnector (72 kV)	72 kV, 2000 A, 31.5 kA, horizontal 2-point disconnecting, including operation box	1	set	Hiagari Switching Station	Apr-2025	Apr-2026	Delivery
289	Disconnectors for substations	Disconnector (72 kV)	72 kV, 3000 A, 31.5 kA, vertical 1-point disconnecting, including operation box	2	set	Hiagari Switching Station	Apr-2026	Apr-2027	Delivery
290	Disconnectors for substations	Disconnector (72 kV)	72 kV, 3000 A, 31.5 kA, horizontal 2-point disconnecting, excluding operation box	1	set	Hiagari Switching Station	Apr-2026	Apr-2027	Delivery
291	Disconnectors for substations	Disconnector (72 kV)	72 kV, 1200 A, 31.5 kA, horizontal 2-point disconnecting, SP-70H, Area-B	1	set	Higashi Fukuoka Substation	Apr-2024	Aug-2025	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
292	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 800 A, 20 kA, horizontal 2-point disconnecting, SP-70H	1	set	Matsuzaki Substation	Jan-2024	Feb-2025	Delivery
293	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 1200 A, 31.5 kA, horizontal 1-point disconnecting, SP-60H, not grounded, without discharging resistor, without built-in lightning arrester, Area-A	1	set	Meinohama Substation	May-2025	May-2026	Free on Truck
294	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 3000 A, 20 - 40 kA, vertical 1-point disconnecting, SP-850B, Area-A	1	set	Yamae Substation	Sep-2025	Nov-2026	Free on Truck
295	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 3000 A, 31.5 kA, horizontal 2-point disconnecting, SP-70H, Area-A	1	set	Yamae Substation	Sep-2025	Nov-2026	Free on Truck
296	Disconnectors for substations	Disconnecter (72 kV)	72 kV, horizontal 2 point disconnecting, single-phase	1	set	Izumi Substation	Jan-2026	Feb-2027	Free on Truck
297	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 800 A, 20 kA, horizontal 1-point disconnecting Area-A, SP-60H	1	set	Senbonsugi Substation	Oct-2026	Oct-2027	Free on Truck
298	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 1200 A, 20 kA, horizontal 1-point disconnecting, Area-A, grounded, SP-60H	1	set	Senbonsugi Substation	Oct-2026	Oct-2027	Free on Truck
299	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 1200 A, 20 kA, horizontal 1-point disconnecting Area-A, SP-60H	1	set	Senbonsugi Substation	Oct-2026	Oct-2027	Free on Truck
300	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 2000 A, 20 kA, horizontal 2-point disconnecting, with grounding device	1	set	Tsuno Substation	Aug-2023	Sep-2024	Free on Truck
301	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 2000 A, 20 kA, horizontal 2-point disconnecting	1	set	Tsuno Substation	Aug-2023	Sep-2024	Free on Truck
302	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 800 A, 22.0 kA, horizontal 1-point disconnecting, SP-70H	1	set	Hamada Substation	Oct-2025	Oct-2026	Free on Truck
303	Disconnectors for substations	Disconnecter (72 kV)	72 kV, 3000 A, 31.5 kA, horizontal 2-point disconnecting, excluding operation box	1	set	Hiagari Switching Station	Apr-2024	Apr-2025	Delivery
304	Disconnectors for substations	Disconnecter (120 kV)	120 kV, 800 A, 25 kA, horizontal 2-point disconnecting, Area-A	2	set	Okuchi Substation	Jan-2024	Feb-2025	Delivery
305	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	2	set	Izumi Substation	Oct-2023	Dec-2024	Free on Truck
306	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, transformer protection system (for 2 windings)	1	set	Izumi Substation	Jun-2025	Jan-2027	Free on Truck
307	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	2	set	Izumi Substation	Apr-2026	Apr-2027	Free on Truck
308	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, transformer protection system (for 2 windings)	1	set	Itouzu Substation	Oct-2025	Apr-2027	Delivery
309	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Ohira Switching Station	Jun-2025	Jun-2027	Free on Truck
310	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	2	set	Kitakyushu Substation	Jun-2025	Jun-2027	Delivery
311	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, transformer protection system (for 2 windings)	2	set	Kita Nagasaki Substation	Sep-2024	Oct-2026	Installation, adjustment and field test
312	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	500 kV, transformer protection system (for 3 windings)	2	set	Kumamoto Substation	Sep-2024	Sep-2025	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
313	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, bus protection system (I + I)	1	set	Kumamoto Substation	Dec-2024	Dec-2025	Free on Truck
314	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Kumamoto Substation	Sep-2024	Sep-2026	Free on Truck
315	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, bus protection system (I + I)	1	set	Takeo Substation	Oct-2024	Jun-2026	Delivery
316	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, bus separator	1	set	Takeo Substation	Oct-2024	Jun-2026	Delivery
317	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	500 kV, transformer protection system (for single phase transformer)	2	set	Chuo Substation	Jun-2024	Apr-2026	Free on Truck
318	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Naka Kyushu Substation	Jun-2025	Jun-2027	Free on Truck
319	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Naka Kyushu Substation	Jun-2025	Jun-2027	Free on Truck
320	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	500 kV PCM+DZ	4	set	Naka Kyushu Substation	Jun-2026	Jun-2028	Free on Truck
321	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Nishi Oita Substation	May-2025	Jun-2027	Free on Truck
322	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Nishi Kyushu Substation	Jun-2025	Jun-2027	Delivery
323	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, transformer protection system (for 2 windings)	1	set	Nishitani Substation	Jun-2024	Feb-2026	Delivery
324	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	2	set	Nishitani Substation	Jun-2025	Jun-2027	Delivery
325	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Hayami Substation	May-2025	Jun-2027	Free on Truck
326	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Higashi Sasebo Substation	Jun-2025	Jun-2027	Delivery
327	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, bus separator	3	set	Higashi Fukuoka Substation	Feb-2025	Mar-2027	Free on Truck
328	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, bus protection system (I + I)	2	set	Higashi Fukuoka Substation	Jun-2025	Mar-2027	Free on Truck
329	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, voltage automatic switching panel	2	set	Higashi Fukuoka Substation	Jun-2025	Mar-2027	Free on Truck
330	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Higashi Fukuoka Substation	Jun-2026	Aug-2028	Free on Truck
331	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Hita Substation	Aug-2024	Sep-2026	Free on Truck
332	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, transformer protection system (for 3 windings)	1	set	Hitoyoshi Substation	Dec-2024	Nov-2026	Delivery
333	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, transformer protection system (for 3 windings)	1	set	Hitoyoshi Substation	Aug-2023	Apr-2025	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
334	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, voltage automatic switching panel	1	set	Buzen Substation	Jun-2024	Jul-2025	Delivery
335	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	500 kV PCM+DZ	4	set	Buzen Substation	Jun-2024	Aug-2025	Delivery
336	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	500 kV, bus protection system (I + I)	1	set	Buzen Substation	Jun-2024	Jun-2026	Delivery
337	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Buzen Substation	Jun-2025	Jun-2027	Delivery
338	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	500 kV, voltage automatic switching panel	1	set	Minami Kyushu Substation	Nov-2023	Jul-2025	Free on Truck
339	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, voltage automatic switching panel	1	set	Minami Kyushu Substation	Nov-2023	Jul-2025	Free on Truck
340	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, transformer protection system (for 3 windings)	2	set	Minami Kumamoto Substation	Aug-2023	Apr-2025	Free on Truck
341	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Minami Kumamoto Substation	Sep-2024	Sep-2026	Free on Truck
342	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Minami Kumamoto Substation	Jun-2025	Jun-2027	Free on Truck
343	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, transformer protection system (for 3 windings)	1	set	Miyakonojo Substation	Jul-2024	Feb-2026	Free on Truck
344	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Yatsushiro Substation	Jun-2025	Jun-2027	Free on Truck
345	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV, bus protection system (I + I)	1	set	Yatsushiro Substation	Jun-2026	Apr-2028	Free on Truck
346	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Yamae Substation	Jun-2026	Aug-2028	Free on Truck
347	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Yuge Substation	Sep-2024	Sep-2026	Free on Truck
348	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	500 kV PCM+DZ	4	set	Reihoku Substation	Jun-2026	Jun-2028	Free on Truck
349	protection relay facility for 220 kV substations	Relay panel with 220 kV or more	500 kV, transformer protection system (for 2 windings)	2	set	Reihoku Substation	Jun-2026	Apr-2028	Free on Truck
350	protection relay facility for 220 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Yatsushiro Substation	Jun-2026	Apr-2028	Free on Truck
351	protection relay facility for 220 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Yatsushiro Substation	Jun-2026	Apr-2028	Free on Truck
352	Protection panels for substations	Power distribution panel (SR panel)	SR panel, 66 kV	1	panel	Higashi Fukuoka Substation	Apr-2024	Aug-2025	Free on Truck
353	Protection panels for substations	Power distribution panel (GTr protective panel)	Grounding transformer protective panel, 66 kV	1	set	Izumi Substation	Apr-2026	Feb-2027	Free on Truck
354	Protection panels for substations	Power distribution panel (GTr protective panel)	Grounding transformer protective panel, 66 kV	1	panel	Itouzu Substation	Jun-2027	May-2028	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
355	switchboard for substations	Relay panel with 110 kV or less	Bank reverse current protection board	1	set	Taniyama Substation	Jun-2023	Feb-2025	Free on Truck
356	switchboard for substations	For substation/other power distribution panel	220 kV, automatic oscillator transmitter	1	set	Itouzu Substation	Jan-2025	Jul-2026	Delivery
357	switchboard for substations	For substation/other power distribution panel	Bank reverse flow accident recorder	1	set	Okuchi Substation	Dec-2023	Feb-2025	Installation, adjustment and field test
358	switchboard for substations	For substation/other power distribution panel	500 kV, automatic oscillator transmitter	1	set	Kumamoto Substation	Dec-2024	Dec-2025	Free on Truck
359	switchboard for substations	For substation/other power distribution panel	220 kV, automatic oscillator transmitter	1	set	Kumamoto Substation	Dec-2024	Dec-2025	Free on Truck
360	switchboard for substations	For substation/other power distribution panel	66 kV, automatic oscillator transmitter	1	set	Kumamoto Substation	Apr-2025	Apr-2026	Free on Truck
361	switchboard for substations	For substation/other power distribution panel	66 kV, automatic oscillator transmitter	1	set	Kurume Substation	Feb-2025	Mar-2027	Free on Truck
362	switchboard for substations	For substation/other power distribution panel	Bank reverse flow accident recorder	1	set	Matsuzaki Substation	Jun-2024	Apr-2025	Free on Truck
363	switchboard for substations	For substation/other power distribution panel	500 kV, automatic oscillator transmitter	1	set	Minami Kyushu Substation	Apr-2026	Dec-2027	Free on Truck
364	switchboard for substations	For substation/other power distribution panel	220 kV, automatic oscillator transmitter	1	set	Minami Kyushu Substation	Apr-2026	Dec-2027	Free on Truck
365	steel structure	Steel structure	66 kV, steel structure, general angle, 7 t	2	set	Higashi Sasebo Substation	Nov-2023	Apr-2024	Delivery
366	steel structure	Steel structure	66 kV, steel structure, general angle, 5 t	1	set	Tsuno Substation	Dec-2023	Jul-2024	Delivery
367	steel structure	Steel structure	220 kV, steel structure, general angle, 15 t	1	set	Kumamoto Substation	Aug-2024	May-2025	Delivery
368	steel structure	Steel structure	220 kV, steel structure, pipe 30 t	1	set	Kumamoto Substation	Aug-2024	May-2025	Delivery
369	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2 single core, flame-retardant, ant-proof, including terminal treatment materials	130	m	Akunoura Substation	Jan-2025	Oct-2025	Delivery
370	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 100 mm2, single core, flame-retardant, ant-proof, with water shielding layers	60	m	Itouzu Substation	Mar-2028	Mar-2029	Delivery
371	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, air	90	m	Ueno Substation	Oct-2024	Oct-2024	Delivery
372	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof	60	m	Okawa Substation	Aug-2023	Apr-2024	Free on Truck
373	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof	120	m	Okawa Substation	Mar-2024	Nov-2024	Free on Truck
374	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, air	120	m	Okubo Substation	Feb-2027	Oct-2027	Delivery
375	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 38 mm2, 1C, flame-retardant, ant-proof	1,200	m	Osumi Substation	Dec-2024	Aug-2025	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
376	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2 single core, flame-retardant, ant-proof, including terminal treatment materials	150	m	Omisaki Substation	Jan-2026	Oct-2026	Delivery
377	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers	100	m	Kasugamachi Substation	Feb-2026	Jan-2027	Delivery
378	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV1600 mm2, 2C, flame-retardant, ant-proof	230	m	Kanoya Substation	May-2025	Jan-2026	Delivery
379	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers	120	m	Kaho Substation	Apr-2025	Oct-2025	Delivery
380	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1200 mm2, flame-retardant, ant-proof	60	m	Kubara Substation	Mar-2026	Oct-2026	Delivery
381	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1200 mm2, single core, flame-retardant, ant-proof	90	m	Kumano Substation	Apr-2025	Sep-2025	Delivery
382	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof, with water shielding layers	460	m	Keitoku Substation	Feb-2024	Jan-2025	Delivery
383	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof	420	m	Koga Substation	Feb-2026	Nov-2026	Free on Truck
384	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, single core, flame-retardant, ant-proof	180	m	Shisa Substation	May-2026	Oct-2026	Delivery
385	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof	120	m	Kozai Substation	Aug-2024	Sep-2025	Delivery
386	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof	450	m	Sasaguri Substation	Aug-2026	Oct-2027	Free on Truck
387	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1200 mm2, flame-retardant, ant-proof	150	m	Shiota Substation	Mar-2025	Oct-2025	Delivery
388	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof	200	m	Suehiro Substation	Apr-2026	Jun-2027	Delivery
389	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof	180	m	Suzaki Substation	Nov-2023	May-2024	Free on Truck
390	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof	290	m	Suzaki Substation	Apr-2025	Oct-2025	Free on Truck
391	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof	100	m	Senbonsugi Substation	Mar-2024	Oct-2024	Delivery
392	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, 800 mm2, flame-retardant, ant-proof, water shielding layers	240	m	Tagawa Substation	Apr-2024	Nov-2024	Delivery
393	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof	250	m	Takeshita Substation	Jan-2025	May-2026	Free on Truck
394	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof	150	m	Tachiarai Substation	Jul-2024	Mar-2025	Delivery
395	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof	150	m	Tachiarai Substation	Jul-2025	Mar-2026	Delivery
396	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof	60	m	Tanushimaru Substation	Mar-2026	Oct-2026	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
397	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof	60	m	Tanushimaru Substation	Oct-2026	May-2027	Delivery
398	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers	170	m	Tsuboi Substation	Feb-2025	Jan-2026	Delivery
399	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof	120	m	Nakatsu Substation	Oct-2025	Nov-2026	Delivery
400	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof	120	m	Hamada Substation	Oct-2025	Dec-2026	Free on Truck
401	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1200 mm2, single core, flame-retardant, ant-proof	90	m	Hirado Substation	May-2024	Oct-2024	Delivery
402	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1200 mm2, single core, flame-retardant, ant-proof	75	m	Hirado Substation	May-2027	Oct-2027	Delivery
403	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 2000 mm2, flame-retardant, ant-proof	75	m	Futsukaichi Substation	Oct-2025	Apr-2026	Free on Truck
404	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 725 mm2 single core, flame-retardant, ant-proof, including terminal treatment materials	160	m	Funakoshi Substation	Jan-2024	Oct-2024	Delivery
405	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof	90	m	Mizuma Substation	Nov-2023	Jun-2024	Delivery
406	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, 800 mm2, flame-retardant, ant-proof, water shielding layers	180	m	Yoshikuma Substation	Apr-2027	Oct-2027	Delivery
407	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers	280	m	Unoshima Substation	Apr-2026	Oct-2026	Delivery
408	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CVT 60 mm2, flame-retardant, ant-proof, with water shielding layers	260	m	Karita Substation	Apr-2024	Oct-2024	Delivery
409	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers	210	m	Kurosaki Substation	Apr-2025	Oct-2025	Delivery
