

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
1	Transformers for substations (220 kV or higher)	Transformer (220kV)	220kV 250MVA	1	set	Koga Substation	Apr-2031	Jan-2033	Delivered after installation, adjustment and testing
2	Transformers for substations (220 kV or higher)	Transformer (220kV)	220kV 300MVA	1	set	Nishi Fukuoka Substation	Jul-2029	Apr-2031	Delivered after installation, adjustment and testing
3	Transformers for substations (220 kV or higher)	Transformer (220kV)	220kV 300MVA	1	set	Higashi Fukuoka Substation	Apr-2031	Dec-2032	Delivered after installation, adjustment and testing
4	Transformers for substations (220 kV or higher)	Transformer (220kV)	220kV 250MVA	1	set	Kita Saga Substation	Oct-2030	Jun-2032	Delivered after installation, adjustment and testing
5	Transformers for substations (220 kV or higher)	Transformer (220kV)	220kV 250MVA	1	set	Takeo Substation	Oct-2028	Jun-2030	Delivered after installation, adjustment and testing
6	Transformers for substations (220 kV or higher)	Transformer (220kV)	220kV 250MVA	1	set	Nagasaki Substation	Oct-2030	Jun-2032	Delivered after installation, adjustment and testing
7	Transformers for substations (220 kV or higher)	Transformer (220kV)	220kV 300MVA	1	set	Oita Substation	Jan-2030	May-2031	Delivered after installation, adjustment and testing
8	Transformers for substations (220 kV or higher)	Transformer (220kV)	220kV 300MVA	1	set	Hitoyoshi Substation	Oct-2028	Aug-2031	Delivered after installation, adjustment and testing
9	Transformers for substations (220 kV or higher)	Transformer (220kV)	220kV 250MVA	1	set	Minamikumamoto Substation	May-2031	Feb-2033	Delivered after installation, adjustment and testing
10	Transformers for substations (220 kV or higher)	Transformer (220kV)	220kV 250MVA	1	set	Kumamoto Substation	Aug-2026	Dec-2029	Delivered after installation, adjustment and testing on foundation
11	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 50dB direct-mounted 66-H	1	set	Ebitsu Substation	Feb-2028	Apr-2030	Delivered on foundation
12	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 50dB direct-mounted 66-H	1	set	Kamihonami Substation	Jul-2028	May-2030	Delivered on foundation
13	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 50dB direct-mounted 66-H	1	set	Tsuiki Substation	Jul-2027	Dec-2030	Delivered on foundation
14	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 50dB direct-mounted 66-H	1	set	Furutsuki Substation	Jul-2026	Apr-2028	Delivered on foundation
15	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 50dB direct-mounted 66-H	1	set	Imajyuku Substation	Jun-2028	May-2030	Delivered on foundation
16	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 50dB direct-mounted 66-H	1	set	Enmeiji Substation	Jun-2028	May-2030	Delivered on foundation
17	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 50dB direct-mounted 66-H	1	set	Tanushimaru Substation	Oct-2028	Oct-2030	Delivered on foundation
18	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 50dB direct-mounted 66-H	1	set	Higashihama Substation	Jun-2026	May-2028	Delivered on truck
19	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/22/6kV 30/20/20MVA 66-H JEM separately installed	1	set	Senbonsugi Substation	Jun-2027	Apr-2029	Delivered on foundation
20	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/22/6kV 30/10/30MVA 66-H direct-mounted JEM	1	set	Kurume Substation	Apr-2027	Nov-2028	Delivered on foundation

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
21	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20/20MVA 66-H direct-mounted JEM	1	set	Maematsubara Substation	Dec-2027	Apr-2029	Delivered on foundation
22	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 66-M 55dB direct-mounted	1	set	Kitano Substation	Apr-2028	Apr-2030	Delivered on truck
23	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/22kV 30MVA 66-M 55dB JEM	1	set	Suzaki Substation	Jun-2027	May-2029	Delivered on foundation
24	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 10MVA 55dB direct-mounted 66M	1	set	Onagohata Substation	Jul-2030	Aug-2031	Delivered on foundation
25	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 30MVA 45dB direct-mounted	1	set	Matsuzaki Substation	Mar-2030	Oct-2032	Delivered on foundation
26	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 20MVA 55dB direct-mounted 66M	1	set	Yokotake Substation	Oct-2026	Nov-2027	Delivered on foundation
27	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 20MVA 55dB direct-mounted 66M	1	set	Imari Substation	Sep-2029	Oct-2030	Delivered on foundation
28	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 20MVA 55dB direct-mounted 66M	1	set	Higashi Taku Substation	Apr-2029	May-2030	Delivered on foundation
29	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 20MVA 55dB direct-mounted 66M	1	set	Morodomi Substation	May-2030	Jun-2031	Delivered on foundation
30	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 20MVA 55dB direct-mounted 66M	1	set	Yamashiro Substation	May-2031	Jun-2032	Delivered on foundation
31	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA distribution transformer noise level55dBor less direct-mounted 66-H	1	set	Yoshii Substation	Jun-2026	Apr-2028	Delivered on foundation
32	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA distribution transformer noise level55dBor less direct-mounted 66-H	1	set	Hasami Substation	Oct-2026	Oct-2028	Delivered on foundation
33	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 20MVA 50dB direct-mounted 66M	1	set	Usuki Substation	Mar-2028	Apr-2029	Delivered on foundation
34	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 6MVA 55dB direct-mounted 66M	1	set	Yuyama Substation	Mar-2029	Apr-2030	Delivered on foundation
35	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 6MVA 55dB direct-mounted 66M	1	set	Saganoseki Substation	Jul-2029	Aug-2030	Delivered on foundation
36	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 20MVA 55dB direct-mounted 66M	1	set	Noharu Substation	Dec-2029	Jan-2031	Delivered on foundation
37	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 20MVA 55dB direct-mounted 66M	1	set	Yanagigaura Substation	Feb-2030	Mar-2031	Delivered on foundation
38	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6 20MVA 55dB direct-mounted 66M	1	set	Taketa Substation	Dec-2030	Jan-2032	Delivered on foundation
39	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 10MVA 50dB direct-mounted	1	set	Misumi Substation	Nov-2026	Mar-2028	Delivered on foundation
40	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	110/6kV 20MVA 50dB direct-mounted	1	set	Nishi Yamaga Substation	Sep-2028	Apr-2030	Delivered on foundation

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
41	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	110/6kV 20MVA 50dB direct-mounted	1	set	Nishi Yamaga Substation	Sep-2029	Apr-2031	Delivered on foundation
42	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	110/6kV 20MVA 50dB direct-mounted	1	set	Nishigoshi Substation	Mar-2030	Oct-2031	Delivered on foundation
43	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 50dB direct-mounted	1	set	Hinagu Substation	Nov-2029	Jun-2032	Delivered on foundation
44	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	110/6kV 20MVA 110-M 55dB direct-mounted	1	set	Hosono Substation	May-2031	Aug-2032	Delivered on foundation
45	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 66-M 50dB direct-mounted	1	set	Sadowara Substation	May-2029	Sep-2030	Delivered on foundation
46	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 66-M 50	1	set	Sadowara Substation	Jun-2030	Sep-2031	Delivered on foundation
47	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 66-M 50	1	set	Takachiho Substation	Jun-2030	Sep-2031	Delivered on foundation
48	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 30MVA distribution transformer noise level55dBor less direct-mounted 66-H	1	set	Okubo Substation	Apr-2028	Apr-2030	Delivered on foundation
49	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 15MVA 50dB direct-mounted	1	set	Itchoda Substation	Sep-2027	Apr-2029	Delivered on foundation
50	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 15MVA 50dB direct-mounted	1	set	Itchoda Substation	Mar-2029	Oct-2030	Delivered on foundation
51	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 15MVA 55dB	1	set	Takaono Substation	Mar-2029	Feb-2030	Delivered on foundation
52	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 10MVA 55dB	1	set	Kori Substation	Mar-2029	Feb-2030	Delivered on foundation
53	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6/11kV 10MVA distribution transformer 55dB direct-mounted 66-M	1	set	Myoken Substation	Mar-2030	Feb-2031	Delivered on foundation
54	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66/6kV 20MVA 55dB full enclosure separately installed	1	set	Mukae Substation	Mar-2029	Feb-2030	Delivered on foundation
55	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	6/66kV 10MVA 55dB direct-mounted 66-H	1	set	Translation to be confirmed	Jun-2028	May-2029	Delivered on foundation
56	Transformers for substations (110 kV or lower)	Transformer (110kV or lower)	66kV/6.9kV 20MVA JEM direct-mounted 66-M	1	set	Minami Kyushu Substation	Sep-2029	Aug-2031	Delivered after installation, adjustment and testing
57	Distribution panel for substations	Power distribution panel (on-site panel)	DC on-site panel	1	set	Ebitsu Substation	Feb-2029	Apr-2030	Delivered on truck
58	Distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	set	Chikuho Substation	Aug-2027	Aug-2028	Delivered on truck
59	Distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	set	Chikuho Substation	Aug-2027	Aug-2028	Delivered on truck
60	Distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	set	Chikuho Substation	Aug-2027	Aug-2028	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
61	Distribution panel for substations	Power distribution panel (LR panel)	66kV voltage regulating panel	1	set	Tanushimaru Substation	Oct-2029	Oct-2030	Delivered on truck
62	Distribution panel for substations	Power distribution panel (LR panel)	66kV voltage regulating panel	1	set	Kitano Substation	Oct-2028	Apr-2030	Delivered on truck
63	Distribution panel for substations	Power distribution panel (LR panel)	66kV voltage regulating panel	1	set	Hamada Substation	Aug-2029	Oct-2030	Delivered on truck
64	Distribution panel for substations	Power distribution panel (LR panel)	66kV voltage regulating panel	1	set	Nishi Kyushu Substation	Jun-2027	Apr-2028	Delivered on truck
65	Distribution panel for substations	Power distribution panel (LR panel)	66kV voltage regulating panel	1	set	Akunoura Substation	Jun-2026	Feb-2027	Delivered after installation, adjustment and testing
66	Distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	set	Haiki Substation	Nov-2027	Nov-2028	Delivered on truck
67	Distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	set	Hirado Substation	Nov-2027	Nov-2028	Delivered on truck
68	Distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	set	Hiu Substation	Nov-2027	Nov-2028	Delivered on truck
69	Distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	set	Omura Substation	Nov-2027	Nov-2028	Delivered on truck
70	Distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	set	Omisaki Substation	Jun-2026	Oct-2026	Delivered on truck
71	Distribution panel for substations	Miscellaneous distribution panels	220kV interlocking panel	1	set	Kumamoto Substation	Aug-2027	Aug-2029	Delivered on truck
72	Distribution panel for substations	Miscellaneous distribution panels	66kV interlocking panel	2	set	Hyuga Substation	Mar-2029	Jul-2030	Delivered on truck
73	Distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	set	Hyuga Substation	Mar-2029	Mar-2030	Delivered on truck
74	Distribution panel for substations	Power distribution panel (on-site panel)	AC on-site panel	1	set	Hyuga Substation	Mar-2029	Mar-2030	Delivered on truck
75	Distribution panel for substations	Power distribution panel (on-site panel)	DC on-site panel	1	set	Hyuga Substation	Mar-2029	Mar-2030	Delivered on truck
76	Distribution panel for substations	Power distribution panel (LR panel)	66kV voltage regulating panel	1	set	Watarigawa Substation	Sep-2027	Sep-2028	Delivered on truck
77	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV transformer protection panel (for two-winding transformer)	1	set	Moji Substation	Jul-2028	Aug-2030	Delivered on truck
78	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV PCMphase-segregated current differential and distance relay system(for remote terminal)	4	set	Kitakyushu Substation	Jul-2028	Aug-2030	Delivered on truck
79	Protection relay facilities for substations	220 kV or higher: System protection facilities	Overload transfer cutoff device	1	set	Karita Substation	Jul-2028	Jun-2030	Delivered on truck
80	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV PCMphase-segregated current differential and distance relay system(for remote terminal)	4	set	Nishitani Substation	Jul-2028	Aug-2030	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
81	Protection relay facilities for substations	220 kV or higher: System protection facilities	500kV transformer protection panel(single-phase transformer for)	2	set	Buzen Substation	Jun-2027	Jun-2029	Delivered on truck
82	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV transformer protection panel (for two-winding transformer)	1	set	Chikuho Substation	Jun-2027	Jun-2029	Delivered on truck
83	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV PCMphase-segregated current differential and distance relay system(for remote terminal)	4	set	Nishi Fukuoka Substation	Jun-2027	Jun-2029	Delivered on truck
84	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV PCMphase-segregated current differential and distance relay system(for remote terminal)	4	set	Akasaka Substation	Jun-2027	Jun-2029	Delivered on truck
85	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV transformer protection panel (for two-winding transformer)	2	set	Akasaka Substation	Jun-2027	Jun-2029	Delivered on truck
86	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV busbar protection : two current differential schemes	2	set	Nishi Fukuoka Substation	Jun-2028	Jun-2030	Delivered on truck
87	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV bus isolation protection panel	1	set	Nishi Fukuoka Substation	Jun-2028	Jun-2030	Delivered on truck
88	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV automatic voltage transfer system	2	set	Nishi Fukuoka Substation	Jun-2028	Jun-2030	Delivered on truck
89	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV transformer protection panel (for two-winding transformer)	1	set	Koga Substation	Jun-2028	Jun-2030	Delivered on truck
90	Protection relay facilities for substations	220 kV or higher: System protection facilities	500kV automatic voltage transfer system	2	set	Chuo Substation	Sep-2026	Apr-2028	Delivered on truck
91	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV busbar protection : two current differential schemes	1	set	Ohira Switching Station	Apr-2027	Apr-2029	Delivered on truck
92	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV PCMphase-segregated current differential and distance relay system(for remote terminal)	4	set	Kashiwada Substation	Jul-2026	Jul-2028	Delivered on truck
93	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV transformer protection panel(3winding type)	2	set	Tosu Substation	Apr-2027	Apr-2029	Delivered on truck
94	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV busbar protection : two current differential schemes	1	set	Nishi Kyushu Substation	Jun-2026	Jun-2028	Delivered on truck
95	Protection relay facilities for substations	220 kV or higher: System protection facilities	500kV transformer protection panel(for two-winding transformer)	2	set	Nishi Kyushu Substation	Apr-2029	Apr-2031	Delivered on truck
96	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV transformer protection panel(3winding type)	1	set	Takeo Substation	May-2028	May-2030	Delivered on truck
97	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV PCMphase-segregated current differential and distance relay system(7terminal type)	4	set	Higashi Sasebo Substation	Dec-2027	Dec-2029	Delivered to site
98	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV PCMphase-segregated current differential and distance relay system(7terminal type)	4	set	Kita Nagasaki Substation	Dec-2027	Dec-2029	Delivered to site
99	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV PCMphase-segregated current differential and distance relay system(7terminal type)	4	set	Matsushima Substation	Dec-2027	Dec-2029	Delivered to site
100	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV transformer protection panel (for two-winding transformer)	1	set	Nagasaki Substation	Oct-2026	Oct-2028	Delivered to site

