Kyuden Group Integrated Report 2024

Today, we would like to inform you that the **Kyuden Group Integrated Report 2024** (in both Japanese and English) has been released and is now available on our website.

Since fiscal 2021, the Kyuden Group has been issuing integrated reports to communicate comprehensively financial and non-financial information and to provide a consistent story on our medium-to-long term vision, strategies, and key initiatives. In this report, we have focused on further improving the narrative by enhancing the overall coherence of the report. Along with a message from our president, we have enriched the content in the following areas:

- Initiatives toward sustainable enhancement of corporate value
 - Insights into our financial initiatives focused on improving PBR using ROIC, alongside non-financial initiatives such as carbon neutrality
 - Analysis of the current situation, along with targets and strategies by each business division for achieving our management vision
- Enhancing disclosures of the Taskforce on Nature-related Financial Disclosures (TNFD)
 - Disclosure of nature-related information based on TNFD v1.0 disclosure framework and others
- Enhancing disclosures of human capital management
 - Insights into the Group's human capital management
 - Disclosure of initiatives related to each strategy aimed at achieving KGI based on the five pillars of our Human Resource Strategy

Going forward, we will continue to improve and enhance information disclosure, including the publication of this report, to facilitate and strengthen communication with our stakeholders. Through these efforts, we aim to improve and enhance our initiatives for the sustainable growth of the Kyuden Group and society.