410	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof, with water shielding layers	120	m	Imazu Substation	Apr-2026	Oct-2026	Delivery
411	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers	600	m	Sunatsu Substation	Apr-2027	Oct-2027	Delivery
412	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers	140	m	Wakahisa Substation	Apr-2026	Oct-2026	Delivery
413	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CVT 38 mm2, flame-retardant, ant-proof, with water shielding layers	50	m	Wakamatsu Substation	Apr-2025	Oct-2025	Delivery
414	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1400 mm2, flame-retardant, ant-proof, with water shielding layers	80	m	Asakawa Substation	Apr-2026	Oct-2026	Delivery
415	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1400 mm2, flame-retardant, ant-proof, with water shielding layers	80	m	Asakawa Substation	Apr-2027	Oct-2027	Delivery
416	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers	110	m	Dairi Substation	Apr-2024	Oct-2024	Delivery
417	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers	130	m	Daimon Substation	Apr-2024	Oct-2024	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
418	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof, with water shielding layers	120	m	Nakama Substation	Apr-2024	Oct-2024	Delivery
419	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV CVT22 mm2	300	m	Naka Kyushu Substation	Jun-2024	Sep-2024	Free on Truck
420	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CVT 100 mm2, flame-retardant, ant-proof, with water shielding layers	100	m	Tsukita Switching Station	Jul-2023	Jan-2024	Delivery
421	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CVT 60 mm2, flame-retardant, ant-proof, with water shielding layers	20	m	Buzen Substation	Apr-2026	Oct-2026	Delivery
422	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, air	60	m	Ikeda Substation	Jun-2026	Mar-2027	Delivery
423	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV, flame-retardant, ant-proof, air	80	m	Ueki Substation	Jan-2027	Oct-2027	Delivery
424	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1200 mm2, flame-retardant, ant-proof, air	360	m	Oe Substation	Jul-2024	Apr-2025	Delivery
425	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, terminal treatment material	180	m	Otakara Substation	Apr-2024	Feb-2025	Delivery
426	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, air	60	m	Kuwamizu Substation	Jan-2026	Oct-2026	Delivery
427	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant and ant-proof, including cable terminal treatment material	130	m	Tsuno Substation	Apr-2026	Oct-2026	Delivery
428	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, single core, flame-retardant, ant-proof, air	120	m	Todoroki Substation	Sep-2023	May-2024	Delivery
429	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof, with water shielding layers	100	m	Tomitaka Substation	Mar-2025	Oct-2025	Delivery
430	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, including flame resistant ant-proof, mini clad, including direct connection box	50	m	Nobeoka Substation	Apr-2025	Oct-2025	Delivery
431	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof, with water shielding layers	100	m	Hanabata Substation	Feb-2027	Jan-2028	Delivery
432	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV, flame-retardant, ant-proof, air	120	m	Hiyoshi Substation	Jan-2027	Oct-2027	Delivery
433	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 600 mm2, flame-retardant, ant-proof, air	60	m	Hotakubo Substation	Jul-2023	Apr-2024	Delivery
434	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof, air	140	m	Matsuzaki Substation	Jun-2024	Mar-2025	Delivery
435	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1200 mm2, flame-retardant, ant-proof, air	180	m	Matsubara Substation	Aug-2025	May-2026	Delivery
436	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 1600 mm2, flame-retardant, ant-proof, air	270	m	Yatsushiro Substation	Jul-2026	Apr-2027	Delivery
437	Power cables for transmission lines and substations	Power cable (6 kV)	6 kV, CV 800 mm2, flame-retardant, ant-proof, air	270	m	Yatsushiro Substation	Jul-2026	Apr-2027	Delivery
438	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 325 mm2, 1C, flame-retardant, ant-proof	50	m	Okuchi Substation	May-2024	Jan-2025	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
439	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 200 mm2, flame-retardant, ant-proof, with water shielding layers	90	m	Kyodomari Substation	Jan-2024	Oct-2024	Delivery
440	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 400 mm2, flame-retardant, ant-proof, with water shielding layers	100	m	Keitoku Substation	Feb-2024	Jan-2025	Delivery
441	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 100 mm2, flame-retardant, ant-proof, with water shielding layers	100	m	Keitoku Substation	Feb-2024	Jan-2025	Delivery
442	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CVT 100 mm2, flame-retardant, ant-proof	30	m	Koniya Substation	Mar-2024	Nov-2024	Delivery
443	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 60 mm2, flame-retardant, ant-proof	25	m	Suzaki Substation	Nov-2024	May-2025	Free on Truck
444	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 60 mm2, flame-retardant, ant-proof	25	m	Suzaki Substation	Nov-2025	May-2026	Free on Truck
445	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 200 mm2, 1C, flame-retardant, ant-proof	70	m	Takaono Substation	Jan-2024	Nov-2024	Free on Truck
446	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 500 mm2, flame-retardant, ant-proof	90	m	Tenmonkan Substation	May-2024	Jan-2025	Delivery
447	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 100 mm2, flame-retardant, ant-proof	50	m	Tenmonkan Substation	May-2024	Jan-2025	Delivery
448	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 500 mm2, flame-retardant, ant-proof	150	m	Tenmonkan Substation	Sep-2024	May-2025	Delivery
449	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 100 mm2, flame-retardant, ant-proof	50	m	Tenmonkan Substation	Sep-2024	May-2025	Delivery
450	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 100 mm2, flame-retardant, ant-proof	80	m	Nishijin Substation	Apr-2024	Oct-2024	Free on Truck
451	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 400 mm2, flame-retardant, ant-proof	60	m	Nogami Substation	Oct-2023	Nov-2024	Delivery
452	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CVT 200 mm2, flame-retardant, ant-proof	30	m	Island City Substation	Mar-2024	Sep-2025	Free on Truck
453	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 100 mm2, flame-retardant, ant-proof	30	m	Island City Substation	Mar-2024	Sep-2025	Free on Truck
454	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 325 mm2, flame-retardant, ant-proof	100	m	Kushikino Substation	Mar-2024	Oct-2024	Delivery
455	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 325 mm2, flame-retardant, ant-proof	100	m	Kushikino Substation	Mar-2025	Oct-2025	Delivery
456	Power cables for transmission lines and substations	Power cable (22 kV)	22k V, CV 200 mm2, flame-retardant, ant-proof	100	m	Takaono Substation	Mar-2027	Sep-2027	Delivery
457	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 500 mm2, flame-retardant, ant-proof	100	m	Takaono Substation	Mar-2027	Oct-2027	Delivery
458	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 100 mm2, flame-retardant, ant-proof, with water shielding layers	210	m	Katsuki Substation	Apr-2026	Oct-2026	Delivery
459	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 60 mm2, flame-retardant, ant-proof, with water shielding layers	130	m	Sunatsu Substation	Apr-2027	Oct-2027	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
460	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 600 mm2, flame-retardant, ant-proof, with water shielding layers	260	m	Sunatsu Substation	Apr-2027	Oct-2027	Delivery
461	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 60 mm2, flame-retardant, ant-proof	60	m	Sumiyoshi Substation	Jan-2024	Sep-2024	Free on Truck
462	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 600 mm2, flame-retardant, ant-proof	240	m	Sumiyoshi Substation	Aug-2026	Apr-2027	Free on Truck
463	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 100 mm2, flame-retardant, ant-proof	70	m	Sumiyoshi Substation	Aug-2026	Apr-2027	Free on Truck
464	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CV 400 mm2, flame-retardant, ant-proof, with water shielding layers	90	m	Sone Substation	Apr-2024	Oct-2024	Delivery
465	Power cables for transmission lines and substations	Power cable (22 kV)	22 kV, CVT 100 mm2, flame-retardant, ant-proof	45	m	Omuta Substation	Aug-2026	May-2027	Free on Truck
466	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm2, flame-retardant, ant-proof	60	m	Island City Substation	Mar-2024	Oct-2025	Installation, adjustment and field test
467	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 150 mm2, flame-retardant, ant-proof, without water shielding layers Including air terminal connection box and gas terminal connection box	40	m	Asahi Substation	Feb-2025	Dec-2025	Installation, adjustment and field test
468	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 150 mm2, flame-retardant, ant-proof, without water shielding layers Including air terminal connection box	50	m	Asahi Substation	Feb-2025	Dec-2025	Installation, adjustment and field test
469	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 150 mm2, flame-retardant, ant-proof, without water shielding layers Including air terminal connection box and gas terminal connection box	45	m	Asahi Substation	Feb-2026	Dec-2026	Installation, adjustment and field test
470	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 150 mm2, flame-retardant, ant-proof, without water shielding layers Including air terminal connection box	60	m	Asahi Substation	Feb-2026	Dec-2026	Installation, adjustment and field test
471	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 150 mm2, flame-retardant, ant-proof, without water shielding layers Including air terminal connection box and gas terminal connection box	340	m	Anse Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
472	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers Air terminal to air terminal	240	m	Anse Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
473	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers Air terminal to air terminal	300	m	Anse Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
474	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm2 flame-retardant, ant-proof, with water shielding layers (GIS to Elephant) including terminal box	50	m	Ichinose Substation	Feb-2027	Oct-2027	Installation, adjustment and field test
475	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 500 mm2, flame-retardant, ant-proof, with water shielding layers (Air insulating tube to GIS) including terminal boxes	170	m	Ichinose Substation	Feb-2027	Nov-2027	Installation, adjustment and field test
476	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 400 mm2, flame-retardant, ant-proof, with water shielding layers Including gas terminals to slip-on terminals, air terminals	120	m	Yokotake Substation	Nov-2025	Oct-2026	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
477	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 325 mm2, flame-retardant, ant-proof, with water shielding layers (Air insulator tube to Elephant) including terminal box	110	m	Hanabata Substation	Feb-2025	Dec-2025	Installation, adjustment and field test
478	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1200 mm2, flame-retardant, ant-proof, with water shielding layers Gas terminals to air terminals	110	m	Karita Substation	Apr-2024	Oct-2024	Installation, adjustment and field test
479	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1200 mm2, flame-retardant, ant-proof, with water shielding layers Gas terminals to air terminals	110	m	Karita Substation	Apr-2024	Oct-2024	Installation, adjustment and field test
480	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1200 mm2, flame-retardant, ant-proof, with water shielding layers Gas terminals to air terminals	110	m	Karita Substation	Apr-2024	Oct-2024	Installation, adjustment and field test
481	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers Gas terminals to air terminals	150	m	Karita Substation	Apr-2025	Oct-2025	Installation, adjustment and field test
482	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1200 mm2, single core, flame-retardant, ant-proof, with water shielding layers	1,800	m	Karita Substation	Feb-2026	Apr-2027	Installation, adjustment and field test
483	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1200 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminal box	260	m	Maruyama Substation	Jan-2025	Oct-2025	Installation, adjustment and field test
484	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1200 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminal box	240	m	Maruyama Substation	Jan-2026	Dec-2026	Installation, adjustment and field test
485	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 100 mm2, flame-retardant, ant-proof, with water shielding layers Gas terminals to air terminals	100	m	Yoshikuma Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
486	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 100 mm2, flame-retardant, ant-proof, with water shielding layers Gas terminals to air terminals	90	m	Yoshikuma Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
487	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm2, flame-retardant, ant-proof, without water shielding layers Including air terminal box	49	m	Kitsuki Substation	Feb-2024	Oct-2024	Installation, adjustment and field test
488	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm2, flame-retardant, ant-proof, without water shielding layers Including air terminal box	53	m	Kitsuki Substation	Feb-2024	Oct-2024	Installation, adjustment and field test
489	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1200 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminal box	180	m	Kurume Substation	Aug-2024	Apr-2025	Installation, adjustment and field test
490	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1200 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminal box	170	m	Kurume Substation	Jan-2025	Sep-2025	Installation, adjustment and field test
491	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 100 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	210	m	Kurume Substation	Aug-2025	Apr-2026	Installation, adjustment and field test
492	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 100 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	70	m	Kurume Substation	Oct-2025	Oct-2026	Installation, adjustment and field test
493	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 325 mm2, flame-retardant, ant-proof, with water-shielding layers, including gas terminal box and air terminal box	200	m	Kurume Substation	Jan-2026	Sep-2026	Installation, adjustment and field test
494	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 325 mm2, flame-retardant, ant-proof, without water shielding layers, including air terminal box	35	m	Tamagawa Substation	Feb-2025	Oct-2025	Installation, adjustment and field test
495	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 100 mm2, flame-retardant, ant-proof, with water shielding layers, (GIS to Elephant) including terminal box	100	m	Kumamoto Substation	Feb-2025	Nov-2025	Installation, adjustment and field test
496	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 250 mm2, flame-retardant, ant-proof, with water shielding layers, (GIS to Elephant) including terminal box	150	m	Kumamoto Substation	Feb-2025	Nov-2025	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
497	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 250 mm ² , flame-retardant, ant-proof, with water shielding layers, (GIS to Elephant) including terminal box	150	m	Kumamoto Substation	Feb-2025	Nov-2025	Installation, adjustment and field test
498	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm ² , flame-retardant, ant-proof, with water shielding layers, including oil terminals to gas terminals	350	m	Kumamoto Substation	Jan-2026	Jul-2026	Installation, adjustment and field test
499	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 800 mm ² , flame-retardant, ant-proof, with water shielding layers, including oil terminals to gas terminals	350	m	Kumamoto Substation	Jan-2026	Jul-2026	Installation, adjustment and field test
500	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 250 mm ² , flame-retardant, ant-proof, with water shielding layers, including oil terminals to gas terminals	150	m	Kumamoto Substation	Jan-2026	Jul-2026	Installation, adjustment and field test
501	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm ² , flame-retardant, ant-proof, with water shielding layers, including oil terminals to gas terminals	350	m	Kumamoto Substation	Jan-2027	Jul-2027	Installation, adjustment and field test
502	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 800 mm ² , flame-retardant, ant-proof, with water shielding layers, including oil terminals to gas terminals	350	m	Kumamoto Substation	Jan-2027	Jul-2027	Installation, adjustment and field test
503	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 250 mm ² , flame-retardant, ant-proof, with water shielding layers, including oil terminals to gas terminals	150	m	Kumamoto Substation	Jan-2027	Jul-2027	Installation, adjustment and field test
504	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm ² , flame-retardant, ant-proof, oil terminals to air terminals	600	m	Koga Substation	Apr-2028	Mar-2029	Installation, adjustment and field test
505	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 150 mm ² , flame-retardant, ant-proof, with water-shielding layers, gas terminal box and air terminal box	110	m	Egawa Substation	Jan-2025	Oct-2025	Installation, adjustment and field test
506	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 150 mm ² , flame-retardant, ant-proof, with water-shielding layers, gas terminal box and air terminal box	110	m	Egawa Substation	Oct-2026	Jun-2027	Installation, adjustment and field test