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
101	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV transformer protection panel (for two-winding transformer)	1	set	Isahaya Substation	Oct-2026	Oct-2028	Delivered to site
102	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV automatic voltage transfer system	1	set	Kaizaki Substation	Nov-2027	Mar-2029	Delivered on truck
103	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV automatic voltage transfer system	1	set	Nishi Oita Substation	Nov-2027	Mar-2029	Delivered on truck
104	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV transformer protection panel (for two-winding transformer)	1	set	Hayami Substation	Mar-2027	Mar-2029	Delivered on truck
105	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV bus isolation protection panel	3	set	Shin-Oita Substation	Sep-2028	Mar-2030	Delivered on truck
106	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV transformer protection panel (for two-winding transformer)	1	set	Hitoyoshi Substation	Mar-2028	Mar-2030	Delivered on truck
107	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV transformer protection panel (for two-winding transformer)	1	set	Kumamoto Substation	Aug-2027	Aug-2029	Delivered on truck
108	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV PCMphase-segregated current differential and distance relay system(for remote terminal)	4	set	Hitotsuse Substation	Jul-2026	Jul-2028	Delivered on truck
109	Protection relay facilities for substations	220 kV or higher: System protection facilities	220kV transformer protection panel(3winding type)	1	set	Sendai Substation	Apr-2027	May-2029	Delivered on truck
110	Protection relay facilities for substations	220 kV or higher: System protection facilities	220 kV transformer protection panel (for two-winding transformer)	1	set	Kagoshima Substation	Jun-2028	Jul-2030	Delivered on truck
111	Substation Relay Device (110kV or lower)	110 kV or lower: System protection facilities	Frequency relaysystem	1	set	Itouzu Substation	Jun-2027	Aug-2029	Delivered on truck
112	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV bus protection system(I+I)	1	set	Itouzu Substation	Jul-2027	Aug-2029	Delivered on truck
113	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relaysystem	1	set	Wakamatsu Substation	Jun-2027	Aug-2029	Delivered on truck
114	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV automatic voltage transfer system	1	set	Moji Substation	Jul-2028	Aug-2030	Delivered on truck
115	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for multi-remote ends)	1	set	Moji Substation	Jun-2027	Jun-2029	Delivered on truck
116	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Overload transfer cutoff device	1	set	Chikuho Substation	Jul-2026	Jun-2028	Delivered on truck
117	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Overload transfer cutoff device	1	set	Kojaku Substation	Jun-2026	Aug-2027	Delivered on truck
118	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Overload transfer cutoff device	2	set	Furutsuki Substation	Jun-2026	Aug-2027	Delivered on truck
119	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Haramachi Substation	Jul-2027	Aug-2029	Delivered on truck
120	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for multi-remote ends)	1	set	Kaho Substation	Jul-2028	Aug-2030	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
121	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV automatic voltage transfer system	1	set	Kaho Substation	Jul-2028	Aug-2030	Delivered on truck
122	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for multi-remote ends)	1	set	Namazuta Substation	Jul-2028	Aug-2030	Delivered on truck
123	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV automatic voltage transfer system	1	set	Kojaku Substation	Jul-2028	Aug-2030	Delivered on truck
124	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV bus protection system(I+I)	1	set	Karita Substation	Jul-2028	Aug-2030	Delivered on truck
125	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for multi-remote ends)	1	set	Futajima Substation	Jun-2027	Jun-2029	Delivered on truck
126	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for multi-remote ends)	1	set	Dokai Substation	Jun-2027	Jun-2029	Delivered on truck
127	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for multi-remote ends)	1	set	Haramachi Substation	Jun-2027	Jun-2029	Delivered on truck
128	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Karita Substation	Jun-2027	Jun-2029	Delivered on truck
129	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	110kV automatic voltage transfer system	1	set	Wakamatsu Substation	Jun-2027	Jun-2029	Delivered on truck
130	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV distance relay system	1	set	Mizuma Substation	Jun-2026	Sep-2028	Delivered on truck
131	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV automatic voltage transfer system	2	set	Suzaki Substation	Jun-2027	Jun-2029	Delivered on truck
132	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV distance relay system	1	set	Higashi Fukuoka Substation	Jun-2026	Jun-2028	Delivered on truck
133	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV automatic voltage transfer system	1	set	Nishi Fukuoka Substation	Jun-2028	Jun-2030	Delivered on truck
134	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV automatic voltage transfer system	1	set	Ohuri Substation	Jun-2028	Jun-2030	Delivered on truck
135	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV distance relay system	1	set	Yamato Substation	Jun-2028	Sep-2030	Delivered on truck
136	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Yamato Substation	Jun-2028	Sep-2030	Delivered on truck
137	Protection relay facilities for substations (110 kV or lower)	Bank feeder protection relay system	Bank feeder protection relay system	2	set	Hirokawa Substation	Jun-2028	Sep-2030	Delivered on truck
138	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Adaptive UFR central processing system	1	set	Chuo Substation	Jun-2026	Jun-2028	Delivered on truck
139	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Akasaka Substation	Jun-2026	Jun-2028	Delivered on truck
140	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Minato Substation	Jun-2027	Jun-2029	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
141	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Sumiyoshi Substation	Jun-2027	Jun-2029	Delivered on truck
142	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Tanotsu Substation	Jun-2027	Jun-2029	Delivered on truck
143	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Ijiri Substation	Jun-2028	Sep-2030	Delivered on truck
144	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Nishiharu Substation	Jun-2028	Sep-2030	Delivered on truck
145	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Higashi Fukuoka Substation	Jun-2028	Sep-2030	Delivered on truck
146	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Kameyama Substation	Jun-2028	Sep-2030	Delivered on truck
147	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Kubo Substation	Jun-2027	Sep-2029	Delivered on truck
148	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Munakata Substation	Jun-2027	Sep-2029	Delivered on truck
149	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Akama Substation	Jun-2027	Sep-2029	Delivered on truck
150	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV automatic voltage transfer system	1	set	Nishiharu Substation	Jun-2026	Jul-2028	Delivered on truck
151	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV automatic voltage transfer system	1	set	Minami Fukuoka Substation	Jun-2026	Jun-2028	Delivered on truck
152	Protection relay facilities for substations (110 kV or lower)	Bank feeder protection relay system	Bank feeder protection relay system	1	set	Shirakibaru Substation	Sep-2027	Sep-2029	Delivered on truck
153	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV bus protection system(I+I)	1	set	Imajyuku Substation	Aug-2027	Oct-2029	Delivered on truck
154	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV bus protection system(I+I)	1	set	Ueno Substation	Mar-2027	Mar-2029	Delivered on truck
155	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Shinohara Substation	Aug-2028	Mar-2030	Delivered on truck
156	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Overload transfer cutoff device	1	set	Kashiwada Substation	Jun-2026	Sep-2027	Delivered on truck
157	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Kashiwada Substation	Aug-2027	Feb-2030	Delivered on truck
158	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV line selection and distance relay system	1	set	Koda Substation	May-2027	Oct-2029	Delivered on truck
159	Protection relay facilities for substations (110 kV or lower)	Bank feeder protection relay system	Bank feeder protection relay system	2	set	Harankoga Substation	Jun-2028	Sep-2030	Delivered on truck
160	Protection relay facilities for substations (110 kV or lower)	Bank feeder protection relay system	Bank feeder protection relay system	2	set	Harankoga Substation	Jun-2028	Sep-2030	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
161	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	22kV spot network relay system	2	set	Harankoga Substation	Jun-2028	Jun-2030	Delivered on truck
162	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Karatsu Substation	Oct-2027	Oct-2029	Delivered on truck
163	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Kanzaki Substation	Dec-2027	Jul-2029	Delivered on truck
164	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Saga Substation	Oct-2027	Oct-2029	Delivered on truck
165	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Higashi Taku Substation	Oct-2027	Oct-2029	Delivered on truck
166	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	110kV line selection and distance relay system	1	set	Takeo Substation	Jan-2029	Apr-2031	Delivered on truck
167	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Kita Saga Substation	Jan-2029	Apr-2031	Delivered on truck
168	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Kawakami River No. 1 Substation	Jan-2029	Apr-2031	Delivered on truck
169	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV bus protection system(I+I)	1	set	Tosu Substation	May-2029	May-2031	Delivered on truck
170	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV line selection and distance relay system	1	set	Takeo Substation	Jan-2028	Apr-2030	Delivered on truck
171	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV line selection and distance relay system	1	set	Takeo Substation	Jan-2029	Apr-2031	Delivered on truck
172	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	110kV bus protection system(I+I)	1	set	Takeo Substation	Jun-2028	Jun-2030	Delivered on truck
173	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV bus protection system(I+I)	1	set	Takeo Substation	Nov-2027	Nov-2029	Delivered on truck
174	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Translation to be confirmed	Jul-2027	Apr-2030	Delivered to site
175	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Ainoura Substation	Jul-2027	Apr-2030	Delivered to site
176	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Tachibana Substation	Apr-2027	Nov-2028	Delivered to site
177	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Egawa Substation	Sep-2027	Apr-2029	Delivered to site
178	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Maruyama Substation	Sep-2027	Apr-2029	Delivered to site
179	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Mitachi Substation	Mar-2029	Oct-2030	Delivered to site
180	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Mitachi Substation	Oct-2028	Oct-2030	Delivered to site