507	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm ² , flame-retardant, ant-proof, with water shielding layers, gas terminals to air terminals	90	m	Kashii Substation	Feb-2025	Oct-2025	Installation, adjustment and field test
508	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm ² , flame-retardant, ant-proof, with water shielding layers, including gas terminals to oil terminals	80	m	Kurotaki Substation	Apr-2025	Oct-2025	Installation, adjustment and field test
509	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm ² , flame-retardant, ant-proof, with water shielding layers, including air terminals to oil terminals	80	m	Imazu Substation	Apr-2026	Oct-2026	Installation, adjustment and field test
510	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 150 mm ² , flame-retardant, ant-proof, with water shielding layers, including gas terminals to oil terminals	150	m	Sunatsu Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
511	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 600 mm ² , flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	45	m	Ibusuki Substation	Sep-2026	May-2027	Installation, adjustment and field test
512	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm ² , flame-retardant, ant-proof, with water shielding layers, including air terminals to gas terminals	40	m	Kanoya Substation	Apr-2024	Nov-2024	Installation, adjustment and field test
513	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm ² , flame-retardant, ant-proof, including air terminals to gas terminals	30	m	Kanoya Substation	Mar-2025	Jan-2026	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
514	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1000 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals to gas terminals	100	m	Kanoya Substation	Apr-2025	Nov-2025	Installation, adjustment and field test
515	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 600 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals to gas terminals	100	m	Kanoya Substation	Apr-2026	Nov-2026	Installation, adjustment and field test
516	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	130	m	Wakamatsu Substation	Apr-2024	Oct-2024	Installation, adjustment and field test
517	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	110	m	Wakamatsu Substation	Apr-2024	Oct-2024	Installation, adjustment and field test
518	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, with water shielding layers, including oil terminals to gas terminals	290	m	Wakamatsu Substation	Apr-2026	Oct-2026	Installation, adjustment and field test
519	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 250 mm2, flame-retardant, ant-proof, in gas terminal box, including oil terminal box	300	m	Sumiyoshi Substation	Mar-2026	Apr-2027	Installation, adjustment and field test
520	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 250 mm2, flame-retardant, ant-proof, in gas terminal box, including oil terminal box	300	m	Sumiyoshi Substation	Mar-2027	Apr-2028	Installation, adjustment and field test
521	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 100 mm2, flame-retardant, ant-proof, oil terminal box, including air terminal box	80	m	Sumiyoshi Substation	Mar-2027	Apr-2028	Installation, adjustment and field test
522	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 1600 mm2, 1C, flame-retardant, ant-proof, including air terminals to gas terminals	300	m	Izumi Substation	Oct-2026	Aug-2027	Installation, adjustment and field test
523	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 80 mm2, flame-retardant, ant-proof, with water shielding layers (air insulator tube to air insulator tube), including terminal box	100	m	Kasugamachi Substation	Feb-2026	Nov-2026	Installation, adjustment and field test
524	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 80 mm2, flame-retardant, ant-proof, with water shielding layers (air insulator tube to air insulator tube), including terminal box	100	m	Kasugamachi Substation	Feb-2026	Nov-2026	Installation, adjustment and field test
525	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1000 mm2, flame-retardant, ant-proof, with water shielding layers (air insulator tube-GIS), including terminal box	100	m	Kasugamachi Substation	Feb-2026	Nov-2026	Installation, adjustment and field test
526	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminal box	300	m	Kozai Substation	Jul-2023	May-2024	Installation, adjustment and field test
527	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminal box	300	m	Kozai Substation	Dec-2024	Oct-2025	Installation, adjustment and field test
528	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 150 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	90	m	Kamitonno Substation	Apr-2024	Oct-2024	Installation, adjustment and field test
529	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 150 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	90	m	Kamitonno Substation	Apr-2026	Oct-2026	Installation, adjustment and field test
530	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1000 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals to air terminals	90	m	Kamitonno Substation	Apr-2026	Oct-2026	Installation, adjustment and field test
531	Power cables for transmission lines and substations	Power cable (66 kV)	66kV, CV 800 mm2, flame-retardant, ant-proof	120	m	Kamishirozu Substation	Nov-2025	Oct-2026	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
532	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1000 mm2, flame-retardant, ant-proof, without water-shielding layers, including air terminal box and gas terminal box	84	m	Ueno Substation	Feb-2025	Oct-2025	Installation, adjustment and field test
533	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1000 mm2, flame-retardant, ant-proof, without water-shielding layers, including air terminal box and gas terminal box	78	m	Ueno Substation	Feb-2025	Oct-2025	Installation, adjustment and field test
534	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 400 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminal box	130	m	Kuwamizu Substation	Oct-2025	Nov-2026	Installation, adjustment and field test
535	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1500 mm2, flame-retardant, ant-proof, with water shielding layers (air insulator tube to GIS) including terminal box	165	m	Suya Substation	Feb-2024	Nov-2024	Installation, adjustment and field test
536	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1500 mm2, flame-retardant, ant-proof, with water shielding layers (air insulator tube to GIS) including terminal box	140	m	Suya Substation	Feb-2024	Nov-2024	Installation, adjustment and field test
537	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, with water shielding layers, gas terminals to air terminals	90	m	Suzaki Substation	Sep-2024	May-2025	Installation, adjustment and field test
538	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to oil terminals	60	m	Suzaki Substation	Sep-2025	May-2026	Installation, adjustment and field test
539	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to oil terminals	60	m	Suzaki Substation	Aug-2026	Apr-2027	Installation, adjustment and field test
540	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 100 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to oil terminals	40	m	Suzaki Substation	Aug-2026	Apr-2027	Installation, adjustment and field test
541	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, single core, flame-retardant, ant-proof, with water shielding layers, including oil terminal box	90	m	Seto Substation	Apr-2025	Nov-2025	Installation, adjustment and field test
542	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, single core, flame-retardant, ant-proof, with water-shielding layers, including oil terminal box and gas terminal box	50	m	Seto Substation	Apr-2025	Nov-2025	Installation, adjustment and field test
543	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 500 mm2, single core, flame-retardant, ant-proof, with water-shielding layers, including air terminal box and gas terminal box	110	m	Seto Substation	Feb-2026	Nov-2026	Installation, adjustment and field test
544	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 500 mm2, single core, flame-retardant, ant-proof, with water-shielding layers, including air terminal box and gas terminal box	100	m	Seto Substation	May-2026	Dec-2026	Installation, adjustment and field test
545	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1000 mm2, single core, flame-retardant, ant-proof, with water-shielding layers, including air terminal box and oil terminal box	330	m	Nishi Sasebo Substation	May-2027	Dec-2027	Installation, adjustment and field test
546	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers (air insulator tube to GIS), including terminal box	110	m	Kawashiri Substation	Feb-2026	Jan-2027	Installation, adjustment and field test
547	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers (air insulator tube to GIS), including terminal box	100	m	Kawashiri Substation	Feb-2026	Jan-2027	Installation, adjustment and field test
548	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers (air insulator tube to GIS), including terminal box	120	m	Kawashiri Substation	Feb-2027	Jan-2028	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
549	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1600 mm ² , flame-retardant, ant-proof, with water shielding layers (air insulator tube to GIS), including terminal box	100	m	Kawashiri Substation	Feb-2027	Jan-2028	Installation, adjustment and field test
550	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm ² , flame-retardant, ant-proof, with water shielding layers, including air terminals to oil terminals	300	m	Sendai Substation	Mar-2026	Sep-2026	Installation, adjustment and field test
551	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm ² , flame-retardant, ant-proof, with water shielding layers, including gas terminals to oil terminals	80	m	Asakawa Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
552	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm ² , flame-retardant, ant-proof, with water shielding layers, including gas terminals to oil terminals	80	m	Asakawa Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
553	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 600 mm ² , flame-retardant, ant-proof, with water shielding layers, including air terminals to gas terminals	200	m	Asakawa Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
554	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 600 mm ² , flame-retardant, ant-proof, with water shielding layers, including air terminals to gas terminals	200	m	Asakawa Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
555	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 100 mm ² , flame-retardant, ant-proof, with water shielding layers, including air terminals to air terminals	90	m	Sone Substation	Apr-2025	Oct-2025	Installation, adjustment and field test
556	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 250 mm ² , flame-retardant, ant-proof, water-shielding layers, including gas terminal box and air terminal box	120	m	Oe Substation	Apr-2024	May-2025	Installation, adjustment and field test
557	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 100 mm ² , flame-retardant, ant-proof, water shielding layers, including air terminal box	30	m	Oe Substation	Apr-2024	May-2025	Installation, adjustment and field test
558	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 600 mm ² , flame-retardant, ant-proof, slip-on (GIS) to air, with water shielding layers	90	m	Omisaki Substation	Aug-2024	Jun-2025	Installation, adjustment and field test
559	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm ² , flame-retardant, ant-proof, slip-on (GIS) to air, with water shielding layers	30	m	Omisaki Substation	Aug-2024	Jun-2025	Installation, adjustment and field test
560	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 600 mm ² , flame-retardant, ant-proof, with water shielding layers	60	m	Okawa Substation	Apr-2024	May-2025	Installation, adjustment and field test
561	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 600 mm ² , flame-retardant, ant-proof, with water shielding layers	100	m	Okawa Substation	Apr-2024	Sep-2025	Installation, adjustment and field test
562	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm ² , flame-retardant ant-proof, air to oil, with water shielding layers	210	m	Omura Substation	Nov-2025	Sep-2026	Installation, adjustment and field test
563	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm ² , flame-retardant ant-proof, air to oil, with water shielding layers	450	m	Omura Substation	Jul-2026	Sep-2027	Installation, adjustment and field test
564	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm ² , flame-retardant, ant-proof, with water shielding layers, including air terminal box	120	m	Oita Substation	Jul-2024	May-2025	Installation, adjustment and field test
565	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm ² , flame-retardant, ant-proof, with water shielding layers, including oil terminals to gas terminals	90	m	Daimon Substation	Apr-2024	Oct-2024	Installation, adjustment and field test
566	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 1600 mm ² , flame-retardant, ant-proof, with water shielding layers, including air terminals connection box	180	m	Oyodogawa No.2 Substation	Feb-2027	Dec-2027	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
567	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals to oil terminals	80	m	Dairi Substation	Apr-2024	Oct-2024	Installation, adjustment and field test
568	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 100 mm2, flame-retardant, ant-proof, water shielding layers, including air terminal box	30	m	Takeshita Substation	Jun-2026	May-2027	Installation, adjustment and field test
569	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 800 mm2, flame-retardant, ant-proof, water shielding layers, including air terminal box	110	m	Tadami Substation	Jan-2024	Sep-2024	Installation, adjustment and field test
570	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 800 mm2, flame-retardant, ant-proof, water shielding layers, including air terminal box	180	m	Tadami Substation	Mar-2024	Dec-2024	Installation, adjustment and field test
571	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, including gas terminal box and air terminal box accessories	200	m	Nagao Substation	Sep-2024	Sep-2025	Installation, adjustment and field test
572	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, including gas terminal box and air terminal box accessories	150	m	Nagao Substation	Sep-2024	Sep-2025	Installation, adjustment and field test
573	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1000 mm2, flame-retardant, ant-proof, including gas terminal box and air terminal box accessories	80	m	Nagao Substation	Sep-2024	Sep-2025	Installation, adjustment and field test
574	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, including gas terminal box and air terminal box accessories	80	m	Nagao Substation	Sep-2024	Sep-2025	Installation, adjustment and field test
575	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 250 mm2, flame-retardant, ant-proof, including gas terminal box and air terminal box accessories	250	m	Nagao Substation	Sep-2024	Sep-2025	Installation, adjustment and field test
576	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1000 mm2, flame-retardant, ant-proof, including gas terminal box and air terminal box accessories	150	m	Nagao Substation	Jun-2025	Jun-2026	Installation, adjustment and field test
577	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, including gas terminal box and air terminal box accessories	150	m	Nagao Substation	Jun-2025	Jun-2026	Installation, adjustment and field test
578	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 250 mm2, flame-retardant, ant-proof, including gas terminal box and air terminal box accessories	200	m	Nagao Substation	Jun-2025	Jun-2026	Installation, adjustment and field test
579	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, including gas terminal box and air terminal box accessories	200	m	Nagao Substation	Jan-2026	Jan-2027	Installation, adjustment and field test
580	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, including gas terminal box and air terminal box accessories	150	m	Nagao Substation	Jan-2026	Jan-2027	Installation, adjustment and field test
581	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 250 mm2, flame-retardant, ant-proof, including gas terminal box and air terminal box accessories	200	m	Nagao Substation	Jan-2026	Jan-2027	Installation, adjustment and field test
582	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1000 mm2, flame-retardant, ant-proof, with water-shielding layers, including gas terminal box and air terminal box	60	m	Tsuboi Substation	Oct-2024	Oct-2025	Installation, adjustment and field test
583	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 150 mm2, flame-retardant, ant-proof, including gas terminals to air terminals	90	m	Tenmonkan Substation	Sep-2024	May-2025	Installation, adjustment and field test
584	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 150 mm2, flame-retardant, ant-proof, including gas terminals to air terminals	75	m	Tenmonkan Substation	Sep-2025	May-2026	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
585	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 150 mm2, flame-retardant, ant-proof, including air terminals to air terminals	30	m	Tenmonkan Substation	Sep-2025	May-2026	Installation, adjustment and field test
586	Power cables for transmission lines and substations	Power cable (66 kV)	66kV, CV 200 mm2, flame-retardant, ant-proof	220	m	Higashi Fukuoka Substation	May-2025	May-2026	Installation, adjustment and field test
587	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 250 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	50	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
588	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 250 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	50	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