Procurement Plan for Electric Power Facilities

221	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Obi Substation	Aug-2027	Feb-2030	Delivered on truck
222	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Miyakonojo Substation	Aug-2027	Feb-2030	Delivered on truck
223	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Shiwaika Substation	Aug-2027	Feb-2030	Delivered on truck
224	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV distance relay system	1	set	Tohoku Substation	Jun-2028	Nov-2029	Delivered on truck
225	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	110kV bus protection system(I+I)	1	set	Kamishiiba Substation	Feb-2028	Feb-2030	Delivered on truck
226	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Takanabe Substation	Jun-2028	Jun-2030	Delivered on truck
227	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV line selection and distance relay system	1	set	Hirose Substation	Jun-2027	Sep-2029	Delivered on truck
228	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV bus protection system(I+I)	1	set	Hyuga Substation	Sep-2028	May-2030	Delivered on truck
229	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV automatic voltage transfer system	1	set	Hyuga Substation	Mar-2029	Jul-2030	Delivered on truck
230	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for remote terminal)	1	set	Noma Substation	Jun-2028	Sep-2030	Delivered on truck
231	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for multi-remote ends)	1	set	Izumi Substation	Jun-2026	Jun-2028	Delivered on truck
232	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for multi-remote ends)	1	set	Mukae Substation	Jun-2026	Jun-2028	Delivered on truck
233	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV line selection and distance relay system	1	set	Shin Sumiyogawa Hydro Power Station	Nov-2026	Apr-2029	Delivered on truck
234	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	110kV transformer protection panel(for two-winding transformer)	1	set	Osumi Substation	Apr-2028	May-2030	Delivered on truck
235	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Kanoya Substation	Jul-2028	Aug-2030	Delivered on truck
236	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	Frequency relay system	1	set	Honjogawa Substation	Jul-2028	Aug-2030	Delivered on truck
237	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV automatic voltage transfer system	1	set	Ijyuin Substation	May-2028	Jun-2030	Delivered on truck
238	Protection relay facilities for substations (110 kV or lower)	Bank feeder protection relay system	Bank feeder protection relay system	1	set	Kori Substation	Jan-2028	May-2030	Delivered on truck
239	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for multi-remote ends)	1	set	Kirishima Substation	Jan-2029	May-2031	Delivered on truck
240	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for multi-remote ends)	1	set	Makizono Substation	Jan-2029	May-2031	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
241	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66kV Ethernet PCM currentdifferential and distance relay system(for multi-remote ends)	1	set	Ogiri Switching Station	Jan-2029	May-2031	Delivered on truck
242	Protection relay facilities for substations (110 kV or lower)	Bank feeder protection relay system	Bank feeder protection relay system	1	set	Kaseda Substation	Jan-2029	May-2031	Delivered on truck
243	Protection relay facilities for substations (110 kV or lower)	Bank feeder protection relay system	Bank feeder protection relay system	1	set	Mukaida Substation	Jan-2029	May-2031	Delivered on truck
244	Protection relay facilities for substations (110 kV or lower)	110 kV or lower: System protection facilities	66 kV auto-reclosing panel (type A)	1	set	Tenmonkan Substation	Jun-2027	Jan-2029	Delivered on truck
245	Protection panels for substations	Power distribution panel (SC protection panel)	66kV SC protection panel	1	set	Tanushimaru Substation	Jan-2030	May-2031	Delivered on truck
246	Protection panels for substations	Power distribution panel (SC protection panel)	66kV SC protection panel	1	set	Kashiwada Substation	Jun-2028	Sep-2029	Delivered on truck
247	Protection panels for substations	Power distribution panel (SR protection panel)	66kV SR protection panel	1	set	Nishi Kyushu Substation	May-2028	Dec-2031	Delivered after installation, adjustment and testing
248	Protection panels for substations	Power distribution panel for substations or for other	110kV NGR protection panel	1	set	Takanabe Substation	Aug-2026	Aug-2027	Delivered on truck
249	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 4000A 63kA	1	set	Kitakyushu Substation	Apr-2031	May-2032	Delivered after adjustment and testing
250	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 4000A 50kA	1	set	Yamae Substation	May-2027	May-2029	Delivered on truck
251	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 4000A 50kA	1	set	Yamae Substation	May-2029	May-2031	Delivered on truck
252	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 2000A 50kA	1	set	Kisaki Substation	May-2028	May-2030	Delivered on truck
253	Circuit breakers for substations (220 kV or higher)	Transformer (220kV)	220kV 250MVA	1	set	Higashi-Buzen Substation	May-2029	Mar-2032	Delivered after installation, adjustment and testing
254	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 4000A 50kA	1	set	Buzen Substation	Mar-2029	Nov-2030	Delivered on truck
255	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 4000A 63kA	1	set	Nishi Kyushu Substation	Oct-2027	Apr-2031	Delivered on truck
256	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 6000A 63kA	1	set	Nishi Kyushu Substation	Feb-2027	Apr-2031	Delivered on truck
257	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 4000A 63kA	1	set	Nishi Kyushu Substation	Feb-2027	Oct-2029	Delivered on truck
258	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 2000A 31.5kA	1	set	Tosu Substation	Feb-2029	May-2030	Delivered on truck
259	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 2000A 31.5kA	1	set	Kita Saga Substation	Dec-2030	Jun-2032	Delivered on truck
260	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 2000A 31.5kA	1	set	Higashi Sasebo Substation	Sep-2029	May-2031	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
261	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 2000A 50kA	1	set	Kumamoto Substation	May-2028	Sep-2029	Delivered on truck
262	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 2000A 50kA	1	set	Kumamoto Substation	Mar-2028	Mar-2030	Delivered on truck
263	Circuit breakers for substations (220 kV or higher)	Circuit breaker (240 kV)	240kV 2000A 50kA	1	set	Minami Kyushu Substation	Jun-2029	Oct-2031	Delivered on truck
264	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 2000A 20kA 66-H	1	set	Kaho Substation	Jan-2027	May-2028	Delivered on truck
265	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 1200A 20kA 66-M	1	set	Kawasaki Substation	Mar-2028	May-2029	Delivered on truck
266	Circuit breakers for substations (110 kV or lower)	E-GCB (72 kV)	72kV 2000A 31.5kA 66-M	1	set	Ibori Substation	Aug-2029	Oct-2030	Delivered on truck
267	Circuit breakers for substations (110 kV or lower)	E-GCB (72 kV)	72kV 2000A 31.5kA 66-M	1	set	Ibori Substation	Mar-2029	May-2030	Delivered on truck
268	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 2000A 31.5kA 66-M	1	set	Katsuki Substation	Mar-2029	May-2030	Delivered on truck
269	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 1200A 20kA 66-M	1	set	Kawasaki Substation	Aug-2029	Oct-2030	Delivered on truck
270	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 1200A 66-M	1	set	Enmeiji Substation	Jun-2028	May-2030	Delivered on truck
271	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 1200A 66-H	1	set	Yame Substation	Sep-2029	Oct-2030	Delivered on truck
272	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 66-M	1	set	Enmeiji Substation	Sep-2029	Oct-2030	Delivered on truck
273	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 20kA 1200A	1	set	Setaka Substation	Jun-2028	Apr-2029	Delivered on truck
274	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 66-M	1	set	Senbonsugi Substation	Jun-2027	Apr-2029	Delivered on truck
275	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 66-M	1	set	Yame Substation	Dec-2028	Apr-2030	Delivered on truck
276	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 66-M	1	set	Kitano Substation	Oct-2028	Apr-2030	Delivered on truck
277	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 1200A 66-M	1	set	Kisaki Substation	Dec-2026	May-2028	Delivered on truck
278	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 66-M	1	set	Kitano Substation	Jul-2028	May-2030	Delivered on truck
279	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 66-M	1	set	Ukiha Substation	Feb-2028	Apr-2029	Delivered on truck
280	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 1200A 31.5kA 66-M	1	set	Nishi Fukuoka Substation	May-2029	Jul-2030	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
281	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	1	set	Matsuzaki Substation	Mar-2031	Oct-2032	Delivered on truck
282	Circuit breakers for substations (110 kV or lower)	Circuit breaker (120 kV)	120kV 1200A 25kA 110-M	1	set	Ushizu Substation	Aug-2026	Sep-2027	Delivered on truck
283	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 25kA 66-M	1	set	Kawakami River No. 1 Substation	Sep-2027	Nov-2028	Delivered on truck
284	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 25kA 66-M	1	set	Kawakami River No. 1 Substation	Mar-2028	May-2029	Delivered on truck
285	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 25kA 66-M	1	set	Kawakami River No. 1 Substation	Jul-2028	Sep-2029	Delivered on truck
286	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 25kA 66-M	1	set	Kawakami River No. 1 Substation	Mar-2029	May-2030	Delivered on truck
287	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 25kA 66-M	1	set	Kawakami River No. 1 Substation	Aug-2029	Oct-2030	Delivered on truck
288	Circuit breakers for substations (110 kV or lower)	Circuit breaker (120 kV)	120kV 1200A 25kA 110-M	1	set	Takeo Substation	Aug-2029	Oct-2030	Delivered on truck
289	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	1	set	Morodomi Substation	Mar-2030	May-2031	Delivered on truck
290	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	1	set	Morodomi Substation	Aug-2030	Oct-2031	Delivered on truck
291	Circuit breakers for substations (110 kV or lower)	Circuit breaker (120 kV)	120kV 1200A 25kA 110M	1	set	Takeo Substation	Aug-2030	Oct-2031	Delivered on truck
292	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	1	set	Todoroki Substation	Jan-2031	Mar-2032	Delivered on truck
293	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	1	set	Todoroki Substation	Aug-2031	Oct-2032	Delivered on truck
294	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	1	set	Todoroki Substation	Mar-2031	May-2032	Delivered on truck
295	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	240kV 3000A 31.5kA	1	set	Kita Saga Substation	Dec-2030	Jun-2032	Delivered on truck
296	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 31.5kA 66-M	1	set	Kita Saga Substation	Jun-2030	Oct-2031	Delivered on truck
297	Circuit breakers for substations (110 kV or lower)	Circuit breaker (120 kV)	120kV 1200A 31.5kA	1	set	Takeo Substation	Apr-2029	Aug-2030	Delivered on truck
298	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-H	1	set	Yoshii Substation	Feb-2027	Apr-2028	Delivered on truck
299	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-H	1	set	Hasami Substation	Aug-2027	Oct-2028	Delivered on truck
300	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 77-H	1	set	Oshima Substation	Feb-2028	Apr-2029	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
301	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 77-H	1	set	Oshima Substation	Mar-2028	May-2029	Delivered on truck
302	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 2000A 25kA 66-H	1	set	Ainoura Substation	Feb-2028	Apr-2029	Delivered on truck
303	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 2000A 25kA 66-H	1	set	Ainoura Substation	Feb-2028	Apr-2029	Delivered on truck
304	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-H	1	set	Tachibana Substation	Jan-2029	Mar-2030	Delivered on truck
305	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 1200A 20kA 66-H	1	set	Tachibana Substation	Mar-2030	May-2031	Delivered on truck
306	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-H	1	set	Tachibana Substation	Aug-2030	Oct-2031	Delivered on truck
307	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-H	1	set	Omura Substation	Aug-2027	Oct-2028	Delivered on truck
308	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 3000A 31.5kA 66-H	1	set	Nagasaki Substation	Oct-2030	Jun-2032	Delivered on truck
309	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	2	set	Kono Substation	Jan-2029	Mar-2030	Delivered on truck
310	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	2	set	Kono Substation	Feb-2029	Apr-2030	Delivered on truck
311	Circuit breakers for substations (110 kV or lower)	Circuit breaker (120 kV)	120kV 1200A 25kA 110-M	1	set	Oyama Substation	Jul-2029	Sep-2030	Delivered on truck
312	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 2000A 20kA 66-M	2	set	Nakatsu Substation	Feb-2030	Apr-2031	Delivered on truck
313	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 2000A 20kA 66-M	2	set	Nakatsu Substation	Mar-2030	May-2031	Delivered on truck
314	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	2	set	Saiki Substation	Jul-2030	Sep-2031	Delivered on truck
315	Circuit breakers for substations (110 kV or lower)	Circuit breaker (120 kV)	120kV 1200A 25kA 110-M	1	set	Oyama Substation	Aug-2030	Oct-2031	Delivered on truck
316	Circuit breakers for substations (110 kV or lower)	E-GCB (72 kV)	72kV 800A 20kA	1	set	Okinosu Substation	Nov-2026	May-2028	Delivered on truck
317	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 31.5kA 66-M	1	set	Kita Kumamoto Substation	Jan-2027	Mar-2028	Delivered on truck
318	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-H	1	set	Misumi Substation	Dec-2026	Mar-2028	Delivered on truck
319	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 1200A 20kA 66-H	2	set	Kita Kumamoto Substation	Mar-2029	Oct-2030	Delivered on truck
320	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	1	set	Hirosaki Substation	Oct-2029	Apr-2031	Delivered on truck

Procurement Plan for Electric Power Facilities

326	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	1	set	Sadowara Substation	May-2029	Sep-2030	Delivered on truck
327	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-M	1	set	Sadowara Substation	Jun-2030	Sep-2031	Delivered on truck
328	Circuit breakers for substations (110 kV or lower)	E-GCB (72 kV)	72kV 800A 20kA 66-H	1	set	Tsuno Substation	Jun-2028	Oct-2029	Delivered on truck
329	Circuit breakers for substations (110 kV or lower)	Circuit breaker (120 kV)	120kV 1200A 20kA 110-M	1	set	Kamishiiba Substation	Jun-2030	Oct-2031	Delivered on truck
330	Circuit breakers for substations (110 kV or lower)	Circuit breaker (120 kV)	120kV 1200A 20kA 110-M	1	set	Translation to be confirmed	May-2031	Sep-2032	Delivered on truck
331	Circuit breakers for substations (110 kV or lower)	Circuit breaker (120 kV)	120kV 1200A 20kA 110-M	1	set	Translation to be confirmed	May-2031	Sep-2032	Delivered on truck
332	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 2000A 20kA 66-M	1	set	Oyodogawa No. 2 Substation	May-2031	Sep-2032	Delivered on truck
333	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-H	1	set	Translation to be confirmed	Nov-2026	Nov-2027	Delivered on truck
334	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA	1	set	Makurazaki Substation	Feb-2029	Feb-2030	Delivered on truck
335	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA	1	set	Makurazaki Substation	Oct-2028	Oct-2029	Delivered on truck
336	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 1200A 20kA 66-H	1	set	Translation to be confirmed	Feb-2029	Feb-2030	Delivered on truck
337	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-H	1	set	Osumi Substation	Feb-2030	Feb-2031	Delivered on truck
338	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-H	1	set	Izaku Substation	Feb-2030	Feb-2031	Delivered on truck
339	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-H	1	set	Izaku Substation	Feb-2030	Feb-2031	Delivered on truck
340	Circuit breakers for substations (110 kV or lower)	Circuit breaker (72 kV)	72kV 800A 20kA 66-H	1	set	Izaku Substation	Feb-2030	Feb-2031	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
341	Circuit breakers for substations (110 kV or lower)	Circuit breaker (120 kV)	120kV 800A 20kA 110-M	1	set	Sueyoshi Substation	Feb-2030	Feb-2031	Delivered on truck
342	Disconnectors for substations	Disconnecter (72 kV),operation box only	72kV electric operation box	3	set	Ashiya Substation	Sep-2026	May-2027	Delivered on truck
343	Disconnectors for substations	Disconnecter (72 kV)	72kV 1200A 20-31.5kA LS horizontal two-point disconnection	1	set	Enmeiji Substation	Jun-2028	May-2030	Delivered on truck
344	Disconnectors for substations	Disconnecter (72 kV)	72kV 1200A 32kA horizontal one-point disconnection SP-60H Ewith	1	set	Yame Substation	Sep-2029	Oct-2030	Delivered on truck
345	Disconnectors for substations	Disconnecter (72 kV)	72kV 1200A 32kA horizontal one-point disconnection SP-60H	1	set	Yame Substation	Sep-2029	Oct-2030	Delivered on truck
346	Disconnectors for substations	Disconnecter (72 kV)	72kV 2000A 20A horizontal one-point disconnection SP-70H	1	set	Enmeiji Substation	Sep-2029	Oct-2030	Delivered on truck
347	Disconnectors for substations	Disconnecter (72 kV)	72kV 2000A 20A horizontal one-point disconnection SP-70H(LSmain unitonly)Ewith	1	set	Enmeiji Substation	Sep-2029	Oct-2030	Delivered on truck
348	Disconnectors for substations	Disconnecter (72 kV)	72kV 800A 20kA horizontal two-point disconnection SP-70H	1	set	Senbonsugi Substation	Jun-2027	Apr-2029	Delivered on truck
349	Disconnectors for substations	Disconnecter (72 kV),operation box only	72kV electric operation box	2	set	Senbonsugi Substation	Jun-2027	Apr-2029	Delivered on truck
350	Disconnectors for substations	Disconnecter (72 kV)	72kV 1200A 20kA vertical type/single breakexcluding control box	2	set	Kisaki Substation	Dec-2026	May-2028	Delivered on truck
351	Disconnectors for substations	Disconnecter (72 kV)	72kV 800A 20kA horizontal two-point disconnection SP-70H(Ewith mechanism)	1	set	Kitano Substation	Jul-2028	May-2030	Delivered on truck
352	Disconnectors for substations	Disconnecter (72 kV)	72kV 800A 20kA horizontal one-point disconnection SP-70H	1	set	Kitano Substation	Jul-2028	May-2030	Delivered on truck
353	Disconnectors for substations	Disconnecter (72 kV)	72kV 800A 20kA horizontal one-point disconnection SP-70H	1	set	Kitano Substation	Jul-2028	May-2030	Delivered on truck
354	Disconnectors for substations	LS/DS(22kV)	24kV 600A 20kA horizontal two-point disconnection(single-phase)	1	set	Suzaki Substation	Nov-2029	Apr-2031	Delivered on truck
355	Disconnectors for substations	Disconnecter (72 kV)	72kV 1200A 31.5kA horizontal two-point disconnection	1	set	Nishi Fukuoka Substation	May-2029	Jul-2030	Delivered on truck
356	Disconnectors for substations	Disconnecter (72 kV),operation box only	72kV electric operation box	2	set	Shirakibaru Substation	Sep-2026	Sep-2027	Delivered on truck
357	Disconnectors for substations	Disconnecter (72 kV),operation box only	72kV electric operation box	3	set	Kashiwada Substation	May-2029	Jun-2030	Delivered on truck
358	Disconnectors for substations	Disconnecter (240 kV)	240kV 4000A 31.5kA pantograph type	2	set	Kisaki Substation	Sep-2027	Sep-2028	Delivered on truck
359	Disconnectors for substations	Disconnecter (240 kV)	240kV 4000A 31.5kA horizontal one-point disconnection with earthing switch	1	set	Kisaki Substation	Sep-2027	Sep-2028	Delivered on truck
360	Disconnectors for substations	Disconnecter (240 kV)	240kV 4000A 31.5kA horizontal one-point disconnection with earthing switch	1	set	Kisaki Substation	Sep-2027	Sep-2028	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
361	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 40kA pantograph type	2	set	Kisaki Substation	Oct-2030	Oct-2031	Delivered on truck
362	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 50kA pantograph type	1	set	Chuo Substation	Apr-2029	Apr-2030	Delivered on truck
363	Disconnectors for substations	Disconnecter (240 kV)	240 kV, 4000 A, 50 kA (horizontal type, single break)	1	set	Chuo Substation	Apr-2029	Apr-2030	Delivered on truck
364	Disconnectors for substations	Disconnecter (240 kV)	240kV 4000A 50kA, gas disconnector	2	set	Buzen Substation	Mar-2029	Nov-2030	Delivered on truck
365	Disconnectors for substations	Disconnecter (240 kV)	240kV 4000A 63kA, gas disconnector	2	set	Nishi Kyushu Substation	Oct-2027	Apr-2031	Delivered on truck
366	Disconnectors for substations	Disconnecter (240 kV)	240kV 6000A 63kA, gas disconnector	2	set	Nishi Kyushu Substation	Feb-2027	Oct-2031	Delivered on truck
367	Disconnectors for substations	Disconnecter (240 kV)	240kV 4000A 63kA, gas disconnector	2	set	Nishi Kyushu Substation	Feb-2027	Apr-2029	Delivered on truck
368	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 63kA, gas disconnector	2	set	Nishi Kyushu Substation	Feb-2027	Apr-2030	Delivered on truck
369	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 63kA, gas disconnector	2	set	Nishi Kyushu Substation	Feb-2027	Oct-2030	Delivered on truck
370	Disconnectors for substations	Disconnecter (240 kV)	240kV 4000A 63kA horizontal one-point disconnection with earthing switch	1	set	Nishi Kyushu Substation	Feb-2027	Apr-2029	Delivered on truck
371	Disconnectors for substations	Disconnecter (240 kV)	240kV 4000A 63kA horizontal one-point disconnection with earthing switch	1	set	Nishi Kyushu Substation	Feb-2027	Oct-2029	Delivered on truck
372	Disconnectors for substations	Disconnecter (240 kV)	240kV 4000A 63kA horizontal one-point disconnection with earthing switch	1	set	Nishi Kyushu Substation	Feb-2027	Mar-2032	Delivered on truck
373	Disconnectors for substations	Disconnecter (240 kV)	240kV 4000A 63kA horizontal one-point disconnection with earthing switch	1	set	Nishi Kyushu Substation	Feb-2027	Apr-2032	Delivered on truck
374	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 63kA horizontal one-point disconnection with earthing switch	1	set	Nishi Kyushu Substation	Feb-2027	Apr-2028	Delivered on truck
375	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 63kA horizontal one-point disconnection with earthing switch	1	set	Nishi Kyushu Substation	Feb-2027	Oct-2028	Delivered on truck
376	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 63kA horizontal one-point disconnection with earthing switch	1	set	Nishi Kyushu Substation	Feb-2027	Apr-2030	Delivered on truck
377	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 63kA horizontal one-point disconnection with earthing switch	1	set	Nishi Kyushu Substation	Feb-2027	Oct-2030	Delivered on truck
378	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 31.5kA horizontal one-point disconnection	2	set	Takeo Substation	Apr-2029	Jul-2030	Delivered on truck
379	Disconnectors for substations	Disconnecter (120 kV)	120kV 800A 20kA horizontal two-point disconnection	1	set	Takeo Substation	Apr-2029	Aug-2030	Delivered on truck
380	Disconnectors for substations	Disconnecter (72 kV)	72kV 800A 25kA horizontal two-point disconnection with E	1	set	Shimabara Substation	Nov-2027	Oct-2028	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
381	Disconnectors for substations	Disconnecter (72 kV)	72kV 800A 25kA horizontal two-point disconnection	1	set	Shimabara Substation	Nov-2027	Oct-2028	Delivered on truck
382	Disconnectors for substations	Disconnecter (72 kV)	1200A 20kA horizontal two-point disconnection SP-70H	1	set	Arie Substation	May-2028	Apr-2029	Delivered on truck
383	Disconnectors for substations	Disconnecter (72 kV)	72kV 800A 20kA horizontal two-point disconnection	1	set	Omura Substation	Nov-2027	Oct-2028	Delivered on truck
384	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 31.5kA horizontal one-point disconnection	5	set	Nagasaki Substation	May-2029	Oct-2030	Delivered on truck
385	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 63kA, gas disconnector	1	set	Higashi Oita Substation	Feb-2028	Apr-2030	Delivered on truck
386	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 40kA, gas disconnector	2	set	Nishi Oita Substation	Jun-2027	May-2029	Delivered on truck
387	Disconnectors for substations	Disconnecter (72 kV)	72kV 800A 20kA horizontal one-point disconnection SP-70H	1	set	Okinosu Substation	Apr-2027	May-2028	Delivered on truck
388	Disconnectors for substations	Disconnecter (72 kV)	72kV 800A 20kA horizontal two-point disconnection SP-70H	1	set	Okinosu Substation	Apr-2027	May-2028	Delivered on truck
389	Disconnectors for substations	Disconnecter (72 kV),operation box only	72kV electric operation box(DCclosed type)	1	set	Okinosu Substation	Apr-2027	May-2028	Delivered on truck
390	Disconnectors for substations	Disconnecter (72 kV)	72kV horizontal two-point disconnection 800A 20kA	1	set	Ichinomiya Substation	Mar-2027	Mar-2028	Delivered on truck
391	Disconnectors for substations	Disconnecter (72 kV)	72kV 3000A 31.5kA vertical one-point disconnection SP-850B	2	set	Minamikumamoto Substation	Feb-2029	Feb-2030	Delivered on truck
392	Disconnectors for substations	Disconnecter (72 kV)	72kV 3000A 31.5kA horizontal one-point disconnection SP-1150A	2	set	Minamikumamoto Substation	Feb-2029	Feb-2030	Delivered on truck
393	Disconnectors for substations	Disconnecter (120 kV)	120kV 800A 20kA horizontal two-point disconnection SP-950A+950B single-phase	1	set	Minamikumamoto Substation	Feb-2029	Feb-2030	Delivered on truck
394	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 50kA pantograph type	1	set	Kumamoto Substation	Jan-2029	Feb-2030	Delivered on truck
395	Disconnectors for substations	Disconnecter (240 kV)	240kV 2000A 50kA pantograph type	2	set	Kita Kumamoto Substation	Oct-2026	Nov-2027	Delivered on truck
396	Disconnectors for substations	Disconnecter (72 kV),operation box only	72kV electric operation box	1	set	Takao Substation	Oct-2027	Aug-2028	Delivered on truck
397	Disconnectors for substations	Disconnecter (72 kV),operation box only	72kV electric operation box	2	set	Takanabe Substation	Nov-2026	Dec-2027	Delivered on truck
398	Disconnectors for substations	Disconnecter (72 kV)	72kV 800A 20kA horizontal two-point disconnection	1	set	Sadowara Substation	May-2029	Sep-2030	Delivered on truck
399	Disconnectors for substations	Disconnecter (72 kV),operation box only	72kV electric operation box	1	set	Sadowara Substation	May-2029	Sep-2030	Delivered on truck
400	Disconnectors for substations	Disconnecter (72 kV)	72kV 800A 20kA horizontal two-point disconnection	1	set	Sadowara Substation	Jun-2030	Sep-2031	Delivered on truck