589	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 250 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	60	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
590	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 250 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	60	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
591	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	260	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
592	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	260	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
593	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	380	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
594	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	380	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
595	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	310	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
596	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	310	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
597	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	360	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
598	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to air terminals	360	m	Higashibuzen Substation	Dec-2025	Jul-2027	Installation, adjustment and field test
599	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers, including oil terminals to gas terminals	830	m	Higashibuzen Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
600	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers, including oil terminals to gas terminals	1,190	m	Higashibuzen Substation	Apr-2027	Oct-2027	Installation, adjustment and field test
601	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT100m2, Triplex, flame-retardant, ant-proof, with water shielding layers	100	m	Itouzu Substation	Sep-2025	Feb-2027	Installation, adjustment and field test
602	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 2000 mm2, single core, flame-retardant, ant-proof, with water shielding layers	150	m	Itouzu Substation	Apr-2026	Sep-2027	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
603	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 400 mm2, flame-retardant, ant-proof, with water shielding layers (air insulator tube to air insulator tube), including terminal box	360	m	Minami Kumamoto Substation	Feb-2024	Jan-2025	Installation, adjustment and field test
604	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1600 mm2, flame-retardant, ant-proof, including air terminals to air terminals	900	m	Minami Kumamoto Substation	Nov-2027	Jan-2029	Installation, adjustment and field test
605	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to oil terminals	45	m	Futase Substation	Sep-2023	May-2024	Installation, adjustment and field test
606	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals to gas terminals	60	m	Futase Substation	Apr-2024	Oct-2024	Installation, adjustment and field test
607	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1600 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals to gas terminals	60	m	Futase Substation	Apr-2025	Oct-2025	Installation, adjustment and field test
608	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals to oil terminals	110	m	Futase Substation	Apr-2025	Oct-2025	Installation, adjustment and field test
609	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 150 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals connection box	60	m	Nichinan Substation	Feb-2026	Dec-2026	Installation, adjustment and field test
610	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 150 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals connection box	70	m	Nichinan Substation	Feb-2027	Dec-2027	Installation, adjustment and field test
611	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT250 mm2, flame-retardant, ant-proof	150	m	Shirakibaru Substation	Nov-2025	Oct-2026	Installation, adjustment and field test
612	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 250 mm2, flame-retardant, ant-proof, water-shielding layers, including gas terminal box and air terminal box	50	m	Yatsushiro Substation	Apr-2026	May-2027	Installation, adjustment and field test
613	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV800 mm2, flame-retardant, ant-proof, water-shielding layers, including air terminal box and gas terminal box	168	m	Takeo Substation	Jun-2025	Apr-2026	Installation, adjustment and field test
614	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1000 mm2, flame-retardant, ant-proof, water-shielding layers, including air terminal box and gas terminal box	330	m	Takeo Substation	Dec-2026	Oct-2027	Installation, adjustment and field test
615	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm2, flame-retardant, ant-proof, without water-shielding layers, including air terminal box and gas terminal box	37	m	Beppu Substation	Feb-2025	Nov-2025	Installation, adjustment and field test
616	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm2, flame-retardant, ant-proof, without water-shielding layers, including air terminal box and gas terminal box	27	m	Beppu Substation	Feb-2025	Nov-2025	Installation, adjustment and field test
617	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1200 mm2, flame-retardant, ant-proof, without water-shielding layers, including air terminal box and gas terminal box	93	m	Beppu Substation	Feb-2026	Oct-2026	Installation, adjustment and field test
618	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 1200 mm2, flame-retardant, ant-proof, without water-shielding layers, including air terminal box and gas terminal box	150	m	Beppu Substation	Feb-2026	Oct-2026	Installation, adjustment and field test
619	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV80sq (flame-retardant, ant-proof), with water shielding layers (air insulator tube to air insulator tube), including terminal box	100	m	Hotakubo Substation	Feb-2025	Mar-2026	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
620	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 600 mm2, flame-retardant, ant-proof, with water shielding layers, air terminals to air terminals	180	m	Manose Substation	Feb-2027	Oct-2027	Installation, adjustment and field test
621	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, 1C, flame-retardant, ant-proof, in oil terminal box, gas terminal box	50	m	Meizan Substation	Jan-2025	Nov-2025	Installation, adjustment and field test
622	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 100 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals to air terminals	50	m	Meinohama Substation	Jun-2026	May-2027	Installation, adjustment and field test
623	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 500 mm2, single core, flame-retardant, ant-proof, with water-shielding layers, including air terminal box and gas terminal box	120	m	Omodaka Substation	May-2024	Dec-2024	Installation, adjustment and field test
624	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 500 mm2, single core, flame-retardant, ant-proof, with water-shielding layers, including air terminal box and gas terminal box	150	m	Omodaka Substation	May-2024	Feb-2025	Installation, adjustment and field test
625	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm2, flame-retardant, ant-proof	100	m	Kisa Tree Substation	May-2024	May-2025	Installation, adjustment and field test
626	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, water shielding layers, including air terminal box	180	m	Kisa Tree Substation	Aug-2024	Apr-2025	Installation, adjustment and field test
627	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 325 mm2, flame-retardant, ant-proof	100	m	Kisa Tree Substation	May-2025	Sep-2026	Installation, adjustment and field test
628	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 200 mm2, flame-retardant, ant-proof, water shielding layers, including air terminal box	180	m	Kisa Tree Substation	Aug-2026	Apr-2027	Installation, adjustment and field test
629	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm2, flame-retardant, ant-proof	100	m	Noma Substation	Jul-2024	May-2025	Installation, adjustment and field test
630	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm2, flame-retardant, ant-proof, water shielding layers, including air terminal box	80	m	Arie Substation	Jan-2024	Oct-2024	Installation, adjustment and field test
631	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CVT 200 mm2, flame-retardant, ant-proof, water shielding layers, including air terminal box	110	m	Arie Substation	Jan-2026	Oct-2026	Installation, adjustment and field test
632	Power cables for transmission lines and substations	Power cable (66 kV)	66 kV, CV 325 mm2, flame-retardant, ant-proof, with water shielding layers, including gas terminals, oil terminals	100	m	Minoshima Substation	Aug-2023	Apr-2024	Installation, adjustment and field test
633	Power cables for transmission lines and substations	Power cable (110 kV)	110 kV, CV 80 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals to gas terminals	80	m	Wakamatsu Substation	Apr-2026	Oct-2026	Installation, adjustment and field test
634	Power cables for transmission lines and substations	Power cable (110 kV)	110 kV, CV 2000 mm2, flame-retardant, ant-proof, with water shielding layers, including oil terminals to gas terminals	180	m	Wakamatsu Substation	Apr-2026	Oct-2026	Installation, adjustment and field test
635	Power cables for transmission lines and substations	Power cable (110 kV)	110 kV, CV 200 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals to oil terminals	100	m	Sendai Substation	Mar-2026	Sep-2026	Installation, adjustment and field test
636	Power cables for transmission lines and substations	Power cable (110 kV)	110 kV, CV 200 mm2, flame-retardant, ant-proof, with water shielding layers, including air terminals to oil terminals	200	m	Sendai Substation	Mar-2026	Sep-2026	Installation, adjustment and field test
637	Power cables for transmission lines and substations	Power cable (110 kV)	110 kV, CV 1000 mm2, flame-retardant, ant-proof, water shielding layers, including air terminal box	159	m	Takeo Substation	Jul-2023	Apr-2024	Installation, adjustment and field test
638	Power cables for transmission lines and substations	Power cable (11 kV)	11 kV, CV 100 mm2, flame-retardant, ant-proof, air	120	m	Oguni Substation	Apr-2024	Oct-2024	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
639	Power cables for transmission lines and substations	Power cable (11 kV)	11 kV, CV 400 mm ² , flame-retardant and ant-proof, including cable terminal treatment material	500	m	Saigo Substation	Apr-2024	Oct-2024	Delivery
640	Power cables for transmission lines and substations	Power cable (11 kV)	11 kV, CV 800 mm ² , flame-retardant and ant-proof, including cable terminal treatment material	300	m	Saigo Substation	Apr-2024	Oct-2024	Delivery
641	Power cables for transmission lines and substations	Power cable (220 kV)	220 kV, CV 800 mm ² , flame-retardant, ant-proof, with water shielding layers, including gas terminals to oil terminals	200	m	Wakamatsu Substation	Apr-2026	Oct-2026	Installation, adjustment and field test
642	control cables	Control cable	CVVS, 5.5 x 12, flame retardant	19	km	Izumi Substation	May-2026	Dec-2026	Free on Truck
643	control cables	Control cable	CVVS, 14 sq x 6 cores, etc., flame-retardant,	30	km	Kitakyushu Substation	Dec-2023	Apr-2024	Delivery
644	control cables	Control cable	CVVS, 14 sq x 6 cores, etc., flame-retardant,	30	km	Kitakyushu Substation	Dec-2023	Apr-2024	Delivery
645	control cables	Control cable	CVVS, 14 sq x 6 cores, etc., flame-retardant,	30	km	Kitakyushu Substation	Dec-2023	Apr-2024	Delivery
646	control cables	Control cable	CVVS, 14 sq x 6 cores, etc., flame-retardant,	63	km	Kumamoto Substation	May-2025	Oct-2025	Delivery
647	control cables	Control cable	CVVS, 5.5 x 12, flame retardant	19	km	Shin Kagoshima Substation	Jan-2024	Jul-2024	Free on Truck
648	control cables	Control cable	CVVS, 5.5sq x 12 cores and others, flame-retardant, ant-proof	20	km	Tsukita Switching Station	Jan-2024	Jul-2024	Delivery
649	control cables	Control cable	CVVS, 14 sq x 6 cores, etc., flame-retardant,	30	km	Nishi Kyushu Substation	Apr-2025	Aug-2025	Delivery
650	control cables	Control cable	CVVS, 14 sq x 6 cores, etc., flame-retardant,	30	km	Nishi Kyushu Substation	Apr-2026	Aug-2026	Delivery
651	Monitoring and alarming devices	ITV	Network cameras x 8, lighting LED units for overhead x 8, monitoring terminals x 1 and others	1	set	Miyakonojo Substation	Jun-2023	Jul-2024	Installation, adjustment and field test
652	supporting structure	Shin-Kagoshima substation, Unit 1, main transformer replacement work	220 kV, rack, general angle, 25 t	1	set	Shin Kagoshima Substation	Oct-2023	May-2024	Free on Truck
653	supporting structure	Izumi substation, reinforcement work	220 kV, rack, general angle, 20 t	1	set	Izumi Substation	Dec-2025	Oct-2026	Free on Truck
654	supporting structure	Izumi substation, 220 kV drawing work (KK)	220 kV, rack, general angle, 6 t	1	set	Izumi Substation	Jun-2024	Jan-2025	Free on Truck
655	remote monitoring and control system	Electric power station server	IP, server rack x 1, input/output rack x 6, relay processing rack, and relay device	1	set	Akasaka Substation	Sep-2025	Mar-2027	Installation, adjustment and field test
656	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 2, relay rack x 1, relay device, with I/F for power distribution	1	set	Ashiya Substation	Sep-2023	Sep-2025	Installation, adjustment and field test
657	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 2, relay rack x 1, relay device, with power distribution I/F and integrated self-recovery function	1	set	Ano Substation	Jun-2026	Jun-2027	Installation, adjustment and field test
658	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output rack x 2, power distribution I/F x 1, opposed CDT, with integrated self-recovery function	1	set	Izaku Substation	Sep-2023	Jun-2025	Installation, adjustment and field test
659	remote monitoring and control system	Electric power station server	IP server stack	1	set	Izumi Substation	Jun-2024	Jun-2025	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
660	remote monitoring and control system	Electric power station server	Server rack x 1, input/output racks x 2, distribution IF, relay processing rack, integrated self-recovery functions-2 lines	1	set	Izuhara Substation	Apr-2024	Mar-2026	Installation, adjustment and field test
661	remote monitoring and control system	Electric power station server	Input/output rack expansion x 1	1	set	Okuchi Substation	Dec-2023	Feb-2025	Installation, adjustment and field test
662	remote monitoring and control system	Electric power station server	Input/output rack expansion x 9, with integrated self-recovery function	1	set	Osumi Substation	Jun-2026	Jun-2027	Installation, adjustment and field test
663	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 3, relay rack x 2, relay device, with I/F for power distribution	1	set	Katsuki Substation	Jun-2025	Jun-2026	Installation, adjustment and field test
664	remote monitoring and control system	Electric power station server	IP server rack, input/output rack x 4, relay processing panel x 2	1	set	Karita Substation	May-2024	Jan-2026	Installation, adjustment and field test
665	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 10, with power distribution IF, and integrated self-recovery function	1	set	Kita Saga Substation	May-2024	May-2025	Installation, adjustment and field test
666	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 2, with power distribution IF, and integrated self-recovery function	1	set	Kiyama Substation	Jun-2026	Jun-2027	Installation, adjustment and field test
667	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 1, relay rack x 1, relay device, with I/F for power distribution	1	set	Kinkeicho Substation	Dec-2024	Jun-2026	Installation, adjustment and field test
668	remote monitoring and control system	Electric power station server	Including input/output racks x 4 and server rack modifications	4	set	Kumamoto Substation	May-2025	Jun-2026	Installation, adjustment and field test
669	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 2, relay rack x 1, relay device, with I/F for power distribution	1	set	Shiratori Substation	Sep-2023	Sep-2025	Installation, adjustment and field test
670	remote monitoring and control system	Electric power station server	Input/output rack x 1, relay processing rack x 1	1	set	Sunatsu Substation	Jun-2024	Sep-2026	Installation, adjustment and field test
671	remote monitoring and control system	Electric power station server	IP server stack	1	set	Sunatsu Substation	Jun-2026	Jun-2027	Installation, adjustment and field test
672	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 2, with power distribution IF, and integrated self-recovery function	1	set	Sonezaki Substation	Jun-2025	Jun-2026	Installation, adjustment and field test
673	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 2, with power distribution IF, and integrated self-recovery function	1	set	Takakise Substation	Apr-2024	Apr-2025	Installation, adjustment and field test
674	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output rack x 2, power distribution I/F x 1, opposed CDT, with integrated self-recovery function	1	set	Harara Substation	Jun-2026	Jun-2027	Installation, adjustment and field test
675	remote monitoring and control system	Electric power station server	IP, server rack x 4, input/output racks x 12 (standard type)	1	set	Himuka Substation	Mar-2026	Nov-2027	Installation, adjustment and field test
676	remote monitoring and control system	Electric power station server	IP server stack	1	set	Fujita Substation	Jun-2025	Jun-2026	Installation, adjustment and field test
677	remote monitoring and control system	Electric power station server	IP server rack x 4, input/output racks x 40	1	set	Buzen Substation	Jun-2024	Jul-2025	Installation, adjustment and field test
678	remote monitoring and control system	Electric power station server	IP server stack	1	set	Futajima Substation	Jun-2024	Jun-2025	Installation, adjustment and field test