527	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV 2000A 12.5k AMIKURA Btype main circuit busbar2000A	1	set	Omisaki Substation	Jun-2026	Nov-2027	Delivered on truck
528	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV 1200A 12.5k AMIKURA Btype Fe busbar2000A	5	set	Omisaki Substation	Jun-2026	Nov-2027	Delivered on truck
529	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV AMIKURA Btype translation to be confirmed(LA, GPT)busbar2000A	1	set	Omisaki Substation	Jun-2026	Nov-2027	Delivered on truck
530	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV AMIKURA Btype station service busbar2000A station serviceTr30kVA	1	set	Omisaki Substation	Jun-2026	Nov-2027	Delivered on truck
531	Enclosed switchgear for substations	Portable power distribution box (24 kV)	1200A 15kA metal-clad switchgear dummy main circuit busbar1200A	1	set	Shimabara Substation	Oct-2026	Aug-2028	Delivered on truck
532	Enclosed switchgear for substations	Portable power distribution box (24 kV)	24kV metal-clad switchgear translation to be confirmed(LA, GPT)busbar1200A	1	set	Shimabara Substation	Oct-2026	Aug-2028	Delivered on truck
533	Enclosed switchgear for substations	Portable power distribution box (24 kV)	24kV 600A 16kA metal-clad switchgear Fe busbar1200A	1	set	Shimabara Substation	Oct-2026	Aug-2028	Delivered on truck
534	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV2000A20kAAMIKURA D(main circuit)	3	set	Tamana Substation	Apr-2027	Apr-2028	Delivered on truck
535	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV2000A20kAAMIKURA D(busbarbus-tie)	2	set	Tamana Substation	Apr-2027	Apr-2028	Delivered on truck
536	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV1200A20kAAMIKURA D(feeder)	9	set	Tamana Substation	Oct-2026	Apr-2028	Delivered on truck
537	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV 2000A 12.5kA for main circuit(AMIKURA , B)	1	set	Hosono Substation	Jun-2027	Nov-2028	Delivered on truck
538	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV 2000A 12.5kA busbarfor bus-tie(AMIKURA , B)	1	set	Hosono Substation	Jun-2027	Nov-2028	Delivered on truck
539	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV 2000A 12.5kA for feeder(AMIKURA , B)	3	set	Hosono Substation	Jun-2027	Nov-2028	Delivered on truck
540	Enclosed switchgear for substations	Portable power distribution box (24 kV)	24kV 1,200A 12.5kA outdoor typeAMIKURA (metal-clad switchgear)main circuit box	3	set	Nobeoka Substation	Feb-2028	Jul-2029	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
541	Enclosed switchgear for substations	Portable power distribution box (24 kV)	24kV 600A 12.5kA outdoor typeAMIKURA (cubicle)busbarbus-tie box	2	set	Nobeoka Substation	Feb-2028	Jul-2029	Delivered on truck
542	Enclosed switchgear for substations	Portable power distribution box (24 kV)	24kV 600A 12.5kA outdoor typeAMIKURA (cubicle)feedertranslation to be confirmed	3	set	Nobeoka Substation	Feb-2028	Jul-2029	Delivered on truck
543	Enclosed switchgear for substations	Portable power distribution box (24 kV)	24kV outdoor typeAMIKURA (cubicle)auxiliary box LA:28kV 10kA GPT:22kV	3	set	Nobeoka Substation	Feb-2028	Jul-2029	Delivered on truck
544	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV 2000A 12.5kA for main circuit(AMIKURA , B)	2	set	Tsuno Substation	Jun-2028	May-2029	Delivered on truck
545	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV 2000A 12.5kA busbarfor bus-tie(AMIKURA , B)	2	set	Tsuno Substation	Jun-2028	May-2029	Delivered on truck
546	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV 2000A 12.5kA for feeder(AMIKURA , B)	2	set	Tsuno Substation	Jun-2028	May-2029	Delivered on truck
547	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV 2000A 12.5kA for auxiliary LA, GPT(AMIKURA , B)	2	set	Tsuno Substation	Jun-2028	May-2029	Delivered on truck
548	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV 2000A 12.5kA for main circuit(AMIKURA , E)	2	set	Asahi Substation	Jun-2029	May-2030	Delivered on truck
549	Enclosed switchgear for substations	Portable power distribution box (7.2 kV)	7.2kV 2000A 12.5kA busbarfor bus-tie(AMIKURA , E)	1	set	Asahi Substation	Jun-2029	May-2030	Delivered on truck
550	Instrument transformer for substations	Instrument transformer(66kV)	66 kV Potential device with 200 VA for Bus (Insulator type: 66-M)	3	set	Yame Substation	Sep-2029	Oct-2030	Delivered on truck
551	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission line 66-M	1	set	Yame Substation	Sep-2029	Oct-2030	Delivered on truck
552	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission line 66-H	1	set	Enmeiji Substation	Sep-2029	Oct-2030	Delivered on truck
553	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission line 66-M	1	set	Yame Substation	May-2028	Dec-2029	Delivered on truck
554	Instrument transformer for substations	Instrument transformer(66kV)	66 kV Potential device with 200 VA for Bus (Insulator type: 66-M)	3	set	Kamishirozu Substation	Apr-2027	May-2028	Delivered on truck
555	Instrument transformer for substations	Instrument transformer(66kV)	66 kV Potential device with 200 VA for Bus (Insulator type: 66-M)	3	set	Kamishirozu Substation	Apr-2028	Sep-2029	Delivered on truck
556	Instrument transformer for substations	Instrument transformer(66kV)	66 kV Potential device with 200 VA for Bus (Insulator type: 66-M)	3	set	Kitano Substation	Oct-2028	Apr-2030	Delivered on truck
557	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission line 66-M	1	set	Kitano Substation	Jul-2028	May-2030	Delivered on truck
558	Instrument transformer for substations	Instrument transformer(220kV)	220kV PD 50VA for transmission lines 220-M	1	set	Kisaki Substation	Sep-2026	Sep-2028	Delivered on truck
559	Instrument transformer for substations	Instrument transformer(220kV)	220kV PD 50VA for transmission lines 220-M	1	set	Chuo Substation	Apr-2029	Apr-2031	Delivered on truck
560	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission lines 66-H	1	set	Nagasaki Substation	Jun-2026	Feb-2028	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
561	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission lines 66-H	1	set	Nagasaki Substation	Jun-2026	Nov-2027	Delivered on truck
562	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission lines 66-H	1	set	Arie Substation	Apr-2027	Apr-2029	Delivered on truck
563	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission lines 66-H	1	set	Tachibana Substation	Sep-2028	Sep-2030	Delivered on truck
564	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission lines 66-H	1	set	Tachibana Substation	Oct-2028	Oct-2030	Delivered on truck
565	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission lines 66-H	1	set	Tachibana Substation	Apr-2029	Apr-2031	Delivered on truck
566	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission lines 66-H	1	set	Tachibana Substation	May-2029	May-2031	Delivered on truck
567	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 200VA for bus 66-H	3	set	Fukushima Substation	Apr-2027	Sep-2028	Delivered on truck
568	Instrument transformer for substations	Instrument transformer(220kV)	220kV PD 200VA for bus 220-H	1	set	Nagasaki Substation	Apr-2029	Oct-2030	Delivered on truck
569	Instrument transformer for substations	Instrument transformer(66kV)	66 kV Potential device with 200 VA for Bus (Insulator type: 66-M)	3	set	Okinosu Substation	Apr-2027	May-2028	Delivered on truck
570	Instrument transformer for substations	Instrument transformer(66kV)	66kV PD 50VA for transmission lines66-H	1	set	Shin Minamata Substation	Mar-2027	Mar-2029	Delivered on truck
571	Instrument transformer for substations	Instrument transformer(66kV)	66kV BPD 200VA for transmission lines66-M	1	set	Kasugamachi Substation	Apr-2027	Apr-2029	Delivered on truck
572	Instrument transformer for substations	Instrument transformer(66kV)	66kV BPD 200VA for transmission lines66-M	1	set	Kikuchigawa No. 3 Substation	Oct-2027	Oct-2029	Delivered on truck
573	Instrument transformer for substations	Instrument transformer(66kV)	66kV BPD 200VA for transmission lines66-M	1	set	Yabe Substation	Oct-2028	Oct-2030	Delivered on truck
574	Instrument transformer for substations	Instrument transformer(220kV)	220kV/√3 110kV/√3 110kV 500VA 220-H	2	set	Kita Kumamoto Substation	Sep-2028	Sep-2030	Delivered on truck
575	Instrument transformer for substations	Instrument transformer(66kV)	66kV condenser type busbar side 200VA 66-H	3	set	Kawahigashi Substation	Jun-2027	Sep-2028	Delivered on truck
576	Lightning arresters for substations	Lightning arrestor(84kV)	84kV 10kA	1	set	Moji Substation	Jan-2028	Oct-2030	Delivered on truck
577	Lightning arresters for substations	Lightning arrestor(84kV)	84kV 10kA	1	set	Chikuho Substation	Feb-2027	Nov-2029	Delivered on truck
578	Lightning arresters for substations	Lightning arrestor(84kV)	84kV 10kA	1	set	Imajyuku Substation	May-2029	May-2030	Delivered on truck
579	Lightning arresters for substations	Lightning arrestor(84kV)	84kV 10kA	1	set	Enmeiji Substation	May-2029	May-2030	Delivered on truck
580	Lightning arresters for substations	Lightning arrestor(84kV)	84kV 10kA	1	set	Tanushimaru Substation	Oct-2029	Oct-2030	Delivered on truck