679	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 2, with power distribution IF, and integrated self-recovery function	1	set	Honjo Substation	Nov-2024	Sep-2025	Installation, adjustment and field test
680	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output rack x 2, power distribution I/F x 1, opposed CDT, with integrated self-recovery function	1	set	Makizono Substation	Jun-2025	Jun-2026	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications		Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery	
681	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output rack x 3, power distribution I/F x 1, opposed CDT, without integrated self-recovery function	1	set	Makurazaki Substation	Jun-2024	Jun-2025	Installation, adjustment and field test
682	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output rack x 1, power distribution I/F x 1, opposed CDT, with integrated self-recovery function	1	set	Mukaida Substation	Jun-2026	Jun-2027	Installation, adjustment and field test
683	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 3, power distribution I/F x 1, opposed CDT, with integrated self-recovery function	1	set	Meizan Substation	Jun-2025	Jun-2026	Installation, adjustment and field test
684	remote monitoring and control system	Electric power station server	Input/output rack x 1, relay processing rack x 1	1	set	Yoshikuma Substation	Dec-2023	Feb-2026	Installation, adjustment and field test
685	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 2, relay rack x 1, relay device, with power distribution I/F and integrated self-recovery function	1	set	Asakawa Substation	Aug-2025	Feb-2027	Installation, adjustment and field test
686	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 3, with power distribution IF, and integrated self-recovery function	1	set	Arie Substation	Sep-2024	Nov-2025	Installation, adjustment and field test
687	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 2, power distribution I/F x 1, (1 opposed CDT), with integrated self-recovery function	1	set	Usuki Substation	Apr-2025	Mar-2026	Installation, adjustment and field test
688	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 2, power distribution I/F x 1, (1 opposed CDT), with integrated self-recovery function	1	set	Kakiharuru Substation	Apr-2024	Mar-2025	Installation, adjustment and field test
689	remote monitoring and control system	Electric power station server	Server rack x 1, input/output racks x 2, power distribution I/F, TC relay device	1	set	Kasugamachi Substation	Oct-2025	Apr-2027	Installation, adjustment and field test
690	remote monitoring and control system	Electric power station server	IP server rack x 1, input/output racks x 3, with power distribution IF, and integrated self-recovery function	1	set	Kumano Substation	Sep-2025	Nov-2026	Installation, adjustment and field test
691	remote monitoring and control system	Electric power station server	Server rack x 1, input/output racks x 2, power distribution I/F, TC relay device, self-recovery function x 2 circuits	1	set	Koga Substation	Oct-2025	Apr-2027	Installation, adjustment and field test
692	remote monitoring and control system	Electric power station server	Server rack x 1, input/output racks x 2, power distribution I/F, TC relay device, self-recovery function x 3 circuits	1	set	Tanoura Substation	Oct-2024	Apr-2026	Installation, adjustment and field test
693	remote monitoring and control system	Electric power station server	Server rack x 1, input/output racks x 2, power distribution I/F, TC relay device	1	set	Takamori Substation	Oct-2024	Apr-2026	Installation, adjustment and field test
694	remote monitoring and control system	Electric power station server	Server rack x 1, input/output racks x 2, power distribution I/F, TC relay device, self-recovery function x 3 circuits	1	set	Tamukae Substation	Oct-2024	Apr-2026	Installation, adjustment and field test
695	remote monitoring and control system	Electric power station server	Server rack x 1, input/output rack x 1, power distribution I/F, TC relay device	1	set	Chikami Substation	Jun-2026	Apr-2028	Installation, adjustment and field test
696	remote monitoring and control system	Electric power station server	IP server stack x 1	1	set	Tsukumi Substation	Apr-2025	Mar-2026	Installation, adjustment and field test
697	remote monitoring and control system	Electric power station server	Server rack x 1, input/output racks x 2, power distribution I/F, TC relay device, self-recovery function x 2 circuits	1	set	Hita Substation	Jun-2026	Apr-2028	Installation, adjustment and field test
698	remote monitoring and control system	Electric power station server	CDT, server rack x 1	1	set	Narao Substation	Nov-2025	Dec-2026	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
699	remote monitoring and control system	Electric power station server	IP, server rack x 1, input/output racks x 2, with power distribution I/F, and integrated self-recovery function	1	set	Fujidana Substation	Aug-2025	Oct-2026	Installation, adjustment and field test
700	remote monitoring and control system	Electric power station server	IP, server rack x 1, input/output racks x 2, with power distribution I/F, and integrated self-recovery function	1	set	Funakoshi Substation	Sep-2025	Nov-2026	Installation, adjustment and field test
701	remote monitoring and control system	Electric power station server	IP, server rack x 1, input/output racks x 1, with power distribution IF, and integrated self-recovery function	1	set	Koyagi Substation	Aug-2024	Oct-2025	Installation, adjustment and field test
702	Fire extinguisher systems	Nitrogen extinguishing equipment	Nitrogen extinguishing equipment	1	panel	Shin Hyuga Substation	Oct-2025	Nov-2026	Installation and adjustment
703	Aluminum pipe bus	Aluminum pipe	180 Φ x 10 t x 110 m, 5 t x 60 m, 120 Φ x 12 t x 130 m, 100 Φ x 6 t x 280 m	600	m	Shin Kagoshima Substation	Nov-2023	Jul-2024	Free on Truck
704	GIS (110/66 kV)	GIS(72 kV)	72 kV, 800 A, 20 kA, main bus 2000 A, CT 2 cores, slip-on connection, transformer unit	1	set	Island City Substation	Feb-2024	Aug-2025	Installation, adjustment and field test
705	GIS (110/66 kV)	GIS(72 kV)	72 kV, F-GIS (power transmission lines x 2, transformers x 2, section x 1, PT x 1)	1	set	Asakawa Substation	Jan-2025	Jan-2027	Installation, adjustment and field test
706	GIS (110/66 kV)	GIS(72 kV)	72 kV, 2000 A, 25 kA, F-GIS, Tr Unit, bus (3000 A) slip-on	1	set	Izumi Substation	Sep-2025	Dec-2026	Free on Truck
707	GIS (110/66 kV)	GIS(72 kV)	72 kV, 1200 A, 25 kA, F-GIS, Tr Unit, bus (3000 A) slip-on	1	set	Izumi Substation	Sep-2025	Dec-2026	Free on Truck
708	GIS (110/66 kV)	GIS(72 kV)	72 kV, 800 A, 31.5 kA, reduced F-GIS, power transmission line unit, double bus, Area-D, in-gas	1	set	Itouzu Substation	Mar-2027	Nov-2028	Installation, adjustment and field test
709	GIS (110/66 kV)	GIS(72 kV)	72 kV, 3000 A, 31.5 kA, reduced F-GIS, power transmission line unit, double bus, Area-D, in-air	2	set	Itouzu Substation	Mar-2027	Nov-2028	Installation, adjustment and field test
710	GIS (110/66 kV)	GIS(72 kV)	72 kV, 3000 A, 31.5 kA, reduced F-GIS, power transmission line unit, double bus, Area-D, in-air	2	set	Itouzu Substation	Mar-2027	Jun-2030	Installation, adjustment and field test
711	GIS (110/66 kV)	GIS(72 kV)	72 kV, 3000 A, 31.5 kA, reduced F-GIS, transformer unit, double bus, Area-D, existing connection, stand-alone	1	set	Itouzu Substation	Mar-2027	Nov-2028	Installation, adjustment and field test
712	GIS (110/66 kV)	GIS(72 kV)	72 kV, 3000 A, 31.5 kA, reduced F-GIS transformer unit, double bus, Area-D, existing connection, stand-alone	1	set	Itouzu Substation	Mar-2027	Nov-2028	Installation, adjustment and field test
713	GIS (110/66 kV)	GIS(72 kV)	72 kV, 800 A, 31.5 kA, reduced F-GIS, GTr unit, double bus, Area-D, existing connection, stand-alone	1	set	Itouzu Substation	Mar-2027	Nov-2028	Installation, adjustment and field test
714	GIS (110/66 kV)	GIS(72 kV)	72 kV, 3000 A, 31.5 kA, reduced F-GIS, PT unit, double bus, Area-D, existing connection, stand-alone	1	set	Itouzu Substation	Mar-2027	Nov-2028	Installation, adjustment and field test
715	GIS (110/66 kV)	GIS(72 kV)	72 kV, 800 A, 20 kA, F-GIS transmission line unit, single bus, CT: 1 PS x 3, slip on	1	set	Omisaki Substation	Oct-2024	May-2026	Installation, adjustment and field test
716	GIS (110/66 kV)	GIS(72 kV)	72 kV, 800 A, 20 kA, F-GIS, transformer unit, single bus, CT: 1 P x 1, slip-on	2	set	Omisaki Substation	Oct-2024	May-2026	Installation, adjustment and field test
717	GIS (110/66 kV)	GIS(72 kV)	72 kV, 800 A, 20 kA, F-GIS, DS + PT Unit, single bus	1	set	Omisaki Substation	Oct-2024	May-2026	Installation, adjustment and field test
718	GIS (110/66 kV)	GIS(72 kV)	72 kV, 800 A, 20 kA, F-GIS, DS Unit, single bus	1	set	Omisaki Substation	Oct-2024	May-2026	Installation, adjustment and field test
719	GIS (110/66 kV)	GIS(72 kV)	72 kV, 3000 A, 31.5 kA, 2C, A, F-GIS, transformer unit, 275-M	1	set	Kagoshima Substation	Feb-2027	Jul-2028	Installation, adjustment and field test

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
720	GIS (110/66 kV)	GIS(72 kV)	72 kV, 2000 A, 31.5 kA, F-GIS, transmission unit, existing connection	2	set	Kumamoto Substation	Sep-2023	Mar-2025	Installation, adjustment and field test
721	GIS (110/66 kV)	GIS(72 kV)	72 kV, 3000 A, 31.5 kA, F-GIS, PT Ar, transformer unit, single bus	2	set	Kumamoto Substation	Apr-2025	Jul-2026	Installation, adjustment and field test
722	GIS (110/66 kV)	GIS(72 kV)	72 kV, 1200 A, 31.5 kA, F-GIS, transformer unit, single bus	4	set	Kumamoto Substation	Apr-2025	Jul-2026	Installation, adjustment and field test
723	GIS (110/66 kV)	GIS(72 kV)	72 kV, 800 A, 31.5 kA F-GIS, transformer unit, single bus	2	set	Kumamoto Substation	Apr-2025	Jul-2026	Installation, adjustment and field test
724	GIS (110/66 kV)	GIS(72 kV)	72 kV, 2000 A, F-GIS, section unit, single bus	1	set	Kumamoto Substation	Apr-2025	Jul-2026	Installation, adjustment and field test
725	GIS (110/66 kV)	GIS(72 kV)	72 kV, 800 A, 31.5 kA, transformer unit	1	set	Higashi Fukuoka Substation	Apr-2024	Aug-2025	Free on Truck
726	GIS (110/66 kV)	GIS(72 kV)	72 kV, F-GIS (power transmission lines x 8, transformers x 4, bus connection x 1, GTr x 2, PT x 2) 31.5 kA	1	set	Higashibuzen Substation	Sep-2025	Apr-2027	Installation, adjustment and field test
727	GIS (110/66 kV)	GIS(72 kV)	72 kV, 800 A, 20 kA, F-GIS, power transmission line unit, single bus, in-gas	1	set	Yokotake Substation	Mar-2025	Oct-2026	Installation, adjustment and field test
728	GIS (110/66 kV)	GIS(72 kV)	72 kV, 800 A, 20 kA, F-GIS, transmission line unit, single bus, in-gas	1	set	Yokotake Substation	Mar-2025	Oct-2026	Installation, adjustment and field test
729	GIS (110/66 kV)	GIS(72 kV)	72 kV, F-GIS, DS + PT Unit, single bus, in-gas	1	set	Yokotake Substation	Mar-2025	Oct-2026	Installation, adjustment and field test
730	GIS (110/66 kV)	GIS(72 kV)	72 kV, F-GIS, PT Unit, single bus, in-gas	1	set	Yokotake Substation	Mar-2025	Oct-2026	Installation, adjustment and field test
731	GIS (220 kV)	GIS(240 kV)	240 kV, 2000 A, 50 kA, F-GIS, transmission line unit, double bus, Area-D, no existing connection, stand-alone	1	set	Itouzu Substation	Jun-2024	Jul-2026	Installation, adjustment and field test
732	GIS (220 kV)	GIS(240 kV)	240 kV, 2000 A, 50 kA, F-GIS, transformer unit, double bus, Area-D, no existing connection, stand-alone	1	set	Itouzu Substation	Jun-2024	Jul-2026	Installation, adjustment and field test
733	GIS (220 kV)	GIS(240 kV)	240 kV, 3000 A, 50 kA, F-GIS, bus connection unit, double bus, Area-D, no existing connection, stand-alone	1	set	Itouzu Substation	Jun-2024	Jan-2029	Installation, adjustment and field test
734	GIS (220 kV)	GIS(240 kV)	240 kV, 3000 A, 50 kA, F-GIS, PT unit, double bus, Area-D, no existing connection, stand-alone	1	set	Itouzu Substation	Jun-2024	Jan-2029	Installation, adjustment and field test
735	GIS (220 kV)	GIS(240 kV)	240 kV, 3000 A, 50 kA, F-GIS, transmission line unit, double bus, D-area, no existing connection, stand-alone	1	set	Itouzu Substation	Jun-2026	Jan-2029	Installation, adjustment and field test
736	GIS (220 kV)	GIS(240 kV)	240 kV, 4000 A, 40 kA, 2C, Type R, F-GIS, transmission line unit, 275-M	2	set	Kagoshima Substation	Dec-2026	Jul-2028	Installation, adjustment and field test
737	GIS (220 kV)	GIS(240 kV)	240 kV, 2000 A, 40 kA, 2C, Type A, F-GIS transformer unit, 275-M	2	set	Kagoshima Substation	Dec-2026	Jul-2028	Installation, adjustment and field test
738	GIS (220 kV)	GIS(240 kV)	240 kV, 4000 A, 40 kA, 2C, Type R, F-GIS, bus connection unit, 275-M	1	set	Kagoshima Substation	Dec-2026	Jul-2028	Installation, adjustment and field test
739	GIS (220 kV)	GIS(240 kV)	240 kV, 4000 A, 50 kA, H-GIS, single bus, TR unit, 275-M	1	set	Nishi Kyushu Substation	Aug-2024	Oct-2026	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
740	DC power supply equipment (storage battery + battery charger)	Storage battery	52 cells, 250 Ah, cubicle	1	set	Asakawa Substation	Jan-2026	Jan-2027	Installation, adjustment and field test
741	DC power supply equipment (storage battery + battery charger)	Storage battery	52 cells, 250 AH, mounting	1	set	Kiyotaki Substation	Jun-2026	Dec-2026	Installation, adjustment and field test
742	DC power supply equipment (storage battery + battery charger)	Storage battery	52 cells, 250 Ah, cubicle	1	set	Goino Substation	Jun-2026	Dec-2026	Installation, adjustment and field test
743	DC power supply equipment (storage battery + battery charger)	Storage battery	52 cells, 400 AH, mounting	1	set	Shin Kagoshima Substation	Jun-2024	Jan-2025	Installation, adjustment and field test
744	DC power supply equipment (storage battery + battery charger)	Storage battery	52 cells, 250 Ah, cubicle	1	set	Chosa Substation	Jun-2025	Dec-2025	Installation, adjustment and field test
745	DC power supply equipment (storage battery + battery charger)	Storage battery	52 cells, 250 AH, mounting	1	set	Nagata Substation	Jun-2026	Dec-2026	Installation, adjustment and field test
746	DC power supply equipment (storage battery + battery charger)	Storage battery	52 cells, 290 AH, cubicle	1	set	Murasakibaru Substation	May-2024	Dec-2024	Installation, adjustment and field test
747	DC power supply equipment (storage battery + battery charger)	Rectifier, storage battery	Thyristor type, 100 A, control valve type 300 Ah (cubicle)	1	set	Yakuin Substation	Oct-2024	Oct-2025	Installation, adjustment and field test
748	DC power supply equipment (storage battery + battery charger)	Rectifier	Thyristor, 50 A	1	set	Asakawa Substation	Jan-2026	Jan-2027	Adjustment
749	Protection relay facilities for 110/66 kV substations	Relay panel with 220 kV or more	220 kV PCM+DZ	4	set	Kumamoto Substation	Jun-2024	Jun-2026	Free on Truck
750	Protection relay facilities for 110/66 kV substations	Relay panel with 220 kV or more	220 kV, bus protection system (I + I)	1	set	Hitoyoshi Substation	Aug-2024	Apr-2026	Free on Truck
751	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Aoto Substation	May-2024	Jun-2026	Free on Truck
752	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Akasaka Substation	Jun-2024	Jan-2026	Delivery
753	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Akasaka Substation	Apr-2026	Mar-2028	Free on Truck
754	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Akasaka Substation	Jun-2026	Aug-2028	Free on Truck
755	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Asakawa Substation	Jan-2026	Feb-2027	Delivery
756	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Ano Substation	Jun-2025	Feb-2027	Delivery
757	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Amakubo Switching Station	Jun-2026	Feb-2028	Delivery
758	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Arato Substation	Jun-2026	Aug-2028	Free on Truck
759	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Aruki Substation	Jun-2023	Oct-2025	Delivery
760	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Aruki Substation	Jun-2023	Oct-2025	Delivery
761	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Aruki Substation	Jun-2026	Feb-2028	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
762	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Anse Substation	Jun-2026	Jun-2028	Delivery
763	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Iizuka Substation	Jun-2025	Jun-2027	Delivery
764	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Iki Substation	Jun-2023	Apr-2025	Free on Truck
765	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Transfer cutoff device	1	set	Ishigaki Substation	Jun-2024	Aug-2026	Free on Truck
766	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Ishikouchi No.2 Substation	Jul-2023	Jul-2025	Free on Truck
767	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, transformer protection system (for 2 windings)	1	set	Ishikouchi No.2 Substation	Jul-2024	Feb-2026	Free on Truck
768	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Izuhara Substation	Apr-2025	May-2027	Free on Truck
769	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Izumi Substation	Sep-2025	Sep-2027	Free on Truck
770	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Overload transfer cutoff device	1	set	Izumi Substation	Jan-2026	Sep-2027	Free on Truck
771	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Ichinose Substation	Jun-2026	Apr-2028	Free on Truck
772	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Ichinose Substation	Jun-2026	Apr-2028	Free on Truck
773	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Ueno Substation	Oct-2023	Jul-2025	Free on Truck
774	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Uto Substation	Jul-2023	Aug-2025	Free on Truck
775	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Uto Substation	Jul-2023	Aug-2025	Free on Truck
776	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Oe Substation	Aug-2025	Apr-2027	Free on Truck
777	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Oe Substation	Aug-2025	Apr-2027	Free on Truck
778	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	22 kV, spot network relay	4	set	Oe Substation	Jun-2026	Apr-2028	Free on Truck
779	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Overload transfer cutoff device	1	set	Osumi Substation	Jun-2023	Feb-2025	Free on Truck
780	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Ota Substation	Jun-2023	Oct-2024	Free on Truck
781	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Ota Substation	Jun-2023	Oct-2024	Free on Truck
782	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Ota Substation	Apr-2024	Feb-2026	Free on Truck
783	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Omuta Substation	Apr-2024	Apr-2026	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
784	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Omuta Substation	Apr-2024	Jun-2026	Free on Truck
785	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV DZ	1	set	Oyama Substation	Apr-2024	Jul-2026	Free on Truck
786	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV, transformer protective system (for 2 windings)	1	set	Oyodogawa No.2 Substation	Jul-2025	Feb-2027	Free on Truck
787	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV, accident continuation separator	1	set	Oyodogawa No.2 Substation	Jul-2025	Feb-2027	Free on Truck
788	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	22 kV DZ	1	set	Ojika Substation	Jun-2023	Sep-2025	Delivery
789	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Obi Substation	Jul-2025	Jul-2027	Free on Truck
790	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Omodaka Substation	Apr-2025	Apr-2027	Delivery
791	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Orio Substation	Jun-2025	Feb-2027	Delivery
792	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Orio Substation	Jun-2025	Feb-2027	Delivery
793	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Kagoshima Substation	Jul-2024	Aug-2026	Free on Truck
794	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Kajiki Substation	May-2026	Jun-2028	Free on Truck
795	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Kashiwada Substation	Jul-2024	Jul-2026	Free on Truck
796	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Transfer cutoff device	1	set	Kasugamachi Substation	Aug-2025	Apr-2027	Free on Truck
797	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Katakasu Substation	Mar-2026	Apr-2028	Free on Truck
798	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Overload transfer cutoff device	1	set	Kanoya Substation	Oct-2024	Jun-2026	Free on Truck
799	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Kamimine Substation	Jun-2023	Jun-2025	Delivery
800	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Kawasaki Substation	Jun-2024	Jun-2026	Delivery
801	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Kawasaki Substation	Jun-2024	Jun-2026	Delivery
802	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Kawasaki Substation	Jun-2025	Jun-2027	Delivery
803	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Kawabaru Switching Station	Jul-2025	Jul-2027	Free on Truck
804	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Kawara Substation	Jun-2025	Jun-2027	Delivery
805	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Kishii Substation	Jun-2025	Jun-2027	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
806	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Kishii Substation	Jun-2025	Jun-2027	Delivery
807	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Kita Kumamoto Substation	Aug-2023	Apr-2025	Free on Truck
808	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Kita Saga Substation	May-2025	Jun-2027	Delivery
809	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Kita Saga Substation	Aug-2025	Apr-2027	Delivery
810	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Kita Saga Substation	Jun-2026	Sep-2027	Delivery
811	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	2	set	Kita Nagasaki Substation	Sep-2024	Dec-2026	Delivery
812	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Kyodomari Substation	Sep-2024	Dec-2026	Delivery
813	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Kyomachi Substation	Jun-2026	Aug-2028	Free on Truck
814	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Overload transfer cutoff device	1	set	Kirishima Substation	Jun-2023	Feb-2025	Free on Truck
815	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Ginza Bridge Substation	May-2024	Jun-2026	Free on Truck
816	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Transfer cutoff device	1	set	Ginza Bridge Substation	May-2024	Jun-2026	Free on Truck
817	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Ginza Bridge Substation	May-2024	Jun-2026	Free on Truck
818	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Kushikino Substation	Jun-2023	Jun-2025	Free on Truck
819	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Kurume Substation	Feb-2025	Mar-2027	Free on Truck
820	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Kurume Substation	Jun-2025	Mar-2027	Free on Truck
821	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Kurosaki Substation	Jun-2023	Feb-2025	Delivery
822	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Kurosaki Substation	Jun-2023	Feb-2025	Delivery
823	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Kurosaki Substation	Jun-2023	Feb-2025	Delivery
824	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Transfer cutoff device	1	set	Keitoku Substation	May-2024	Jun-2026	Free on Truck
825	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Kojaku Substation	Jun-2023	Feb-2025	Delivery
826	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Kojaku Substation	Jun-2024	Jun-2025	Delivery
827	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Kojaku Substation	Jun-2025	Feb-2027	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
828	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Kojaku Substation	Jun-2026	Jun-2028	Delivery
829	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Koda Substation	May-2025	Jun-2027	Delivery
830	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Overload transfer cutoff device	1	set	Koyamagawa Substation	Jun-2023	Feb-2025	Free on Truck
831	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Koga Substation	Jun-2023	Mar-2025	Free on Truck
832	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Kokura Substation	Jun-2026	Jun-2028	Delivery
833	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Komenotsu Substation	Sep-2025	Sep-2027	Free on Truck
834	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Komondo Substation	Jun-2023	Apr-2025	Free on Truck
835	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV DZ	1	set	Saga Substation	May-2025	Jun-2027	Delivery
836	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Shioya Substation	Apr-2025	Apr-2027	Free on Truck
837	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Shioya Substation	Apr-2025	Jun-2027	Free on Truck
838	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Overload transfer cutoff device	1	set	Shibushi Substation	Aug-2023	Apr-2025	Free on Truck
839	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Shingu Substation	Jun-2023	Mar-2025	Free on Truck
840	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Shingu Substation	Apr-2025	Apr-2027	Free on Truck
841	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Shingu Substation	Apr-2025	Jun-2027	Free on Truck
842	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Suzaki Substation	Apr-2026	Mar-2028	Free on Truck
843	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Sunatsu Substation	Jun-2024	Sep-2026	Delivery
844	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	22 kV, spot network relay	4	set	Sunatsu Substation	Jun-2025	Oct-2027	Delivery
845	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Sumiyoshi Substation	Jun-2023	Apr-2025	Free on Truck
846	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Sendai Substation	Jun-2023	Jun-2025	Free on Truck
847	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Overload transfer cutoff device	1	set	Sendai Substation	Sep-2023	May-2025	Free on Truck
848	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Overload transfer cutoff device	1	set	Sendai Substation	Sep-2023	May-2025	Free on Truck
849	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Soeda Substation	Jun-2025	Jun-2027	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
850	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Soeda Substation	Jun-2025	Jun-2027	Delivery
851	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Sonezaki Substation	Apr-2024	May-2026	Delivery
852	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	22 kV, spot network relay	2	set	Daimon Substation	Jun-2025	Oct-2027	Delivery
853	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Tagami Substation	Jul-2024	Aug-2026	Free on Truck
854	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Takakise Substation	Jun-2025	Sep-2026	Delivery
855	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV, transformer protective system (For 3 windings)	1	set	Takachiho Substation	Jul-2023	Feb-2025	Free on Truck
856	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV, transformer protective system (for 2 windings)	1	set	Takachiho Substation	Jul-2023	Feb-2025	Free on Truck
857	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Takanabe Substation	Jul-2024	Jul-2026	Free on Truck
858	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Takinokami Substation	Apr-2025	Dec-2026	Free on Truck
859	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Takinokami Substation	May-2025	Sep-2026	Free on Truck
860	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Takeshita Substation	Mar-2026	Apr-2028	Free on Truck
861	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Tadami Substation	Mar-2026	Apr-2028	Free on Truck
862	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Tanotsu Substation	Jun-2026	Aug-2028	Free on Truck
863	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Chikuho Substation	Jun-2024	Jun-2026	Delivery
864	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Chikuho Substation	Jun-2025	Jun-2026	Delivery
865	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Chiyo Substation	Jun-2023	Apr-2025	Free on Truck
866	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Chiyo Substation	Apr-2024	Jul-2026	Free on Truck
867	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Tsunetomi Substation	Jul-2024	Feb-2026	Free on Truck
868	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Tsuno Substation	Jul-2023	Jul-2025	Free on Truck
869	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Tsuboi Substation	Apr-2024	Nov-2025	Free on Truck
870	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Tsuboi Substation	Apr-2024	Nov-2025	Free on Truck
871	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	22 kV, spot network relay	4	set	Tenjin Substation	Apr-2024	Apr-2026	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
872	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	22 kV, bus fault section detector	3	set	Tenjin Substation	Apr-2024	Apr-2026	Free on Truck
873	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Tosu Substation	Jun-2023	Jun-2025	Delivery
874	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Tosu Substation	Apr-2024	May-2026	Delivery
875	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Tosu Substation	Jul-2024	Aug-2026	Delivery
876	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Todoroki Substation	Apr-2024	May-2026	Delivery
877	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Nagao Substation	Jun-2024	Aug-2026	Free on Truck
878	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Nagasaki Substation	Oct-2023	Oct-2025	Delivery
879	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Nagasaki Substation	Oct-2023	Oct-2025	Delivery
880	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Nakatsu Substation	Jul-2024	Apr-2026	Free on Truck
881	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Nakatsu Substation	Jun-2025	Mar-2027	Free on Truck
882	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Nakatsu Substation	Jul-2025	Aug-2027	Free on Truck
883	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Nakatsu Substation	Jul-2025	Aug-2027	Free on Truck
884	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Nanakuma Substation	Jun-2024	Aug-2026	Free on Truck
885	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Nabeshima Substation	Jun-2024	Sep-2025	Delivery
886	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Namazuta Substation	Jun-2023	Jun-2025	Delivery
887	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Namazuta Substation	Jun-2023	Oct-2025	Delivery
888	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Nishitani Substation	Jun-2026	Jun-2028	Delivery
889	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Nishiharu Substation	Apr-2025	Apr-2027	Free on Truck
890	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV DZ	1	set	Nishi Yamaga Substation	Jun-2025	Jul-2027	Free on Truck
891	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Nichinan Substation	Jul-2023	Feb-2025	Free on Truck
892	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Nobeoka Substation	Jul-2024	Feb-2026	Free on Truck
893	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Hakozakihama Substation	Jun-2026	Aug-2028	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
894	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (C)	1	set	Hakozakihama Substation	Jun-2026	Aug-2028	Free on Truck
895	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Hamada Substation	Apr-2025	Jun-2027	Free on Truck
896	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Harankoga Substation	Jun-2026	Aug-2028	Free on Truck
897	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Harara Substation	May-2024	Sep-2025	Free on Truck
898	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Harara Substation	Jul-2024	Aug-2026	Free on Truck
899	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Hiagari Switching Station	Jun-2026	Jun-2028	Delivery
900	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Higashi Oita Substation	Jul-2025	Apr-2027	Free on Truck
901	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Higashihata Substation	Jun-2024	Jun-2026	Delivery
902	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Higashihata Substation	Jun-2024	Jun-2026	Delivery
903	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Higashi Fukuoka Substation	Apr-2024	Apr-2026	Free on Truck
904	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Higashi Fukuoka Substation	Apr-2024	Apr-2026	Free on Truck
905	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Higashi Fukuoka Substation	Apr-2024	Jun-2026	Free on Truck
906	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	2	set	Higashibuzen Substation	Jun-2025	Jun-2027	Delivery
907	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Higashimachi Substation	Jun-2026	Aug-2028	Free on Truck
908	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Hiratsune Substation	Dec-2023	Feb-2026	Delivery
909	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Hiratsune Substation	Dec-2023	Feb-2026	Delivery
910	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Hirose Substation	Jul-2024	Jul-2026	Free on Truck
911	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Fukushima Substation	Jul-2025	Jul-2027	Free on Truck
912	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Fukuryo Substation	Jun-2024	Aug-2026	Free on Truck
913	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Futajima Substation	Jun-2024	Jun-2026	Delivery
914	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Futajima Substation	Jan-2026	Feb-2027	Delivery
915	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Beppu Substation	Aug-2023	May-2025	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
916	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Beppu Substation	Apr-2024	Jul-2026	Free on Truck
917	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Transfer cutoff device	1	set	Beppu Substation	Aug-2024	Mar-2025	Free on Truck
918	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV S+DZ	1	set	Hosono Substation	Jul-2023	Jul-2025	Free on Truck
919	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Matsuzaki Substation	Jun-2025	Sep-2027	Free on Truck
920	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Miike Substation	Apr-2024	Apr-2026	Free on Truck
921	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV, bus protective system (I + I)	1	set	Miike Substation	Apr-2024	Apr-2026	Free on Truck
922	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV, voltage automatic switching panel	1	set	Miike Substation	Apr-2024	Apr-2026	Free on Truck
923	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Minami Kumamoto Substation	Aug-2023	Apr-2025	Free on Truck
924	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Minami Kumamoto Substation	Aug-2023	Apr-2025	Free on Truck
925	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV, bus protective system (I + I)	1	set	Minami Kumamoto Substation	Aug-2025	Apr-2027	Free on Truck
926	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	110 kV, voltage automatic switching panel	1	set	Minami Kumamoto Substation	Aug-2025	Apr-2027	Free on Truck
927	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Transfer cutoff device	1	set	Minamihata Substation	Jun-2026	Mar-2028	Free on Truck
928	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Minami Miyazaki Substation	Jul-2024	Feb-2026	Free on Truck
929	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Miyakonojo Substation	Jul-2025	Feb-2027	Free on Truck
930	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Miyata Substation	Jun-2023	Oct-2025	Delivery
931	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Miyata Substation	Jun-2023	Oct-2025	Delivery
932	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Transfer cutoff device	1	set	Miyahara Substation	Aug-2025	Apr-2027	Free on Truck
933	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Myoken Substation	Jun-2023	Oct-2024	Free on Truck
934	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Mukaida Substation	Jun-2023	Jun-2025	Free on Truck
935	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Murasho Substation	Jul-2023	Jul-2025	Free on Truck