643	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV150mm ²	150	m	Sunatsu Substation	Oct-2027	Oct-2028	Delivered after installation and adjustment
644	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV150mm ²	90	m	Tobata Substation	Oct-2028	Oct-2029	Delivered after installation and adjustment
645	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV150mm ²	160	m	Karita Substation	Oct-2029	Oct-2030	Delivered after installation and adjustment
646	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV150mm ²	150	m	Buzen Substation	May-2029	May-2030	Delivered after installation and adjustment
647	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV2000mm ²	200	m	Buzen Substation	Oct-2030	Nov-2031	Delivered after installation and adjustment
648	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV800mm ²	200	m	Buzen Substation	Dec-2030	Dec-2031	Delivered after installation and adjustment
649	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV200mm ²	135	m	Daimon Substation	Feb-2028	May-2029	Delivered after installation, adjustment and testing
650	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV150mm ²	30	m	Katsuki Substation	Apr-2029	Jun-2030	Delivered after installation, adjustment and testing
651	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV2000mm ²	260	m	Wakamatsu Substation	Aug-2028	Jan-2031	Delivered after installation, adjustment and testing
652	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV2000mm ²	260	m	Wakamatsu Substation	Aug-2028	Mar-2031	Delivered after installation, adjustment and testing
653	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV2000mm ²	540	m	Wakamatsu Substation	Aug-2028	Nov-2030	Delivered after installation, adjustment and testing
654	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV2000mm ²	540	m	Wakamatsu Substation	Aug-2028	Dec-2030	Delivered after installation, adjustment and testing
655	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV2000mm ²	300	m	Wakamatsu Substation	Aug-2028	Nov-2031	Delivered after installation, adjustment and testing
656	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV2000mm ²	300	m	Wakamatsu Substation	Aug-2028	Jan-2032	Delivered after installation, adjustment and testing
657	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV2000mm ²	650	m	Wakamatsu Substation	Aug-2028	Feb-2031	Delivered after installation, adjustment and testing
658	Power cables for transmission lines and substations	66kV power cableterminating connection box	66kV CV2000mm ²	1	set	Wakamatsu Substation	Aug-2028	Oct-2031	Delivered after installation, adjustment and testing
659	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV2000mm ²	650	m	Wakamatsu Substation	Aug-2028	Mar-2032	Delivered after installation, adjustment and testing
660	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV1200mm ²	1,320	m	Wakamatsu Substation	Aug-2028	Oct-2030	Delivered after installation, adjustment and testing

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
661	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV325mm ²	220	m	Wakamatsu Substation	Aug-2028	Oct-2030	Delivered after installation, adjustment and testing
662	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV325mm ²	220	m	Wakamatsu Substation	Aug-2028	Apr-2031	Delivered after installation, adjustment and testing
663	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV325mm ²	220	m	Wakamatsu Substation	Aug-2028	Mar-2032	Delivered after installation, adjustment and testing
664	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV325mm ²	220	m	Wakamatsu Substation	Aug-2028	Mar-2032	Delivered after installation, adjustment and testing
665	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV325mm ²	220	m	Wakamatsu Substation	Aug-2028	Apr-2031	Delivered after installation, adjustment and testing
666	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV150mm ²	300	m	Wakamatsu Substation	Aug-2028	Dec-2031	Delivered after installation, adjustment and testing
667	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV1000mm ²	200	m	Kamitonno Substation	Aug-2028	Oct-2030	Delivered after installation, adjustment and testing
668	Power cables for transmission lines and substations	Power cables	CV1000mm ²	360	m	Nishi Fukuoka Substation	Jun-2028	Jun-2030	Delivered after installation, adjustment and testing
669	Power cables for transmission lines and substations	Power cables(66kV)	CV250mm ²	100	m	Kurume Substation	Jun-2027	Sep-2028	Delivered after installation, adjustment and testing
670	Power cables for transmission lines and substations	Power cables(66kV)	CV100mm ²	100	m	Kurume Substation	Jun-2027	Sep-2028	Delivered after installation, adjustment and testing
671	Power cables for transmission lines and substations	Power cables(66kV)	CV200mm ²	100	m	Maematsubara Substation	Dec-2027	Apr-2029	Delivered after installation, adjustment and testing
672	Power cables for transmission lines and substations	Power cables(66kV)	CV800mm ²	100	m	Tanushimaru Substation	Dec-2029	Apr-2031	Delivered after installation, adjustment and testing
673	Power cables for transmission lines and substations	Power cables(66kV)	CV800mm ²	100	m	Tanushimaru Substation	Jun-2030	Oct-2031	Delivered after installation, adjustment and testing
674	Power cables for transmission lines and substations	Power cables(66kV)	CV100mm ²	160	m	Kitano Substation	Jan-2029	Apr-2030	Delivered after installation, adjustment and testing
675	Power cables for transmission lines and substations	Power cables(66kV)	CV200mm ²	90	m	Suzaki Substation	Jan-2030	Apr-2031	Delivered after installation, adjustment and testing
676	Power cables for transmission lines and substations	Power cables(66kV)	CV250mm ²	150	m	Higashihama Substation	May-2027	May-2028	Delivered after installation, adjustment and testing
677	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV100mm ²	200	m	Chuo Substation	Oct-2027	Oct-2028	Delivered after installation and adjustment
678	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV100mm ²	160	m	Chuo Substation	Oct-2027	Oct-2028	Delivered after installation and adjustment
679	Power cables for transmission lines and substations	Power cables(66kV)	66kV sq3000mm ²	180	m	Minami Fukuoka Substation	Oct-2029	Oct-2030	Delivered after installation and adjustment
680	Power cables for transmission lines and substations	Power cables(66kV)	66kV CVT250mm ²	70	m	Shirakibaru Substation	Oct-2030	Oct-2031	Delivered after installation and adjustment

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
681	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV200mm ²	40	m	Nishiharu Substation	Oct-2028	Oct-2029	Delivered after installation and adjustment
682	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV200mm ²	70	m	Kashii Substation	Oct-2029	Oct-2030	Delivered after installation and adjustment
683	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV1600mm ²	300	m	Minami Fukuoka Substation	Oct-2030	Oct-2031	Delivered after installation and adjustment
684	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV325mm ²	260	m	Kurume Substation	Apr-2028	Feb-2029	Delivered after installation, adjustment and testing
685	Power cables for transmission lines and substations	Power cables(66kV)	66kV CVT100mm ²	50	m	Kurume Substation	Mar-2030	Nov-2030	Delivered after installation, adjustment and testing
686	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV325mm ²	200	m	Kurume Substation	Jan-2031	Oct-2031	Delivered after installation, adjustment and testing
687	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV325mm ²	600	m	Nishi Fukuoka Substation	Apr-2030	May-2031	Delivered after installation, adjustment and testing
688	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV1200mm ²	420	m	Sumiyoshi Substation	Apr-2030	Jan-2031	Delivered after installation, adjustment and testing
689	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV1200mm ²	1,410	m	Higashi-Buzen Substation	May-2031	Apr-2033	Delivered after installation and adjustment
690	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV100mm ²	40	m	Namazuta Substation	Apr-2028	Oct-2028	Delivered after installation, adjustment and testing
691	Power cables for transmission lines and substations	Power cables(66kV)	66kV CVT250mm ²	300	m	Imajyuku Substation	Jan-2027	Jun-2028	Delivered after installation, adjustment and testing
692	Power cables for transmission lines and substations	Power cables(66kV)	66kV CVT200mm ²	60	m	Yamae Substation	Nov-2029	Apr-2031	Delivered after installation, adjustment and testing
693	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV200mm ²	100	m	Kurume Substation	Oct-2027	Mar-2029	Delivered after installation, adjustment and testing
694	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV200mm ²	50	m	Ohuri Substation	Oct-2028	Oct-2029	Delivered after installation, adjustment and testing
695	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV100mm ²	50	m	Ohuri Substation	Oct-2029	Oct-2029	Delivered after installation, adjustment and testing
696	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV200mm ²	90	m	Nishijin Substation	Oct-2029	Oct-2030	Delivered after installation, adjustment and testing
697	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV200mm ²	90	m	Nishijin Substation	Oct-2029	Oct-2030	Delivered after installation, adjustment and testing
698	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV725mm ²	100	m	Karatsu Substation	Nov-2027	May-2028	Delivered to site
699	Power cables for transmission lines and substations	Power cables(22kV)	22kV CVT60mm ²	100	m	Hirotaki No. 1 Substation	Nov-2028	May-2029	Delivered to site
700	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV1200mm ²	120	m	Kamimine Substation	Nov-2028	Nov-2029	Delivered to site

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
761	Power cables for transmission lines and substations	Power cables(11kV)	11kV CV800mm ²	270	m	Ishikawachi No. 2 Substation	Nov-2027	Oct-2028	Delivered on truck
762	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV1600mm ²	225	m	Nobeoka Substation	Apr-2027	Apr-2028	Delivered on truck
763	Power cables for transmission lines and substations	Power cables(6kV)	6kV CVT150mm ²	50	m	Kamishiiba Substation	Nov-2028	Apr-2029	Delivered on truck
764	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV1000mm ²	1,400	m	Hyuga Substation	Jun-2029	Oct-2030	Delivered after installation and adjustment
765	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV2000mm ²	300	m	Hyuga Substation	Jun-2029	Oct-2030	Delivered after installation and adjustment
766	Power cables for transmission lines and substations	Power cables(66kV)	66kV CVT250mm ²	70	m	Hyuga Substation	Jun-2029	Oct-2030	Delivered after installation and adjustment
767	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV150mm ²	65	m	Nichinan Substation	Feb-2031	Nov-2031	Delivered after testing
768	Power cables for transmission lines and substations	Power cables(66kV)	66kV CVT100mm ²	80	m	Honjo Substation	Nov-2026	Jan-2028	Delivered after installation, adjustment and testing
769	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV725mm ²	150	m	Itchoda Substation	Dec-2027	Apr-2029	Delivered after installation, adjustment and testing
770	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV725mm ²	150	m	Itchoda Substation	Dec-2028	Apr-2030	Delivered after installation, adjustment and testing
771	Power cables for transmission lines and substations	Power cables(6kV)	6kV CVT500mm ²	100	m	Translation to be confirmed	Aug-2026	Jun-2027	Delivered to site
772	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV1600mm ²	80	m	Makurazaki Substation	Dec-2029	Feb-2030	Delivered to site
773	Power cables for transmission lines and substations	Power cables(22kV)	22kV CV200mm ²	140	m	Makurazaki Substation	Dec-2029	Feb-2030	Delivered to site
774	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV1600mm ²	80	m	Makurazaki Substation	Dec-2028	Oct-2029	Delivered to site
775	Power cables for transmission lines and substations	Power cables(22kV)	22kV CV200mm ²	140	m	Makurazaki Substation	Dec-2028	Oct-2029	Delivered to site
776	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV725mm ²	240	m	Myoken Substation	Apr-2030	Feb-2031	Delivered to site
777	Power cables for transmission lines and substations	Power cables(11kV)	11kV CV100mm ²	230	m	Myoken Substation	Apr-2030	Feb-2031	Delivered to site
778	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV725mm ²	80	m	Mukae Substation	Apr-2029	Feb-2030	Delivered to site
779	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV725mm ²	160	m	Translation to be confirmed	Jul-2028	May-2029	Delivered to site
780	Power cables for transmission lines and substations	Power cables(6kV)	6kV CVT100mm ²	20	m	Kagoshima Substation	Sep-2027	May-2028	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
781	Power cables for transmission lines and substations	Power cables(6kV)	6kV CVT100mm ²	30	m	Kagoshima Substation	Sep-2028	May-2029	Delivered on truck
782	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV22mm ²	170	m	Akirigami Hydro Power Station	Sep-2029	May-2030	Delivered on truck
783	Power cables for transmission lines and substations	Power cables(11kV)	11kV CV100mm ²	240	m	Myoken Substation	Sep-2029	May-2030	Delivered on truck
784	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV800mm ²	140	m	Shibushi Substation	Sep-2027	Oct-2028	Delivered on truck
785	Power cables for transmission lines and substations	Power cables(6kV)	6kV CV800mm ²	100	m	Shibushi Substation	Sep-2028	Oct-2029	Delivered on truck
786	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV250mm ²	100	m	Hiyoshi Substation	Feb-2032	Dec-2032	Delivered after installation, adjustment and testing
787	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV200mm ²	150	m	Taniyama Substation	Aug-2026	May-2027	Delivered after installation, adjustment and testing
788	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV200mm ²	80	m	Meizan Substation	Jan-2030	Oct-2030	Delivered after installation, adjustment and testing
789	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV200mm ²	300	m	Kamoike Substation	Aug-2028	Jun-2029	Delivered after installation, adjustment and testing
790	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV150mm ²	90	m	Nagata Substation	Jan-2028	Nov-2028	Delivered after installation, adjustment and testing
791	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV150mm ²	90	m	Nagata Substation	Jan-2029	Nov-2029	Delivered after installation, adjustment and testing
792	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV150mm ²	90	m	Tenmonkan Substation	Jan-2031	Nov-2031	Delivered after installation, adjustment and testing
793	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV600mm ²	110	m	Kanoya Substation	Dec-2027	Jan-2029	Delivered after installation, adjustment and testing
794	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV600mm ²	150	m	Translation to be confirmed	Dec-2027	Jan-2029	Delivered after installation, adjustment and testing
795	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV1000mm ²	110	m	Kanoya Substation	Oct-2029	Nov-2030	Delivered after installation, adjustment and testing
796	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV600mm ²	100	m	Translation to be confirmed	Mar-2030	Apr-2031	Delivered after installation, adjustment and testing
797	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV600mm ²	110	m	Kanoya Substation	Mar-2030	Apr-2031	Delivered after installation, adjustment and testing
798	Power cables for transmission lines and substations	Power cables(66kV)	66kV CV800mm ²	500	m	Minami-Kokubu Substation	Feb-2031	Feb-2032	Delivered after installation, adjustment and testing
799	Power cables for transmission lines and substations	Power cables(66kV)	66kV CVT200mm ²	40	m	Minami-Kokubu Substation	Feb-2031	Feb-2032	Delivered after installation, adjustment and testing
800	Power cables for transmission lines and substations	Power cables(66kV)	66kV CVT250mm ²	500	m	Kagoshima Substation	Jun-2028	Jun-2029	Delivered after installation, adjustment and testing