936	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Mekari Substation	Jun-2026	Jun-2028	Delivery
937	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Moji Substation	Jun-2026	Jun-2027	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
938	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, automatic recovery system (A)	1	set	Yamae Substation	Feb-2025	Mar-2027	Free on Truck
939	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Yamae Substation	Jun-2025	Mar-2027	Free on Truck
940	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Yamae Substation	Jun-2025	Mar-2027	Free on Truck
941	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Yamashiro Substation	Jun-2024	Jul-2026	Delivery
942	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV DZ	1	set	Yamashiro Substation	Jun-2024	Jul-2026	Delivery
943	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Yamashiro Substation	Aug-2025	Apr-2027	Delivery
944	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Yuge Substation	Aug-2023	Apr-2025	Free on Truck
945	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Yoshii Substation	Sep-2024	Sep-2026	Delivery
946	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV PCM + DZ (multi-terminal type)	1	set	Yoshikuma Substation	Dec-2023	Feb-2026	Delivery
947	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Transfer cutoff device	1	set	Reihoku Substation	Apr-2024	Aug-2025	Free on Truck
948	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Reihoku Substation	Aug-2024	Apr-2026	Free on Truck
949	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Reihoku Substation	Aug-2024	Apr-2026	Free on Truck
950	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Wajiro Substation	Jun-2023	Mar-2025	Free on Truck
951	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Ainoura Substation	Aug-2023	Aug-2025	Delivery
952	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	Frequency relay panel	1	set	Ainoura Substation	Apr-2024	Sep-2025	Delivery
953	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV S+DZ	1	set	Akunoura Substation	Sep-2024	Dec-2026	Delivery
954	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, PCM + DZ (opposed type)	1	set	Yakuin Substation	Jun-2024	Jan-2026	Delivery
955	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, bus protective system (I + I)	1	set	Yakuin Substation	Jun-2024	Jan-2026	Delivery
956	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	66 kV, voltage automatic switching panel	1	set	Yakuin Substation	Jun-2024	Jan-2026	Delivery
957	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	22 kV, spot network relay	4	set	Yakuin Substation	Jun-2024	Jan-2026	Delivery
958	Protection relay facilities for 110/66 kV substations	Relay panel with 110 kV or less	22 kV, bus fault section detector	3	set	Yakuin Substation	Jun-2024	Jan-2026	Delivery
959	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Aoto Substation	May-2024	Jan-2026	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications		Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery	
960	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Aoto Substation	May-2024	Jan-2026	Free on Truck
961	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Asakawa Substation	Jan-2026	Feb-2027	Delivery
962	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Ishigaki Substation	Jun-2024	Aug-2026	Free on Truck
963	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Ishigaki Substation	Jun-2024	Aug-2026	Free on Truck
964	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Izuhara Substation	Apr-2025	May-2027	Free on Truck
965	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Ichinose Substation	Jun-2026	Apr-2028	Free on Truck
966	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Itchoda Substation	Aug-2023	Apr-2025	Free on Truck
967	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Kamitsu Substation	Jun-2025	Apr-2027	Free on Truck
968	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Ueno Substation	Oct-2023	Jul-2025	Free on Truck
969	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Ueno Substation	Oct-2023	Jul-2025	Free on Truck
970	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Uto Substation	Aug-2025	Apr-2027	Free on Truck
971	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Oe Substation	Jun-2026	Apr-2028	Free on Truck
972	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Okuchi Substation	Jun-2023	Feb-2025	Delivery
973	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Okuchi Substation	Apr-2025	Dec-2026	Free on Truck
974	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Okuchi Substation	Apr-2025	Dec-2026	Free on Truck
975	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Okuchi Substation	Apr-2025	Dec-2026	Free on Truck
976	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Otakara Substation	Dec-2023	Dec-2024	Delivery
977	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Ohuri Substation	Aug-2023	Mar-2025	Free on Truck
978	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Oyano Substation	Aug-2024	Apr-2026	Free on Truck
979	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Ozeki Substation	Jun-2025	Jul-2027	Delivery
980	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Kaizaki Substation	Jul-2024	Apr-2026	Free on Truck
981	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Kaizaki Substation	Jul-2024	Apr-2026	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications		Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery	
982	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Kagoshima Substation	Apr-2025	Dec-2026	Free on Truck
983	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Kagoshima Substation	Apr-2025	Dec-2026	Free on Truck
984	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Kasanohara Substation	May-2024	Jan-2026	Free on Truck
985	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Kasanohara Substation	May-2024	Jan-2026	Free on Truck
986	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Kawabe Substation	Jun-2026	Apr-2028	Free on Truck
987	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Kinkeicho Substation	Jun-2024	Jun-2026	Delivery
988	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	3	set	GINZA BRIDGE Substation	Aug-2024	Apr-2026	Free on Truck
989	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Koyamagawa Substation	Oct-2025	Jun-2027	Free on Truck
990	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Koyamagawa Substation	Oct-2025	Jun-2027	Free on Truck
991	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Koyamagawa Substation	Oct-2025	Jun-2027	Free on Truck
992	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Koyamagawa Substation	Oct-2025	Jun-2027	Free on Truck
993	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Shiki Substation	Jun-2026	Apr-2028	Free on Truck
994	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Komenotsu Substation	Apr-2025	Dec-2026	Free on Truck
995	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Komenotsu Substation	Apr-2025	Dec-2026	Free on Truck
996	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Saiki Substation	Apr-2025	Jul-2027	Free on Truck
997	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	3	set	Shigedome Substation	Jun-2025	Apr-2027	Free on Truck
998	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Shiratori Substation	Jun-2023	Jun-2025	Delivery
999	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Shin Minamata Substation	Aug-2025	Apr-2027	Free on Truck
1000	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Sunatsu Substation	Jun-2024	Sep-2026	Delivery
1001	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Sunatsu Substation	Dec-2024	Mar-2027	Delivery
1002	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Sunatsu Substation	Dec-2024	Mar-2027	Delivery
1003	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	3	set	Daimon Substation	Jun-2023	Jun-2025	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications		Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery	
1004	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Takaono Substation	Oct-2025	Jun-2027	Free on Truck
1005	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Takaono Substation	Oct-2025	Jun-2027	Free on Truck
1006	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Takaono Substation	Oct-2025	Jun-2027	Free on Truck
1007	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Takinokami Substation	Apr-2025	Dec-2026	Free on Truck
1008	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Takinokami Substation	Apr-2025	Dec-2026	Free on Truck
1009	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Tabira Substation	Sep-2023	Sep-2025	Delivery
1010	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Tsuiki Substation	Jun-2023	Jun-2025	Delivery
1011	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Tsuiki Substation	Jun-2023	Jun-2025	Delivery
1012	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Tsukumi Substation	Jul-2024	Oct-2026	Free on Truck
1013	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Toritani Substation	Jun-2026	Feb-2028	Delivery
1014	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Nakashima Substation	Jan-2025	Sep-2026	Free on Truck
1015	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Nakashima Substation	Jan-2025	Sep-2026	Free on Truck
1016	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Nakashima Substation	Jan-2025	Sep-2026	Free on Truck
1017	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Nankan Substation	Jun-2026	Mar-2028	Free on Truck
1018	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Nihongusu Substation	Sep-2025	Sep-2027	Delivery
1019	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	5	set	Noma Substation	Jun-2026	Mar-2028	Free on Truck
1020	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Hanaoka Substation	Sep-2025	Sep-2027	Delivery
1021	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Hamatama Substation	Jun-2023	Apr-2025	Delivery
1022	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Hitotsuse Substation	Jul-2023	Feb-2025	Free on Truck
1023	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Hirosaki Substation	Jun-2026	Apr-2028	Free on Truck
1024	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Funakoshi Substation	Sep-2024	Sep-2026	Delivery
1025	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Beppu Substation	Oct-2024	Jul-2026	Free on Truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
1026	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Beppu Substation	Oct-2024	Jul-2026	Free on Truck
1027	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Beppu Substation	Oct-2024	Jul-2026	Free on Truck
1028	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Minami Kumamoto Substation	Aug-2025	Apr-2027	Free on Truck
1029	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Minamihata Substation	Jun-2026	Mar-2028	Free on Truck
1030	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Yamakawa Substation	May-2024	Jan-2026	Free on Truck
1031	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Yamakawa Substation	May-2024	Jan-2026	Free on Truck
1032	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Yokogawa Substation	Oct-2025	Jun-2027	Free on Truck
1033	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Yokogawa Substation	Oct-2025	Jun-2027	Free on Truck
1034	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	1	set	Yokogawa Substation	Oct-2025	Jun-2027	Free on Truck
1035	Protection relay facilities for 110/66 kV substations	Bank feeder protective panel	Bank feeder protective panel	2	set	Yakuin Substation	Jun-2024	Jan-2026	Delivery
1036	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 25 kA, 5C, Type A, 77-H, for transformers, CT:800, 1P x 2	1	set	Ainoura Substation	Jul-2026	Oct-2027	Delivery
1037	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT:1200/600, 1P x 3	2	set	Aino Substation	Jul-2023	Oct-2024	Delivery
1038	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT:1200/600, 1P x 3	2	set	Aino Substation	Oct-2026	Jan-2028	Delivery
1039	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 2000 A, 20 kA, 5C, Type A, 66-H, for bus connection, CT: 2000/1000, 1P x 3	1	set	Aino Substation	Oct-2026	Jan-2028	Delivery
1040	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT:1200/800, 1P x 2	1	set	Arie Substation	Jul-2025	Oct-2026	Delivery
1041	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type A, 66-H, for transformers, CT:800/400, 1P x 1	1	set	Ono Substation	Dec-2024	Mar-2026	Delivery
1042	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 2000 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT:2000, 1P x 3	2	set	Omura Substation	Dec-2024	Mar-2026	Delivery
1043	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT:800/400, 1P x 2	1	set	Omura Substation	Dec-2024	Mar-2026	Delivery
1044	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 2000 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT:2000, 1P x 3	2	set	Omura Substation	Apr-2025	Aug-2026	Delivery
1045	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type A, 66-H, for transformers, CT:800/400, 1P x 1	2	set	Omura Substation	Apr-2025	Aug-2026	Delivery
1046	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT:800/400, 1P x 2	1	set	Omura Substation	Sep-2025	Jan-2027	Delivery
1047	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 3C, Type R, Area-C, 66H, for transformers, 1 core, 400/800, 1P3G	1	set	Komenotsu Substation	Apr-2025	Oct-2026	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
1048	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 20 kA, 3C, Type R, Area-C, 66-H, for power transmission lines, 2 cores, 600/1200, 1P3G	1	set	Komenotsu Substation	May-2026	Nov-2027	Delivery
1049	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT:800/400, 1P x 2	1	set	Shimabara Substation	Oct-2025	Jan-2027	Delivery
1050	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 3C, Type R, Area-C, 66H, for transformers, 1 core, 400/800, 1P3G	1	set	Takaono Substation	Apr-2026	Oct-2027	Delivery
1051	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 3C, Type R, Area-C, 66H, for power transmission lines, 2 cores, 400/800, 1P3G	1	set	Takaono Substation	Apr-2026	Oct-2027	Delivery
1052	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 66-H, Number of CT 3, Ratio 300/600	1	set	Takao Substation	Jan-2024	Sep-2025	Free on Truck
1053	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 20 kA, 66 H, Number of CT 4, Ratio 600/1200	1	set	Takanabe Substation	Mar-2025	Sep-2026	Free on Truck
1054	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT:800/400, 1P x 2	1	set	Tabira Substation	Jun-2024	Sep-2025	Delivery
1055	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 2000 A, 20 kA, 66-H, Number of CT 4, Ratio 2000	1	set	Tsunetomi Substation	Oct-2023	May-2026	Free on Truck
1056	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 20 kA, 66-H, Number of CT 4, Ratio 1200	2	set	Tsunetomi Substation	Feb-2026	Aug-2027	Free on Truck
1057	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 25 kA, 66-H, Number of CT 4, Ratio 400/800	1	set	Tsunehisa Substation	Mar-2026	Sep-2027	Free on Truck
1058	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 20 kA, 66-H, Number of CT 3, Ratio 600/1200	1	set	Tohoku Substation	Feb-2024	Aug-2025	Free on Truck
1059	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 2000 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT:2000/1000, 1PS x 3	1	set	Nagayo Substation	Jun-2026	Sep-2027	Delivery
1060	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 66-H, Number of CT 3, Ratio 600/1200	1	set	Nobeoka Substation	Apr-2025	Oct-2026	Free on Truck
1061	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 25 kA, 66-M, for transformers, CT 2 cores, 1200/600	1	set	Hamada Substation	Jul-2025	Oct-2026	Free on Truck
1062	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 3C, Type R, Area-C, 66H, for transformers, 1 core, 400/800, 1P3G	1	set	Hayato Substation	Apr-2025	Oct-2026	Delivery
1063	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 31.5 kA, Type R, 66-M, for transformers, CT 1 core, 1200/600	1	set	Higashi Fukuoka Substation	Apr-2024	Aug-2025	Free on Truck
1064	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 25 kA, 5C, Type R, GCB, 66-M, for power transmission lines, 2 cores, 1200/600 A, 1P	1	set	Hinagu Substation	Mar-2025	Jun-2026	Free on Truck
1065	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 66-H, Number of CT 3, Ratio 400/800	1	set	Hirabaru Substation	May-2026	Nov-2027	Free on Truck
1066	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 3000 A, 31.5 kA, 5C, Type R, 66-M, for bus connection, 3 cores, 3000, 1P	1	set	Minami Kumamoto Substation	Nov-2027	Feb-2029	Delivery
1067	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 3000 A, 31.5 kA, 5C, Type R, 66-M, for transformers, 2 cores, 3000 1P	1	set	Minami Kumamoto Substation	Nov-2027	Feb-2029	Delivery
1068	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for transformers, CT x 6 pieces	1	set	Amakubo Switching Station	Jun-2023	May-2025	Delivery
1069	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-M, for transformers, 1 core, 800/400, 1P	1	set	Arita Substation	Jan-2026	Apr-2027	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
1070	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 2000 A, 20 kA, 5C, Type R, 110-M, for bus connection, CTx12 pieces	1	set	Anse Substation	Mar-2024	Jun-2025	Delivery
1071	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 110-M, for transformers, CT 6 pieces	1	set	Anse Substation	Mar-2024	Jun-2025	Delivery
1072	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 110-M, for power transmission lines, CT 6 pieces	1	set	Anse Substation	Apr-2025	Oct-2026	Delivery
1073	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 2000 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT 12 pieces	1	set	Iizuka Substation	Feb-2026	May-2027	Delivery
1074	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, 2 cores, 800/400, 1P	1	set	Imari Substation	Jul-2024	Oct-2025	Delivery
1075	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, 2 cores, 800/400, 1P	1	set	Imari Substation	Jul-2025	Oct-2026	Delivery
1076	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 25 kA, 5C, Type R, 66-H, for power transmission lines, CT 6 pieces	1	set	Unoshima Substation	Apr-2026	Oct-2027	Delivery
1077	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 25 kA, 5C, Type R, 66-H, for power transmission lines, CT 6 pieces	1	set	Unoshima Substation	Apr-2026	Oct-2027	Delivery
1078	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 31.5 kA, Type R, 66-H, for power transmission lines, CT 3 cores, 1200/600, 3000	1	set	Koga Substation	May-2025	Oct-2026	Free on Truck
1079	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 20.0 k, 5C, Type R, 66-M, for power transmission lines, 4 cores, 1200/600, 1P	2	set	Kozai Substation	Jul-2024	Oct-2025	Delivery
1080	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20.0 k, 5C, Type R, 66-M, for power transmission lines, 2 cores, 800/400, 1P	1	set	Josui Substation	Jul-2026	Oct-2027	Delivery
1081	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20.0 k, 5C, Type A, 66-M, for transformers, 2 cores, 800/400 1P insulator type	2	set	Josui Substation	Jul-2026	Oct-2027	Delivery
1082	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20.0 k, 5C, Type A, 66-H for transformers, 2 cores, 800/400 1P	2	set	Suehiro Substation	Mar-2026	Jun-2027	Delivery
1083	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for transformers, CT x 6 pieces	1	set	Dairi Substation	Apr-2025	Nov-2026	Delivery
1084	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20.0 k, 5C, Type A, 66-M for transformers, 2 cores, 800/400 1P	1	set	Takada Substation	Aug-2025	Nov-2026	Delivery
1085	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20.0 k, 5C, Type A, 66-M for transformers, 4 cores, 1200/600 1P	1	set	Nakatsu Substation	Feb-2026	May-2027	Delivery
1086	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT 6 pieces	1	set	Nishikimachi Substation	Feb-2026	May-2027	Delivery
1087	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT 6 pieces	1	set	Nishikimachi Substation	Apr-2026	Nov-2027	Delivery
1088	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20.0 k, 5C, Type A, 66-M for transformers, 2 cores, 800/400 1P	2	set	Yanagigaura Substation	Jul-2025	Oct-2026	Delivery
1089	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 3000 A, 25 kA, 5C, 66-M, for transformers, CT 3 cores, 3000/1500	1	set	Yamae Substation	Aug-2025	Nov-2026	Free on Truck
1090	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT 9 pieces	1	set	Yoshikuma Substation	Feb-2026	May-2027	Delivery
1091	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 20 kA, 5C, Type R, 66-H, for power transmission lines, CT 6 pieces	1	set	Wakahisa Substation	Jan-2025	Apr-2026	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
1092	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for transformers, CT x 6 pieces	1	set	Wakahisa Substation	Feb-2025	May-2026	Delivery
1093	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-H, for transformers, CT x 6 pieces	1	set	Wakahisa Substation	Feb-2025	Nov-2026	Delivery
1094	Circuit breakers for 110/66 kV substations	Circuit breakers (24 kV)	24 kV, 600 A, 12.5 kA, for power transmission lines, CT 2 cores	1	set	Minamihata Substation	Jul-2023	Oct-2024	Free on Truck
1095	Circuit breakers for 110/66 kV substations	E-GCB(72 kV)	72 kV, 1200 A, 25 kA, 5C, Type R, EGCB 66-M, for power transmission lines	1	set	Kasugamachi Substation	Jan-2025	Apr-2026	Free on Truck
1096	Circuit breakers for 110/66 kV substations	E-GCB(72 kV)	72 kV, 800 A, 25 kA, Type A, EGCB, 66-H, for transformers, BCT added	1	set	Tokuriki Substation	Aug-2023	Nov-2024	Delivery
1097	Circuit breakers for 110/66 kV substations	E-GCB(72 kV)	72 kV, 1200 A, 31.5 kA, 5C, Type R, 66-M, EGCB, CT 2 cores, 1200/600	1	set	Meinohama Substation	Feb-2025	May-2026	Free on Truck
1098	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 25 kA, 5C, Type A, 66-H, for phase adjustment, CT:1200/800, 1P x 4	1	set	Kita Nagasaki Substation	Aug-2023	Oct-2024	Delivery
1099	Circuit breakers for 110/66 kV substations	Circuit breaker (120 kV)	120 kV, 800 A, 25 kA, 3C, Type R, Area-A, 66M, for transformers, 1 core, 400/800, 1P3G	1	set	Okuchi Substation	Aug-2023	Feb-2025	Delivery
1100	Circuit breakers for 110/66 kV substations	Circuit breaker (120 kV)	120 kV, 2000 A, 31.5 kA, 5C, Type R, GCB, 110-M, for power transmission lines, CT 4 cores, 2000	1	set	Miike Substation	Jul-2026	Oct-2027	Free on Truck
1101	Circuit breakers for 110/66 kV substations	Circuit breaker (120 kV)	120 kV, 2000 A, 20 kA, 110-H, Number of CT 4, Ratio 600/1200	1	set	Kamishiiba Substation	Feb-2026	Sep-2027	Free on Truck
1102	Circuit breakers for 110/66 kV substations	Circuit breaker (120 kV)	120 kV, 800 A, 20 kA, 110-H, Number of CT 2, Ratio 400/800	1	set	Takanabe Substation	Mar-2025	Sep-2026	Free on Truck
1103	Circuit breakers for 110/66 kV substations	Circuit breaker (120 kV)	120 kV, 1200 A, 31.5 kA, 5C, Type R, 110-M, CT 4 cores, 2000	1	set	Miike Substation	May-2025	Sep-2026	Free on Truck
1104	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 5C, Type R, 66-M, for power transmission lines, 2 cores, 800/400, 1P	1	set	Takakise Substation	Feb-2024	May-2025	Delivery
1105	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, Type R, 66-M, for transformers, CT 2 cores, 800/400 segmented form	1	set	Senbonsugi Substation	Jul-2026	Oct-2027	Free on Truck
1106	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 20 kA, Type R, 66-M, for power transmission lines, CT 2 cores, 1200/800, segmented form	1	set	Senbonsugi Substation	Jul-2026	Oct-2027	Free on Truck
1107	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 3C, Type R, for transformers, Area-D, indoor 2 cores, 400/800 1P3G (segmented form)	1	set	Taniyama Substation	Jan-2026	Apr-2027	Delivery
1108	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 1200 A, 20 kA, 3C, Type R, Area-D, indoor, for power transmission lines, 3 cores, 600/1200, 1200, 1P3G (segmented form)	1	set	Chosa Substation	Apr-2025	Oct-2026	Delivery
1109	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 3C, Type R, Area-D, indoor, for transformers, 1 core, 400/800 1P3G (segmented form)	1	set	Harara Substation	Nov-2025	May-2027	Delivery
1110	Circuit breakers for 110/66 kV substations	Circuit breaker (72 kV)	72 kV, 800 A, 20 kA, 3C, Type R, Area-D, indoor, for transformers, 1 core, 400/800 1P3G (segmented form)	1	set	Harara Substation	Apr-2026	Oct-2027	Delivery
1111	Circuit breakers for 500/220 kV substations	Circuit breaker (240 kV)	240 kV, 2000 A, 63 kA, 2C, R, Area-D, for power transmission lines, 4 cores, 2000, 1T, 1PS, 1P	1	set	Kitakyushu Substation	Jun-2024	May-2026	Delivery
1112	Circuit breakers for 500/220 kV substations	Circuit breaker (240 kV)	240 kV, 2000 A, 63 kA, 2C, R, Area-D, for power transmission lines, 4 cores, 2000, 1T, 1PS, 1P	1	set	Kitakyushu Substation	Dec-2024	Nov-2026	Delivery
1113	Circuit breakers for 500/220 kV substations	Circuit breaker (240 kV)	240 kV, 2000 A, 63 kA, 2C, R, Area-D, for power transmission lines, 4 cores, 2000, 1T, 1PS, 1P	1	set	Kitakyushu Substation	Jun-2025	May-2027	Delivery

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
1114	Circuit breakers for 500/220 kV substations	Circuit breaker (240 kV)	240 kV, 3000 A, 31.5 kA, 2C, Type R, 220-M, for bus connection, 4 cores, 2000, 1T, 1PS	1	set	Chikuho Substation	Dec-2025	Nov-2027	Delivery
1115	Circuit breakers for 500/220 kV substations	Circuit breaker (240 kV)	240 kV, 2000 A, 31.5 kA, 2C, Type R, 220-M, for power transmission line, 4 cores, 2000, 1T, 1PS, 1P	1	set	Hayami Substation	Oct-2023	Apr-2025	Delivery
1116	Circuit breakers for 500/220 kV substations	Circuit breaker (240 kV)	240 kV, 2000 A, 31.5 kA, 2C, Type R, 220-M, for power transmission line, 4 cores, 2000, 1T, 1PS	1	set	Izumi Substation	Apr-2026	Aug-2027	Free on Truck
1117	Circuit breakers for 500/220 kV substations	Circuit breaker (240 kV)	240 kV, 3000 A, 31.5 kA, 2C, Type R, 275-M, for power transmission line, 4 cores, 4000, 1T, 1PS	1	set	Osumi Substation	Jan-2025	Apr-2027	Free on Truck
1118	Circuit breakers for 500/220 kV substations	Circuit breaker (240 kV)	240 kV, 4000 A, 31.5 kA, 2C, Type A, 220-M, for bus connection, 4 cores, 4000, 1P	1	set	Kita Saga Substation	Jun-2026	Oct-2027	Delivery
1119	Circuit breakers for 500/220 kV substations	Circuit breaker (240 kV)	240 kV, 4000 A, 50.0 kA, 2C, Type A, 220-M for transformers, 5 cores, 4000, 1T, 1PS	1	set	Minami Kyushu Substation	Jul-2026	Nov-2027	Free on Truck
1120	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/22 kV, 20 MVA, JEM value, stand-alone, 66-M, not transportable in full-mounting	1	set	Island City Substation	Feb-2024	Oct-2025	Free on foundation
1121	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 50 dB, direct-mounted, 66-H, not transportable in full-mounting	1	set	Aoshima Substation	Aug-2023	Sep-2024	Free on foundation
1122	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, 50 dB, direct-mounted, not transportable in full-mounting	2	set	Asakawa Substation	Feb-2026	Feb-2027	Free on foundation
1123	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 15 MVA, substation for power distribution, 50 dB, direct-mounted, 66-M, not transportable in full-mounting	1	set	Ueki Substation	Oct-2026	Nov-2027	Free on foundation
1124	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 66-M, 60 dB, direct-mounted, not transportable in full-mounting, Area-B	1	set	Okawa Substation	Oct-2023	Nov-2024	Free on foundation
1125	transformers for substations (110/66 kV)	Transformer (110 kV or less)	110/22 kV, 20 MVA, substation for power distribution, 55 dB, direct-mounted, Area-A, 66-M, not transportable in full-mounting	1	set	Okuchi Substation	Jan-2024	Feb-2025	Free on foundation
1126	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, substation for power distribution, 50 dB, direct-mounted, 66-H, not transportable in full-mounting	1	set	Okubo Substation	Sep-2026	Oct-2027	Free on foundation
1127	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, 50 dB, direct-mounted, 66-H, not transportable in full-mounting	1	set	Katsuki Substation	Jun-2025	May-2026	Free on foundation
1128	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, substation for power distribution, 55 dB, direct-mounted, Area-C, 66-H, not transportable in full-mounting	1	set	Kanoya Substation	Feb-2025	Jan-2026	Free on foundation
1129	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 50 dB, direct-mounted, 66-H, not transportable in full-mounting	1	set	Kawara Substation	Jun-2026	May-2027	Free on foundation
1130	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, substation for power distribution, 50 dB, direct-mounted, 66-M, not transportable in full-mounting	1	set	Kuwamizu Substation	Oct-2025	Nov-2026	Free on foundation
1131	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 66-H, 50 dB, direct-mounted, not transportable in full-mounting, Area-C	1	set	Koga Substation	Oct-2026	Nov-2027	Free on foundation
1132	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 50 dB, direct-mounted, 66-H, not transportable in full-mounting	1	set	Kozai Substation	Aug-2024	Sep-2025	Free on foundation
1133	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 55 dB, direct-mounted, 66-M, not transportable in full-mounting	1	set	Shirakibaru Substation	Aug-2025	Oct-2026	Free on foundation
1134	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, 55 dB, direct-mounted, 66-M, not transportable in full-mounting	1	set	Shirakibaru Substation	Aug-2026	Oct-2027	Free on foundation
1135	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/22 kV, 20 MVA, substation for power distribution, 55 dB, direct-mounted, Area-C, 66-H, not transportable in full-mounting	1	set	Takaono Substation	Dec-2023	Nov-2024	Free on foundation

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
1136	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 50 dB, direct-mounted, 66-H, not transportable in full-mounting	1	set	Takanabe Substation	Apr-2026	May-2027	Free on foundation
1137	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, 66-M, 50 dB, direct-mounted, not transportable in full-mounting, Area-B	1	set	Takeshita Substation	Jan-2025	May-2026	Free on foundation
1138	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 50 dB, direct-mounted, 66-H, not transportable in full-mounting	1	set	Tomitaka Substation	Sep-2024	Oct-2025	Free on foundation
1139	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 50 dB, direct-mounted, 66-H, not transportable in full-mounting	1	set	Tomitaka Substation	Sep-2025	Oct-2026	Free on foundation
1140	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 50 dB, direct-mounted, 66-M, not transportable in full-mounting	1	set	Nagao Substation	Dec-2025	Apr-2027	Free on foundation
1141	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, 50 dB, direct-mounted, 66-H, not transportable in full-mounting	1	set	Nakatsu Substation	Oct-2025	Nov-2026	Free on foundation
1142	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6/22 kV, 20 MVA, 50 dB, direct-mounted, 66-M, not transportable in full-mounting	1	set	Nogami Substation	Oct-2023	Nov-2024	Free on foundation
1143	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, JEM value, stand-alone, 66-M, not transportable in full-mounting	1	set	Hamada Substation	Oct-2025	Dec-2026	Free on foundation
1144	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, 66-M, 55 dB, direct-mounted, not transportable in full-mounting, Area-B	1	set	Higashi Fukuoka Substation	Apr-2025	May-2026	Free on foundation
1145	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 15 MVA, substation for power distribution, 50 dB, direct-mounted, 66-M, not transportable in full-mounting	1	set	Hiyoshi Substation	Oct-2026	Nov-2027	Free on foundation
1146	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, substation for power distribution, 50 dB, direct-mounted, 66-M, not transportable in full-mounting	1	set	Matsuzaki Substation	Mar-2024	Apr-2025	Free on foundation
1147	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, for power distribution, JEM, stand-alone, 66-M, not transportable in full-mounting	1	set	Matsubara Substation	Mar-2025	May-2026	Free on foundation
1148	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, 55 dB, direct-mounted, 66-M, not transportable in full-mounting	1	set	Minato Substation	Aug-2026	Oct-2027	Free on foundation
1149	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, substation for power distribution, JEM, stand-alone, elephant, not transportable in full-mounting	1	set	Meizan Substation	Dec-2024	Nov-2025	Free on foundation
1150	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 30 MVA, substation for power distribution, 55 dB, direct-mounted, 66-M, not transportable in full-mounting	1	set	Yatsushiro Substation	Apr-2026	May-2027	Free on foundation
1151	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/22 kV, 30 MVA, JEM value, stand-alone, 66-M, not transportable in full-mounting	1	set	Sumiyoshi Substation	Apr-2026	May-2027	Free on foundation
1152	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 50 dB, direct-mounted, 66-H, not transportable in full-mounting	1	set	Ashiya Substation	Jun-2023	May-2025	Free on foundation
1153	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, substation for power distribution, 55 dB, direct-mounted, 77-H, transportable in fully mounted	1	set	Isahaya Substation	Sep-2025	Oct-2026	Free on foundation
1154	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, substation for power distribution, 50 dB, direct-mounted, 66-M, transportable in full-mounting	1	set	Oe Substation	Apr-2024	May-2025	Free on foundation
1155	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6/22 kV, 20 MVA, 50 dB, direct-mounted, 66-M, transportable in full-mounting	1	set	Omuta Substation	Apr-2026	May-2027	Free on foundation
1156	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 50 dB, direct-mounted, 66-M, transportable in full-mounting	1	set	Suehiro Substation	Apr-2026	Jun-2027	Free on foundation
1157	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66/6 kV, 20 MVA, 50 dB, direct-mounted, 66-M, transportable in full-mounting	1	set	Suehiro Substation	Apr-2026	Oct-2027	Free on foundation

Procurement Plan for Electric Power Facilities

(Category: Equipment and materials for substations)

(All of information of this plan are subject to change without notice. There may be cases that procurement procedure are in progress at time of release of this plan.)

No.	Description and Specifications			Quantity	Unit	Requesting Office/Station	Month of quotation	Month of delivery	Conditions of Delivery
1158	transformers for substations (110/66 kV)	Transformer (110 kV or less)	66 kV, 10780 kVA, 500 kVA, for grounding, 55 dB, Area-D	1	set	Itouzu Substation	Nov-2027	Mar-2029	Free on foundation
1159	transformers for substations (500/220 kV)	Transformer (500 kV)	500/220/63 kV, 1000 MVA, for system, 70 dB, oil-guiding self-cooling, 220-M	1	set	Kumamoto Substation	Jun-2023	Sep-2025	Installation, adjustment and field test
1160	transformers for substations (500/220 kV)	Transformer (220 kV)	220/66 kV, 300 MVA, for system, 55 dB, stand-alone	1	set	Itouzu Substation	May-2024	Jan-2027	Installation, adjustment and field test
1161	transformers for substations (500/220 kV)	Transformer (220 kV)	220/66 kV, 200 MVA, for system transformation, 55 dB, stand-alone, 220-M	1	set	Higashi Fukuoka Substation	Apr-2026	Jan-2027	Installation, adjustment and field test
1162	transformers for substations (500/220 kV)	Transformer (220 kV)	220/110 kV/66 kV, 300 MVA, for system, 55 dB, radiator direct-mounted, 220-M	1	set	Hitoyoshi Substation	Sep-2023	Oct-2025	Installation, adjustment and field test
1163	transformers for substations (500/220 kV)	Transformer (220 kV)	220/110 kV/66 kV, 300 MVA, for system, 55 dB, radiator direct-mounted, 220-M	1	set	Hitoyoshi Substation	Sep-2024	Sep-2026	Installation, adjustment and field test
1164	transformers for substations (500/220 kV)	Transformer (220 kV)	220/66 kV, 200 MVA, for system transformation, 55 dB, stand-alone, 220-M	1	set	Izumi Substation	Jun-2025	Jan-2027	Installation, adjustment and field test