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
801	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	20	km	Chuo Substation	Oct-2026	Jun-2027	Delivered on truck
802	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	20	km	Chuo Substation	Oct-2028	Jun-2029	Delivered on truck
803	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	20	km	Chuo Substation	Oct-2029	Jun-2030	Delivered on truck
804	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	50	km	Kitakyushu Substation	Oct-2026	Jan-2027	Delivered on truck
805	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	50	km	Kitakyushu Substation	Oct-2026	Jan-2027	Delivered on truck
806	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	50	km	Kitakyushu Substation	Oct-2026	Jan-2027	Delivered on truck
807	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	30	km	Nishi Kyushu Substation	Oct-2026	Jan-2027	Delivered on truck
808	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	30	km	Nishi Kyushu Substation	Jul-2027	Oct-2027	Delivered on truck
809	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	50	km	Nishi Kyushu Substation	Jul-2028	Oct-2028	Delivered on truck
810	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	50	km	Nishi Kyushu Substation	Dec-2027	Feb-2028	Delivered on truck
811	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	50	km	Nishi Kyushu Substation	Apr-2029	Aug-2029	Delivered on truck
812	Control cables	Control cables	CVVS 14 sq × 6 cores, etc.	50	km	Nishi Kyushu Substation	Jan-2028	Apr-2028	Delivered on truck
813	Control cables	Control cables	CVVS 5.5 sq × 12 cores, etc., flame-retardant	1	set	Takano Switching Station	May-2027	Jul-2028	Delivered on truck
814	Remote monitoring and control system	Electric-supply station server	IP server rack × 1, I/F for power distribution	1	set	Ishiharamachi Substation	Jul-2028	Jun-2029	Delivered on truck
815	Remote monitoring and control system	Electric-supply station server	IP server rack × 1	1	set	Tsukita Switching Station	Jul-2028	Jun-2029	Delivered on truck
816	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 1, relay rack × 1	1	set	Mihagino Substation	Jul-2026	Jun-2028	Delivered after installation, adjustment and testing
817	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, relay rack × 1	1	set	Yokoshiro Substation	Jul-2027	Jun-2029	Delivered after installation, adjustment and testing
818	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 3, relay rack × 2	1	set	Kokura Substation	Jul-2026	Apr-2028	Delivered after installation, adjustment and testing
819	Remote monitoring and control system	Electric-supply station server	IP server rack × 1, I/F for power distribution	1	set	Wakahisa Substation	Jul-2028	Jun-2029	Delivered on truck
820	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 4	1	set	Momochi Substation	Jun-2028	Jun-2030	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
821	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 10, integrated self-recovery function	1	set	Miike Substation	Sep-2028	Sep-2030	Delivered on truck
822	Remote monitoring and control system	Electric-supply station server	IP server rack × 1, relay equipment, I/F for power distribution, integrated self-recovery function	1	set	Tadami Substation	Jun-2027	Jun-2028	Delivered on truck
823	Remote monitoring and control system	Electric-supply station server	IP server rack × 1, relay equipment, I/F for power distribution, integrated self-recovery function	1	set	Nanakuma Substation	Jun-2028	Jun-2029	Delivered on truck
824	Remote monitoring and control system	Electric-supply station server	IP server rack × 1, relay equipment, I/F for power distribution, integrated self-recovery function	1	set	Senbonsugi Substation	Jun-2028	Jun-2029	Delivered on truck
825	Remote monitoring and control system	Electric-supply station server	IP server rack × 1, relay equipment, I/F for power distribution	1	set	Ukiha Substation	Jun-2028	Jun-2029	Delivered on truck
826	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, integrated self-recovery function	1	set	Hirata dai Substation	Jun-2028	Jun-2030	Delivered on truck
827	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, integrated self-recovery function	1	set	Miwa Substation	Jun-2028	Jun-2030	Delivered on truck
828	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 3, two lines of integrated self-discovery function	1	set	Kimuro Substation	Jul-2026	Apr-2028	Delivered after installation, adjustment and testing
829	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, relay rack × 1, two lines of integrated self-discovery function	1	set	Toritani Substation	Jul-2026	Jun-2028	Delivered after installation, adjustment and testing
830	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, two lines of integrated self-discovery function	1	set	Yanagawa Substation	Jun-2027	Mar-2029	Delivered after installation, adjustment and testing
831	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, two lines of integrated self-discovery function	1	set	Koda Substation	Jun-2027	Jun-2029	Delivered after installation, adjustment and testing
832	Remote monitoring and control system	Electric-supply station server	I/O rack(Asystem × 2,Bsystem × 2)	4	set	Nishi Kyushu Substation	Aug-2026	Apr-2028	Delivered on truck
833	Remote monitoring and control system	Electric-supply station server	I/O rack(Asystem × 2,Bsystem × 2)	4	set	Nishi Kyushu Substation	Apr-2029	Jan-2031	Delivered on truck
834	Remote monitoring and control system	Electric-supply station server	IP server rack × 1, I/O rack × 3(unit replacement), I/F for power distribution, integrated integrated self-recovery function	1	set	Kamimine Substation	Oct-2027	Oct-2028	Delivered on truck
835	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 9, integrated integrated self-recovery function	1	set	Karatsu Substation	Apr-2029	Apr-2030	Delivered on truck
836	Remote monitoring and control system	Electric-supply station server	IP server rack unit replacement, I/F for power distribution	1	set	Matsubara Substation	Oct-2026	Oct-2027	Delivered on truck
837	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, integrated integrated self-recovery function	1	set	Kawakami River No. 1 Substation	Oct-2028	Oct-2029	Delivered on truck
838	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 1, integrated integrated self-recovery function	1	set	Ozeki Substation	Apr-2029	Apr-2030	Delivered on truck
839	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 3, integrated integrated self-recovery function	1	set	Nabeshima Substation	Apr-2029	Apr-2032	Delivered after installation, adjustment and testing
840	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 9, integrated integrated self-recovery function	1	set	Tosu Substation	Apr-2027	Apr-2028	Delivered after installation, adjustment and testing

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
841	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, two lines of integrated self-discovery function, with LS interlocking circuit	1	set	Ushizu Substation	Apr-2027	Apr-2029	Delivered after installation, adjustment and testing
842	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, two lines of integrated self-discovery function, with LS interlocking circuit	1	set	Arita Substation	Apr-2028	Apr-2030	Delivered after installation, adjustment and testing
843	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2panels, 4 lines of integrated self-discovery function	1	set	Fujidana Substation	Aug-2026	Aug-2028	Delivered after installation, adjustment and testing
844	Remote monitoring and control system	Electric-supply station server	CDT, server rack × 1	1	set	Narao Substation	Jun-2026	Jun-2027	Delivered to site
845	Remote monitoring and control system	Electric-supply station server	CDT, server rack × 1	1	set	Nihongusu Substation	Jun-2026	Jun-2027	Delivered to site
846	Remote monitoring and control system	Electric-supply station server	CDT, server rack × 1	1	set	Ojika Substation	Jun-2026	Jun-2027	Delivered to site
847	Remote monitoring and control system	Electric-supply station server	IP, server rack × 1	1	set	Nagasaki Substation	Apr-2027	Jun-2028	Delivered to site
848	Remote monitoring and control system	Electric-supply station server	IP, server rack × 1	1	set	Matsushima Substation	Apr-2028	Jun-2029	Delivered to site
849	Remote monitoring and control system	Electric-supply station server	CDT, New electric-supply station server, SC server rack × 1, IED server rack × 1	1	set	Marusebana Connecting Station	Apr-2029	Aug-2030	Delivered to site
850	Remote monitoring and control system	Electric-supply station server	CDT, SC server rack × 1, IED server rack × 2, two lines of integrated self-discovery function	1	set	Fukue Substation	Apr-2027	Apr-2029	Delivered after installation, adjustment and testing
851	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, two lines of integrated self-discovery function	1	set	Haiki Substation	Apr-2029	Jun-2031	Delivered after installation, adjustment and testing
852	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 3, integrated integrated self-recovery function(3translation to be confirmed)	1	set	Shimabara Substation	Aug-2026	Oct-2028	Delivered after installation, adjustment and testing
853	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2	1	set	Emukae Substation	Jul-2027	Jul-2029	Delivered after installation, adjustment and testing
854	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 5, integrated integrated self-recovery function	1	set	Shin-Oita Substation	Mar-2028	Mar-2029	Delivered on truck
855	Remote monitoring and control system	Electric-supply station server	IP server rack × 1, I/F for power distribution	1	set	Soda Substation	Mar-2027	Mar-2028	Delivered on truck
856	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, two lines of integrated self-discovery function	1	set	Inukai Substation	Mar-2027	Mar-2029	Delivered after installation, adjustment and testing
857	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 3, 4 lines of integrated self-discovery function	1	set	Translation to be confirmed	Mar-2028	Mar-2030	Delivered after installation, adjustment and testing
858	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 3, 4 lines of integrated self-discovery function	1	set	Noharu Substation	Mar-2028	Mar-2030	Delivered after installation, adjustment and testing
859	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 3, 4 lines of integrated self-discovery function	1	set	Yoake Substation	Oct-2026	Mar-2028	Delivered after installation, adjustment and testing
860	Remote monitoring and control system	Electric-supply station server	66kV electric-supply station server I/O rack × 1	1	set	Kumamoto Substation	Aug-2027	Aug-2029	Delivered on truck

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
861	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack× 2panels, two lines of integrated self-discovery function	1	set	Hita Substation	Jun-2026	Apr-2028	Delivered after installation, adjustment and testing
862	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 1	1	set	Chikami Substation	Jun-2026	Apr-2028	Delivered after installation, adjustment and testing
863	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 5, with LS interlocking circuit	1	set	Hirosaki Substation	Apr-2027	Apr-2029	Delivered after installation, adjustment and testing
864	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 4, with LS interlocking circuit	1	set	Misumi Substation	May-2028	Apr-2030	Delivered after installation, adjustment and testing
865	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, 4 lines of integrated self-discovery function, with LS interlocking circuit	1	set	Ikeda Substation	May-2028	Apr-2030	Delivered after installation, adjustment and testing
866	Remote monitoring and control system	Electric-supply station server	I/O rack × 1	1	set	Tsuno Substation	Jul-2027	May-2028	Delivered on truck
867	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 3	1	set	Oyodogawa No. 2 Substation	Jul-2028	Feb-2030	Delivered on truck
868	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 1	1	set	Shin-Sugawara Substation	Jul-2028	Feb-2030	Delivered on truck
869	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 2, two lines of integrated self-discovery function	1	set	Honjo Substation	Apr-2028	Feb-2030	Delivered after installation, adjustment and testing
870	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 4, 4 lines of integrated self-discovery function	1	set	Shimizu Substation	Apr-2027	Feb-2029	Delivered after installation, adjustment and testing
871	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 8, integrated integrated self-recovery function	1	set	Kagoshima Substation	Jun-2028	Apr-2030	Delivered after installation, adjustment and testing
872	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1 IED server rack × 3 integrated integrated self-recovery function	1	set	Yokokawa Substation	Apr-2028	Jun-2029	Delivered after adjustment and testing
873	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1 IED server rack × 2 integrated integrated self-recovery function	1	set	Ogiri Switching Station	Apr-2029	Apr-2030	Delivered after adjustment and testing
874	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1 IED server rack × 2 integrated integrated self-recovery function	1	set	Komenotsu Substation	Apr-2029	May-2030	Delivered after adjustment and testing
875	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 1	1	set	Mizobe Substation	Mar-2027	Mar-2029	Delivered after installation, adjustment and testing
876	Remote monitoring and control system	Electric-supply station server	New electric-supply station server, SC server rack × 1, IED server rack × 3, 4 lines of integrated self-discovery function, LS interlock	1	set	Chosa Substation	Feb-2027	Apr-2029	Delivered after installation, adjustment and testing
877	Monitoring and alarming devices	Intrusion warning device and ITV	Camera × 7, intrusion monitor post × 17	1	set	Kita Saga Substation	Jun-2026	Feb-2027	Delivered after installation and adjustment
878	Monitoring and alarming devices	ITV	Monitoring server, recording server, monitoring terminal, camera × 7	1	set	Osumi Substation	Apr-2027	Apr-2028	Delivered after adjustment and testing
879	Monitoring and alarming devices	Intrusion warning device	Infrared sensor, monitoring panel	1	set	Sendai Substation	Nov-2027	Nov-2028	Delivered on truck
880	Monitoring and alarming devices	ITV	Monitoring server, recording server, monitoring terminal, camera × 9	1	set	Minami Kyushu Substation	Apr-2028	May-2029	Delivered after adjustment and testing

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
881	Supporting structure	Supporting structure	66kV pipe 4t	4	set	Hiagari System Switching Station	Apr-2027	Feb-2028	Delivered on truck
882	Supporting structure	Supporting structure	66kV general angle 3t	4	set	Hiagari System Switching Station	Apr-2027	Feb-2028	Delivered on truck
883	Supporting structure	Supporting structure	22kV general angle 1t	2	set	Katsuki Substation	Apr-2027	Jan-2028	Delivered on truck
884	Supporting structure	Supporting structure	22kV general angle 1t	2	set	Katsuki Substation	Apr-2027	Jan-2028	Delivered on truck
885	Supporting structure	Supporting structure	22kV general angle 1t	2	set	Katsuki Substation	Apr-2027	Jan-2028	Delivered on truck
886	Supporting structure	Supporting structure	66kV general angle 1t	1	set	Moji Substation	Apr-2029	Oct-2030	Delivered on truck
887	Supporting structure	Supporting structure	66kV general angle 1t	1	set	Katsuki Substation	Apr-2029	May-2030	Delivered on truck
888	Supporting structure	Supporting structure	66kV general angle 1t	9	set	Imajyuku Substation	Sep-2028	Apr-2029	Delivered on truck
889	Supporting structure	Supporting structure	66kV general angle 1t	2	set	Enmeiji Substation	Nov-2029	May-2030	Delivered on truck
890	Supporting structure	Supporting structure	66kV general angle 1t	1	set	Tanushimaru Substation	Apr-2030	Oct-2030	Delivered on truck
891	Supporting structure	Supporting structure	66kV general angle 1t	3	set	Enmeiji Substation	Apr-2030	Oct-2030	Delivered on truck
892	Supporting structure	Supporting structure	66kV general angle 1t	2	set	Setaka Substation	Sep-2028	Apr-2029	Delivered on truck
893	Supporting structure	Supporting structure	66kV general angle 1t	1	set	Higashihama Substation	Nov-2027	May-2028	Delivered on truck
894	Supporting structure	Supporting structure	66kV general angle 1t	1	set	Senbonsugi Substation	Sep-2028	Apr-2029	Delivered on truck
895	Supporting structure	Supporting structure	66kV general angle 1t	1	set	Kurume Substation	Apr-2028	Nov-2028	Delivered on truck
896	Supporting structure	Supporting structure	66kV general angle 1t	2	set	Kitano Substation	Nov-2029	Apr-2030	Delivered on truck
897	Supporting structure	Supporting structure	66kV general angle 1t	2	set	Kisaki Substation	Nov-2027	May-2028	Delivered on truck
898	Supporting structure	Supporting structure	66kV general angle 1t	3	set	Kitano Substation	Nov-2029	May-2030	Delivered on truck
899	Supporting structure	Supporting structure	66kV general angle 1t	1	set	Nishi Fukuoka Substation	Feb-2030	Aug-2030	Delivered on truck
900	Supporting structure	Supporting structure	66kV general angle 1t	1	set	Tanushimaru Substation	Oct-2030	Apr-2031	Delivered on truck

953	Supporting structure	Supporting structure	110kV pipe 1t standard angle 1t	2	set	Sueyoshi Substation	Jun-2028	Nov-2028	Delivered to site
954	Supporting structure	Supporting structure	110kV standard angle 1t	1	set	Harara Substation	Dec-2026	May-2027	Delivered to site
955	Supporting structure	Supporting structure	110kV standard angle 1t	2	set	Harara Substation	May-2027	Oct-2027	Delivered to site
956	Supporting structure	Supporting structure	220kV general angle 3t	3	set	Kagoshima Substation	Nov-2028	Nov-2029	Delivered on truck
957	DC power supply equipment (storage battery/rectifier)	Rectifier	Thyristor type, 200A, cubicle	1	set	Nishitani Substation	Jul-2027	Jul-2028	Delivered after installation, adjustment and testing
958	DC power supply equipment (storage battery/rectifier)	Rectifier	Thyristor type, 20A, cubicle	1	set	Kitakyushu Substation	Aug-2027	Aug-2028	Delivered after installation, adjustment and testing
959	DC power supply equipment (storage battery/rectifier)	Rectifier	Thyristor type, 50A	1	set	Harada Substation	Jan-2027	Aug-2027	Delivered after installation, adjustment and testing
960	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(rectifier/storage battery)	Thyristor type, 50A, CSE, 210Ah, 52cells	1	set	Funakoshi Substation	May-2027	Dec-2027	Delivered after installation, adjustment and testing

Procurement Plan for Electric Power Facilities

(Category: Equipment and Materials for Substations)

(All information is subject to change without notice. Please note that our procurement transaction may already be in progress at the time of this announcement.)

No.	Description and Specifications			Quantity	Unit	Delivery Location	Expected RFQ Month	Delivery Month	Delivery Terms
961	DC power supply equipment (storage battery/rectifier)	other equipment(storage battery)	CS-E, 400AH, 52pieces, cubicle	1	set	Karatsu Substation	Aug-2026	Feb-2027	Delivered after installation, adjustment and testing
962	DC power supply equipment (storage battery/rectifier)	Rectifier	Thyristor type, 150A	1	set	Karatsu Substation	Jul-2026	Feb-2027	Delivered after installation, adjustment and testing
963	DC power supply equipment (storage battery/rectifier)	other equipment(storage battery)	CS-E, 1400AH, 52pieces, Supporting structure	1	set	Nishi Kyushu Substation	Aug-2026	Feb-2027	Delivered after installation, adjustment and testing
964	DC power supply equipment (storage battery/rectifier)	Rectifier	Thyristor type 500A	1	set	Nishi Kyushu Substation	Jul-2026	Apr-2027	Delivered after installation, adjustment and testing
965	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(rectifier/storage battery)	Thyristor, 150A × 2, CSE, 400Ah, 52cells	1	set	Kita Nagasaki Substation	Jun-2026	Jan-2027	Delivered after installation, adjustment and testing
966	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(rectifier/storage battery)	Thyristor, 150A, CSE, 500Ah, 52cells	1	set	Kikaze Switching Station	Jun-2026	Jan-2027	Delivered after installation, adjustment and testing
967	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(storage battery)	CSE, 250Ah, 52cells	1	set	Miyanoshita Substation	Jun-2026	Jan-2027	Delivered after installation, adjustment and testing
968	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(rectifier/storage battery)	Thyristor, 75A, CSE, 250Ah, 52cells	1	set	Hanaoka Substation	May-2027	Dec-2027	Delivered after installation, adjustment and testing
969	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(rectifier/storage battery)	Thyristor, 75A, CSE, 250Ah, 52cells	1	set	Shinchi Substation	May-2027	Dec-2027	Delivered after installation, adjustment and testing
970	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(rectifier/storage battery)	Thyristor, 75A, CSE, 250Ah, 52cells	1	set	Mitachi Substation	May-2027	Dec-2027	Delivered after installation, adjustment and testing
971	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(rectifier/storage battery)	Thyristor, 50 A, CSE, 250Ah, 52cells	1	set	Oshima Substation	May-2028	Dec-2028	Delivered after installation, adjustment and testing
972	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(storage battery)	CSE, 500Ah, 52cells	1	set	Okuura Switching Station	May-2028	Dec-2028	Delivered after installation, adjustment and testing
973	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(storage battery)	CSE, 210Ah, 52cells	1	set	Urakuwa Substation	May-2028	Dec-2028	Delivered after installation, adjustment and testing
974	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(rectifier/storage battery)	Thyristor, 75A, CSE, 290Ah, 52cells	1	set	Yagami Substation	May-2028	Dec-2028	Delivered after installation, adjustment and testing
975	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(storage battery)	CSE, 250Ah, 52cells	1	set	Yoshii Substation	May-2028	Dec-2028	Delivered after installation, adjustment and testing
976	DC power supply equipment (storage battery/rectifier)	DC power supply equipment(storage battery)	CSE, 210Ah, 52cells	1	set	Egawa Substation	May-2028	Dec-2028	Delivered after installation, adjustment and testing
977	DC power supply equipment (storage battery/rectifier)	Rectifier	Thyristor, 112V, 75A	1	set	Hiji Substation	Apr-2027	Dec-2027	Delivered after installation, adjustment and testing
978	DC power supply equipment (storage battery/rectifier)	Storage battery	Lead, 104V, 290AH, cubicle	1	set	Hiji Substation	Apr-2027	Dec-2027	Delivered after installation, adjustment and testing
979	DC power supply equipment (storage battery/rectifier)	Rectifier	Rectifier : 100A(control transformer for SV, control transformer for NTC)	2	set	Oe Substation	Apr-2027	Jun-2028	Delivered after installation, adjustment and testing
980	DC power supply equipment (storage battery/rectifier)	Rectifier	Thyristor type, 150A	2	set	Takano Switching Station	May-2027	Jul-2028	Delivered after installation, adjustment and testing
